(57) **CLAIM**

The ornamental design for a floral display apparatus, as shown and described.

FIG. 1 is a perspective view of a floral display apparatus, shown in an opened position, in accordance with the new design;

FIG. 2 is a front elevation view thereof, shown in a closed position;

FIG. 3 is a front elevation view thereof, shown in an opened position;

FIG. 4 is a perspective view of the removable cover that may be used for one or more of the tabletops thereof;

FIG. 5 is a front elevation view of the removable tabletop cover thereof;

FIG. 6 is a front elevation view of the floral display apparatus, shown in a partially opened position with the removable wire sign holder removed, including the cover that is shown in a closed position.

FIG. 7 is a partial front elevation view of one of the tabletops thereof, shown at an enlarged scale, including the cover that is shown in a closed position.

FIG. 8 is a partial front elevation view thereof shown at an enlarged scale, including the cover that is shown in an opened position;

FIG. 9 is a side elevation thereof, shown in a closed position;

FIG. 10 is a side elevation view thereof, shown in an opened position;

FIG. 11 is a top plan view thereof, shown in a closed position with the removable wire sign holder removed; and,

FIG. 12 is a top plan view thereof, shown in an opened position with the removable wire sign holder removed.

The removable wire sign holder and removable tabletop cover form part of the claimed design but have not been shown in all views for ease of disclosure.
