(57) **CLAIM**

The ornamental design for a deformable tube winding device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of one embodiment of a deformable tube winding device of the present invention;

FIG. 2 is a top plan view thereof, the bottom plan view being identical;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a right side elevation thereof; and,

FIG. 5 is a rear elevational view thereof.

The broken-lines disclose a part of the article in which the claimed design is embodied, but which forms no part of the claimed design.
