(57) **CLAIM**

The ornamental design for a dispensing closure for pourable material, as shown and described.

DESCRIPTION

FIG. 1 illustrates a front perspective view of a dispensing closure for pourable material in an open position, which incorporates the new design.

FIG. 2 illustrates a top plan view thereof.

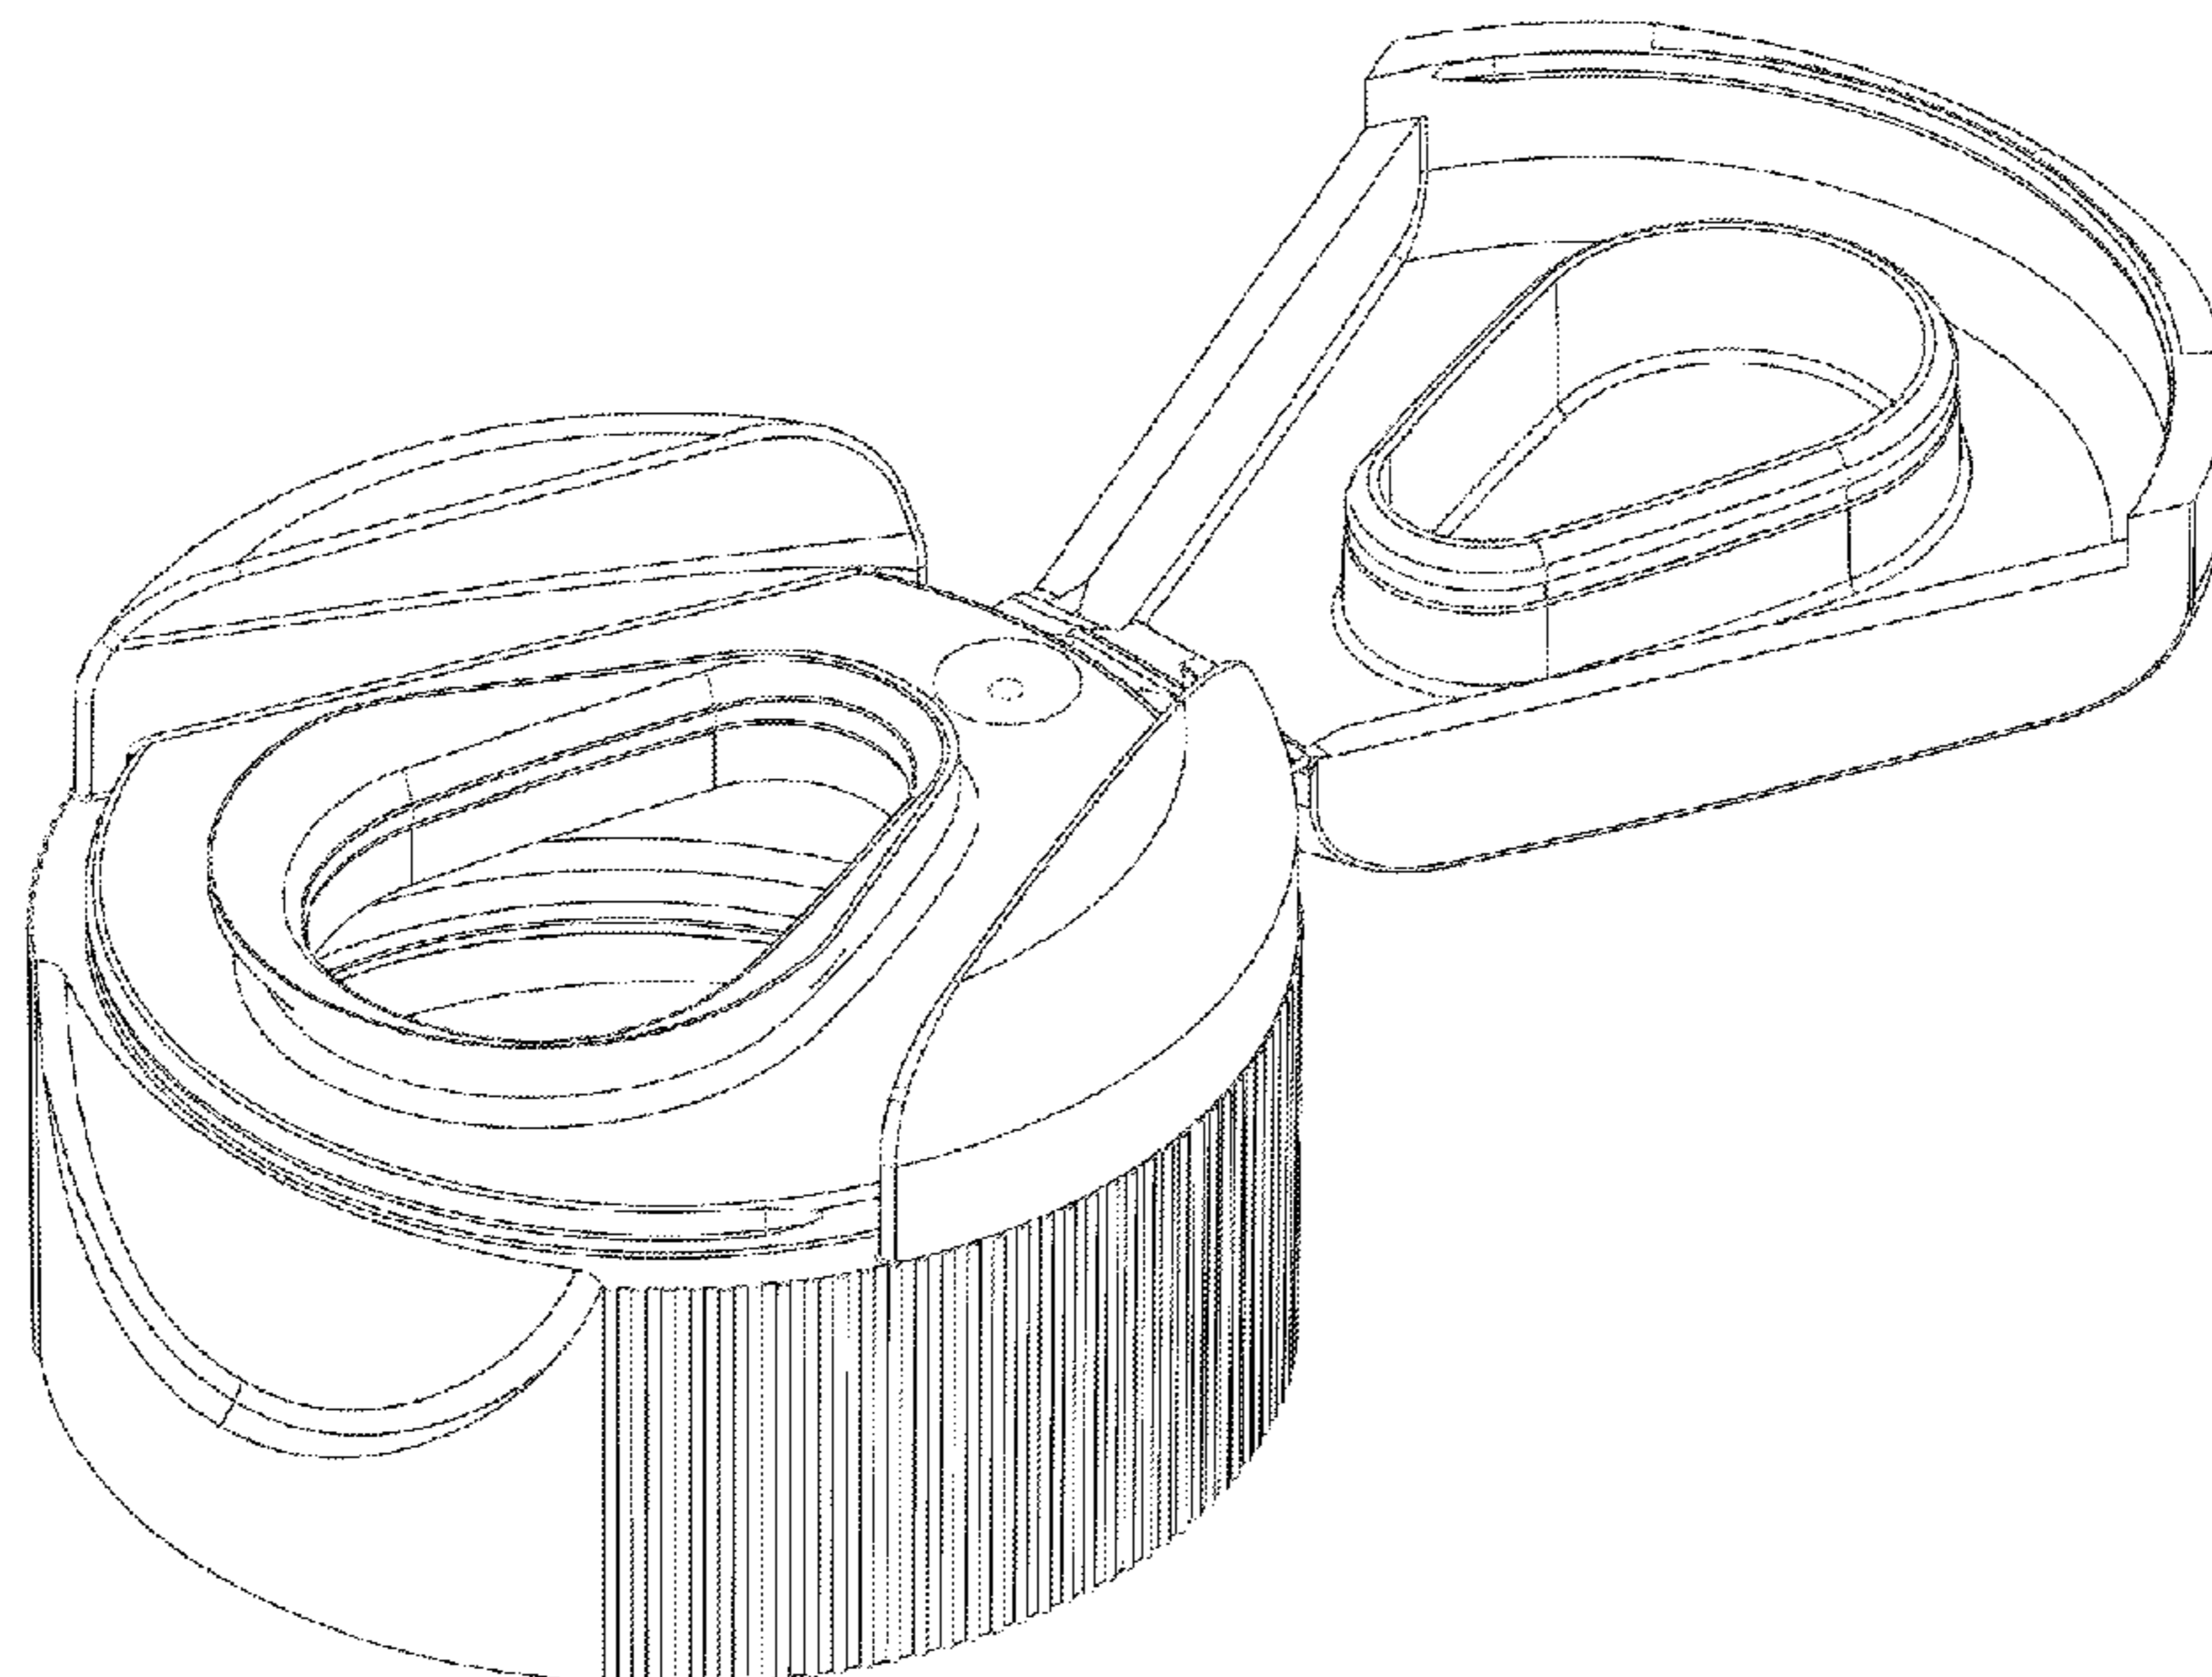

FIG. 3 illustrates a rear perspective view thereof.

FIG. 4 illustrates a side elevation view thereof.

FIG. 5 illustrates a front perspective view of the dispensing closure for pourable material in a closed position, which incorporates the new design; and,

FIG. 6 illustrates a front elevation view thereof.
