(57) **CLAIM**

The ornamental design for a grinder safety gauge, as shown
and described.

DESCRIPTION

FIG. 1 displays a right side elevation view of the grinder
safety gauge.

FIG. 2 presents a perspective view, from the bottom of the
grinder safety gauge, according to its design.

FIG. 3 is a view of the top surface of the grinder safety gauge;
and,

FIG. 4 is a view of the bottom surface of the grinder safety
gauge.

The grinder safety gauge as shown is primarily a rectangular
structure with sunken, indented pocket panels comprising
two-thirds of its length and a stepped-down, tiered surface
forming the remaining one-third of its length.
