CLAIM

The ornamental design for an enclosure edge assembly, as shown and described.

DESCRIPTION

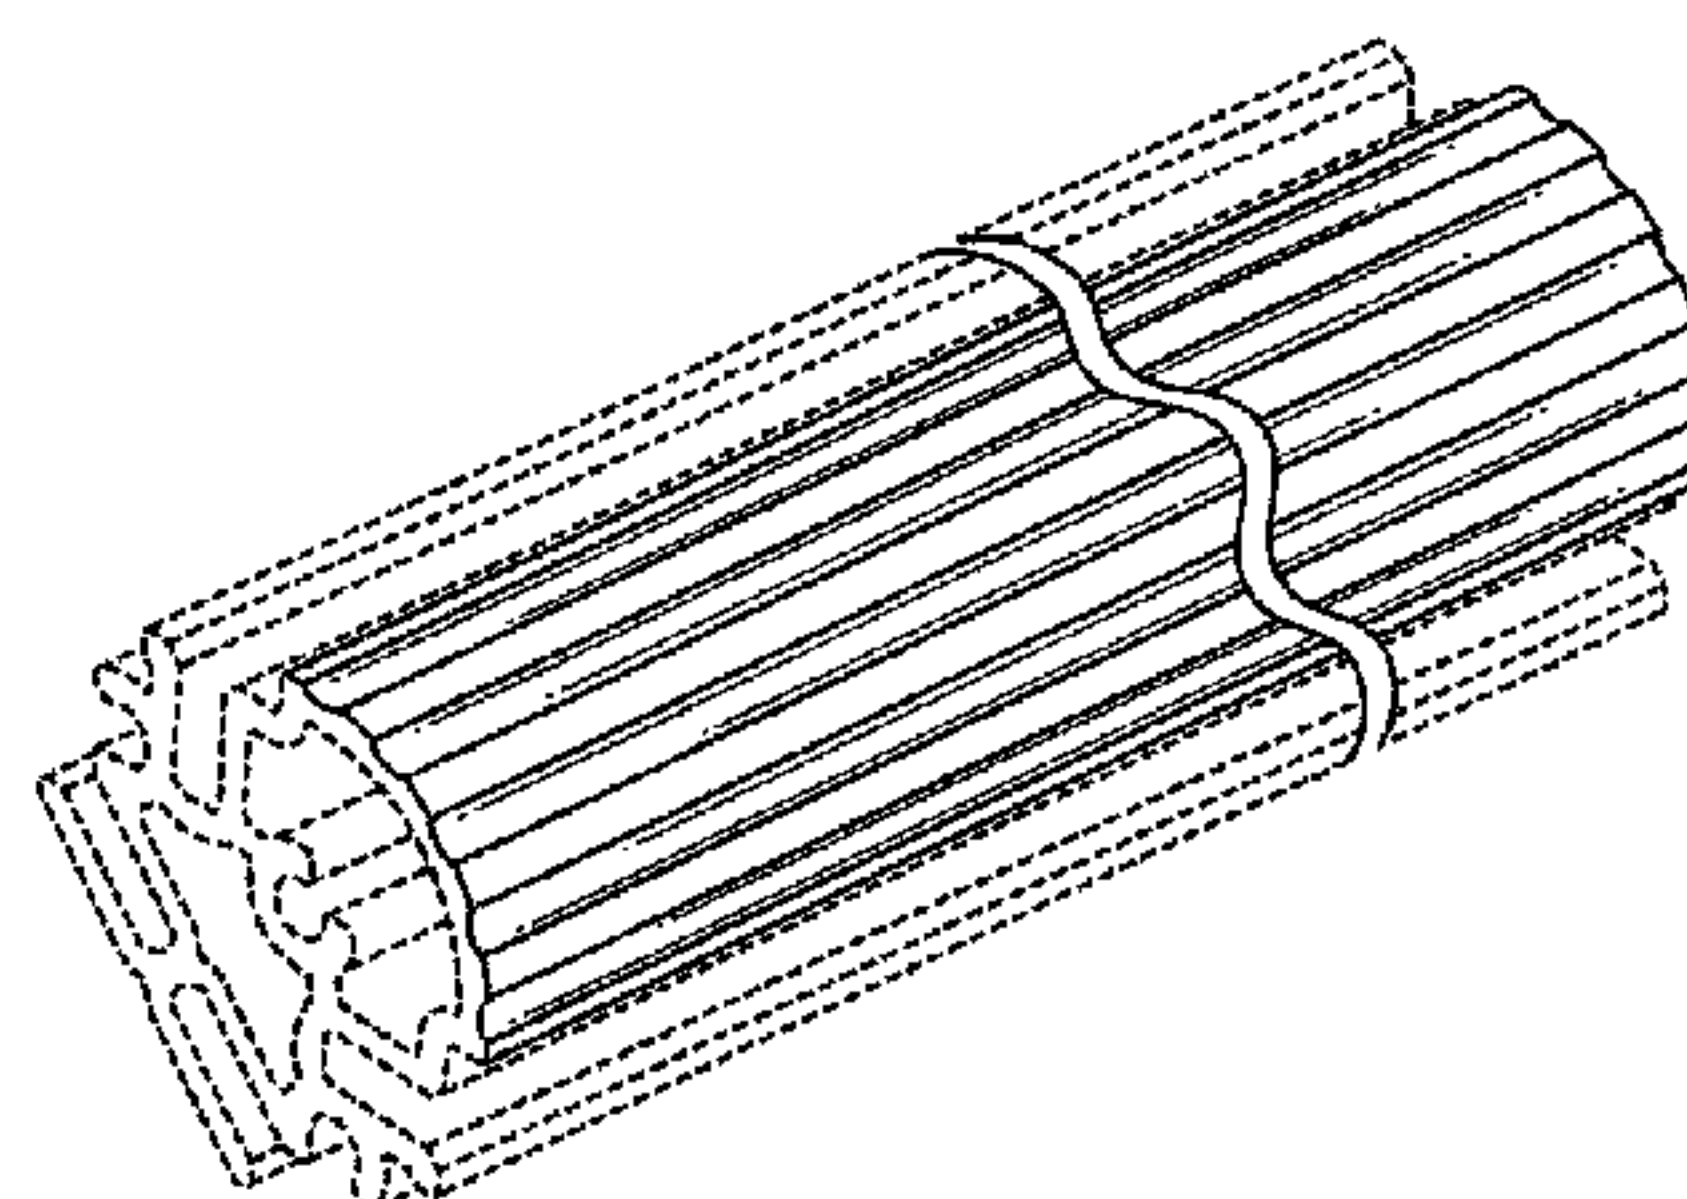

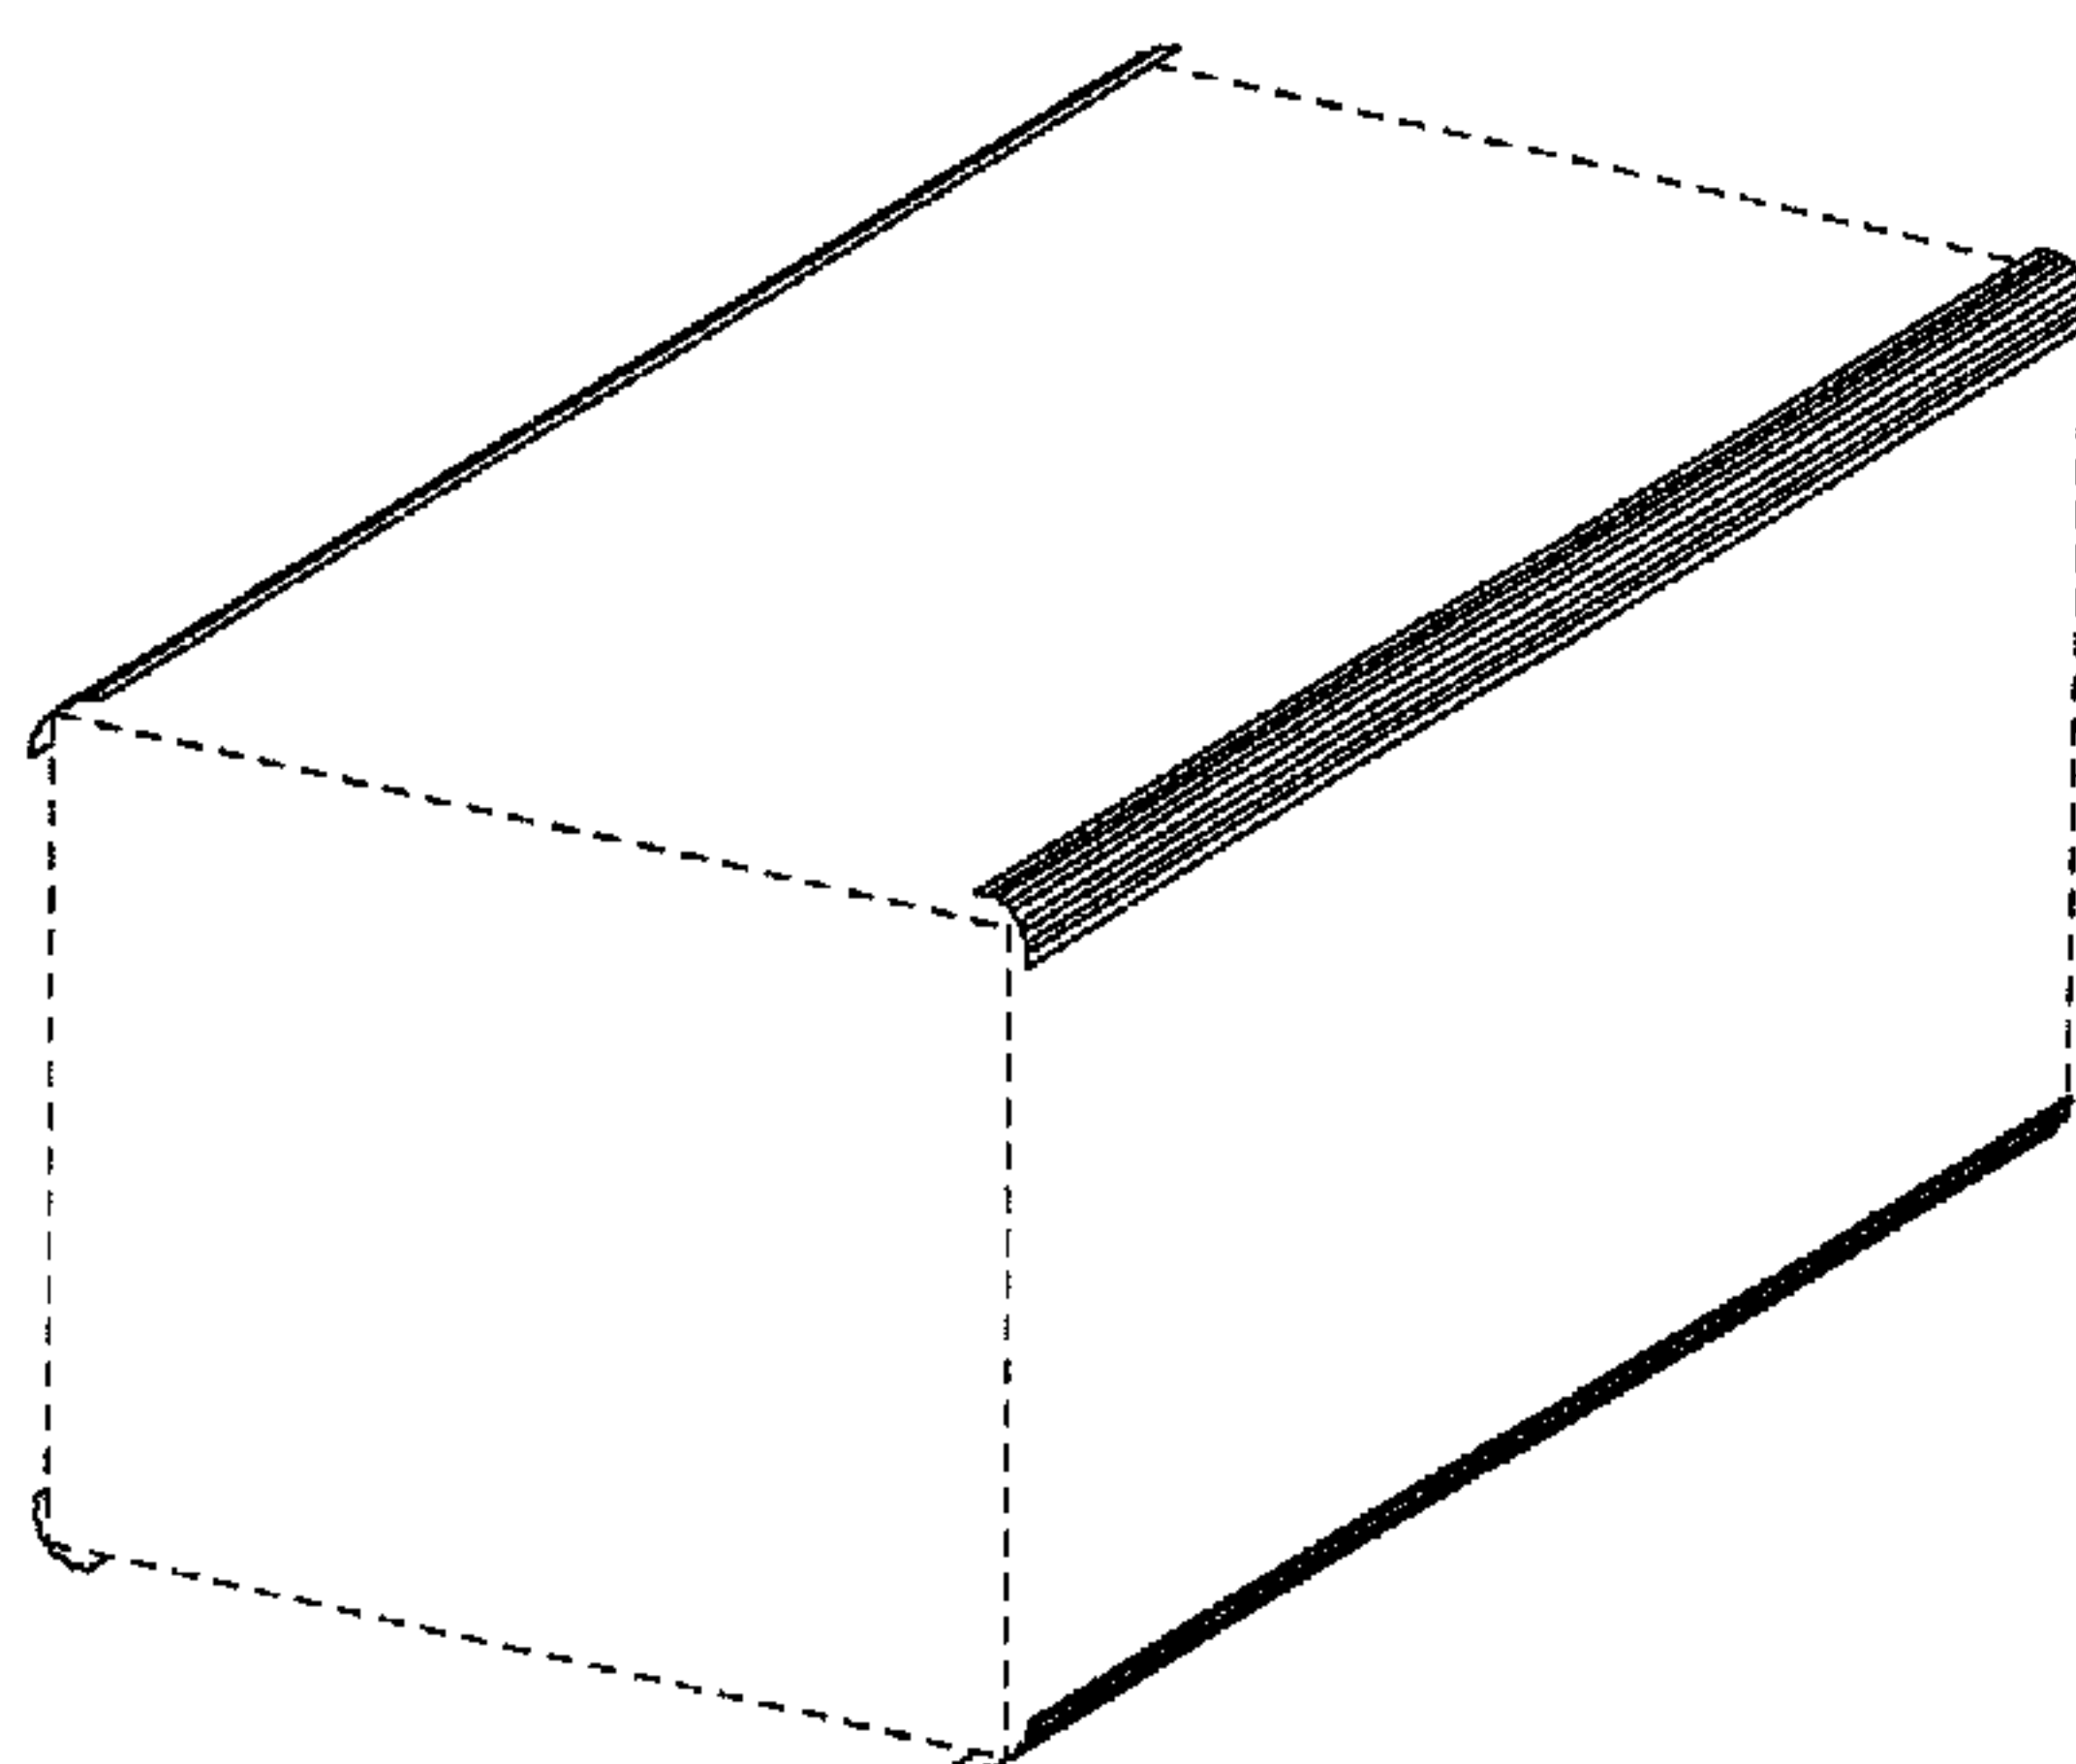

FIG. 1 is a perspective view of an enclosure edge assembly, shown attached to a box environment;

FIG. 2 is a top perspective view of a single enclosure edge, shown separately and enlarged for completeness of illustration, and shown broken away for ease of illustration; and,

FIG. 3 is an end view of the enclosure edge shown in FIG. 2.

The broken lines shown in the drawings illustrate unclaimed portions of the enclosure edge assembly and environmental structure, and form no part of the claimed design.
