(57) **CLAIM**

The ornamental design for a remote control, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the front, top, and right side of a remote control embodying our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof, the rear elevational view being a mirror image of the front elevational view;

FIG. 4 is a right side elevational view thereof, the left side elevational view being a mirror image of the right side elevational view; and,

FIG. 5 is a rear plan view thereof.

The broken lines in the drawings form no part of the claimed design.
