FIG. 1 is a first perspective view of a sample cell for x-ray analyzer comprising the new design;
FIG. 2 is second perspective view thereof;
FIG. 3 is a front side elevational view thereof, the rear side elevational view being a mirror image thereof;
FIG. 4 is a right side elevational view thereof, the left side elevational view being a mirror image thereof;
FIG. 5 is a top view thereof; and,
FIG. 6 is a bottom view thereof.

The broken lines in the drawing views are included for the purpose of illustrating portions of the sample cell for x-ray analyzer that form no part of the claimed design.
