(57) **CLAIM**

The ornamental design for a musical instrument stand, as shown and described.

DESCRIPTION

FIG. 1 is a front, elevational view of my new musical instrument stand

FIG. 2 is a left side view of the musical instrument stand. The right side view is a mirror image of the left side.

FIG. 3 is an enlarged top view of the musical instrument stand

FIG. 4 is a rear view of the musical instrument stand

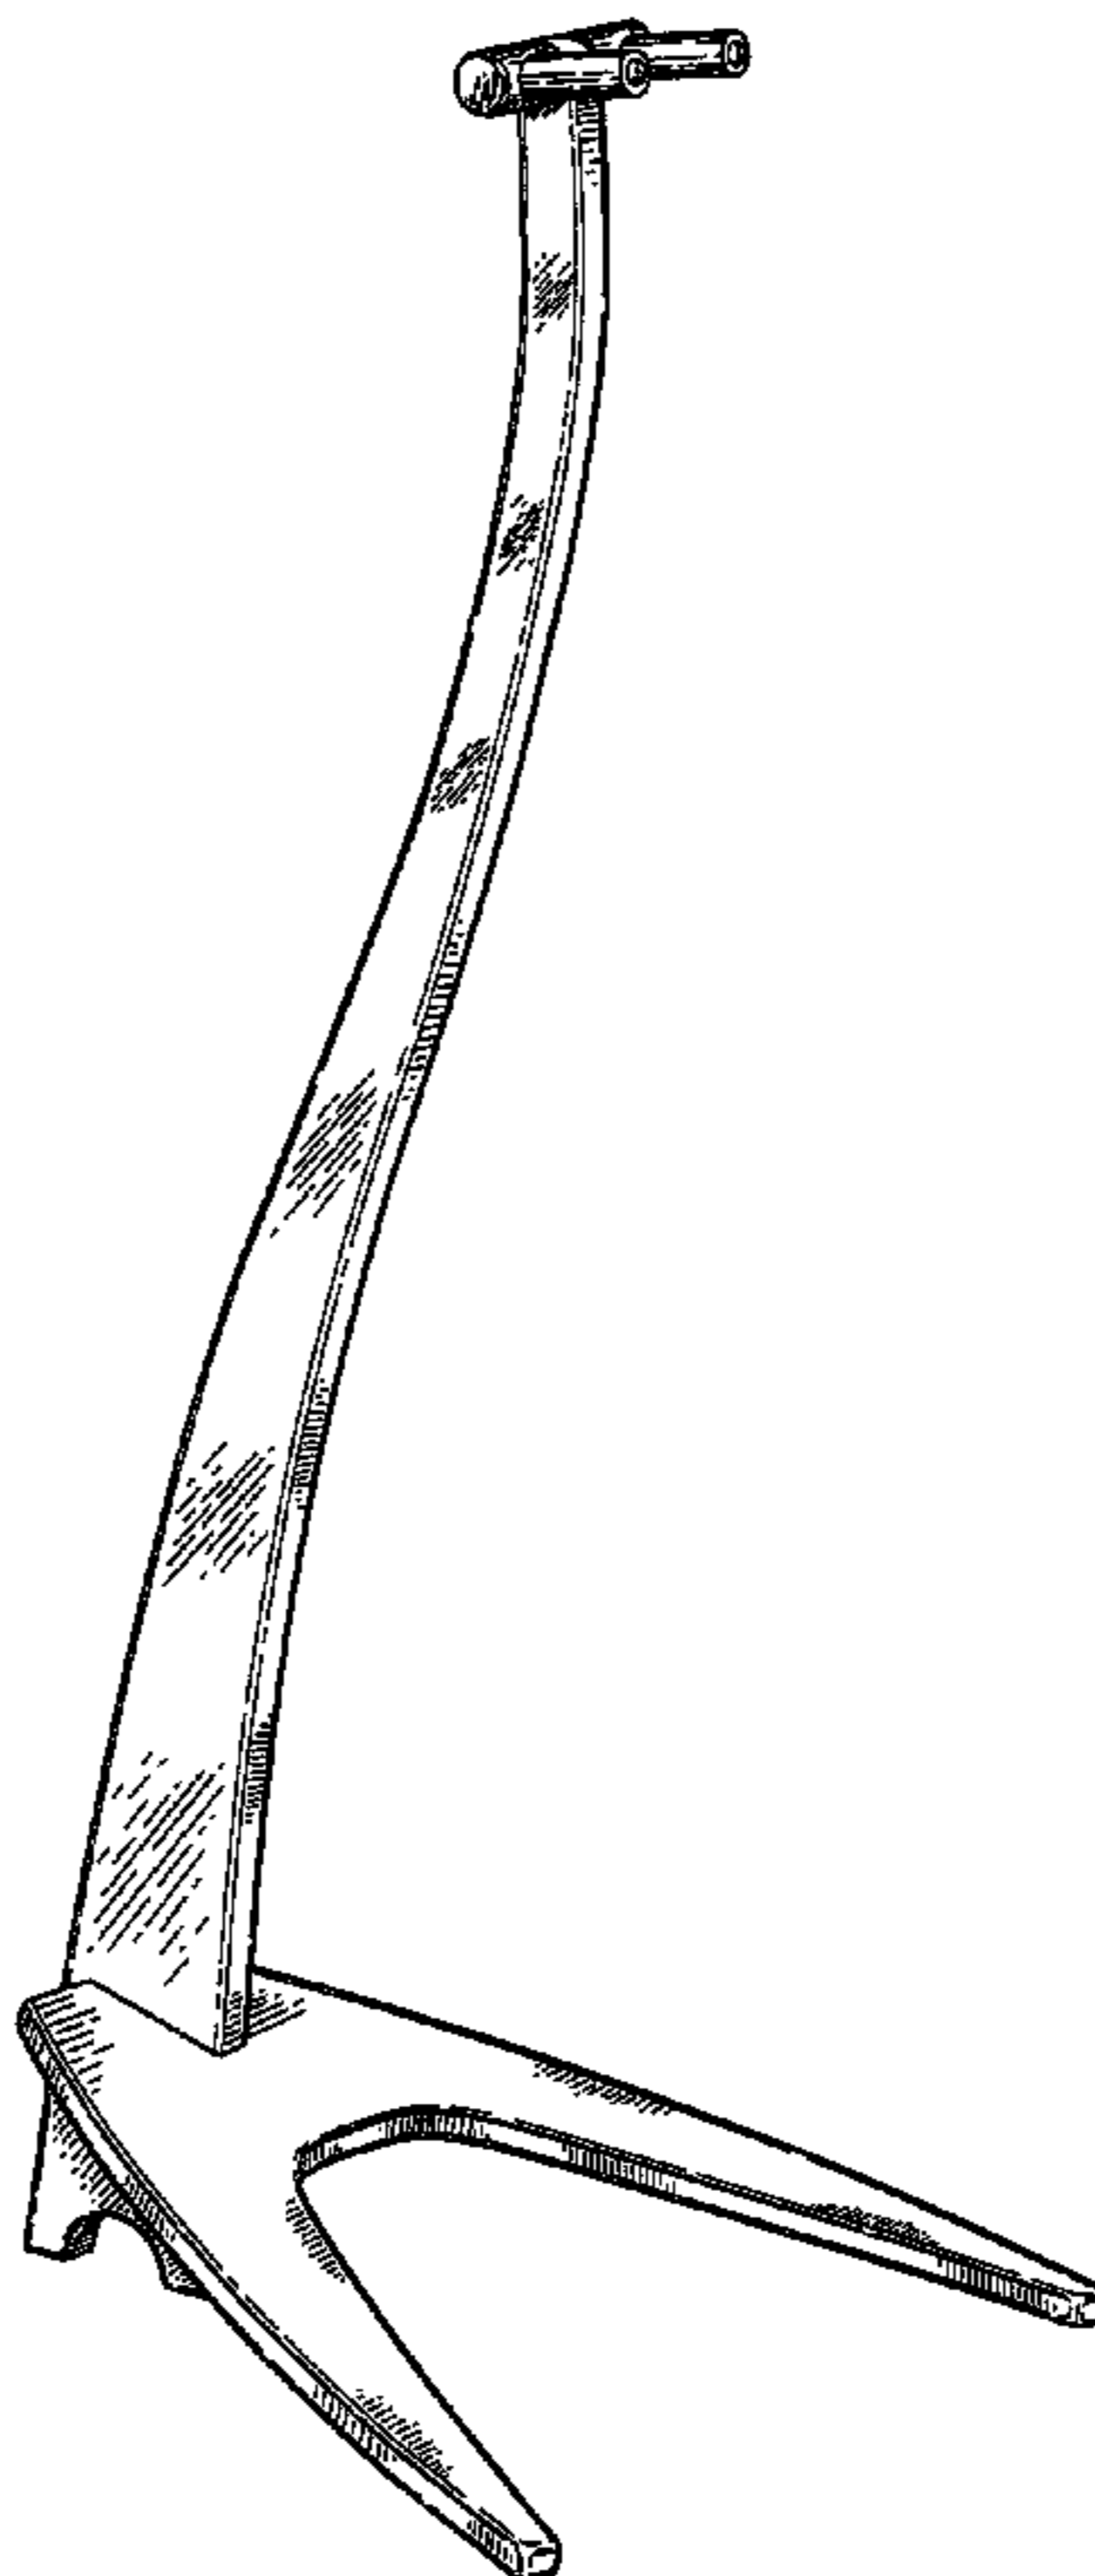

FIG. 5 is an enlarged bottom view of the musical instrument stand

FIG. 6 is a front perspective view of the musical instrument stand; and,

FIG. 7 is a rear perspective view of the musical instrument stand.

My musical instrument stand is characterized by a curved vertical support with cylindrical components at the top. The vertical curved support is attached to the flat angled base.
