(57) **CLAIM**

The ornamental design for a license plate frame, as shown and described.

DESCRIPTION

FIG. 1 is a perspective front view of the license plate frame of the present invention, showing our new design.

FIG. 2 is a perspective front view of the license plate frame of the present invention, shown holding a license plate. The license plate is shown in dotted lines and does not form a part of the invention claimed herein.

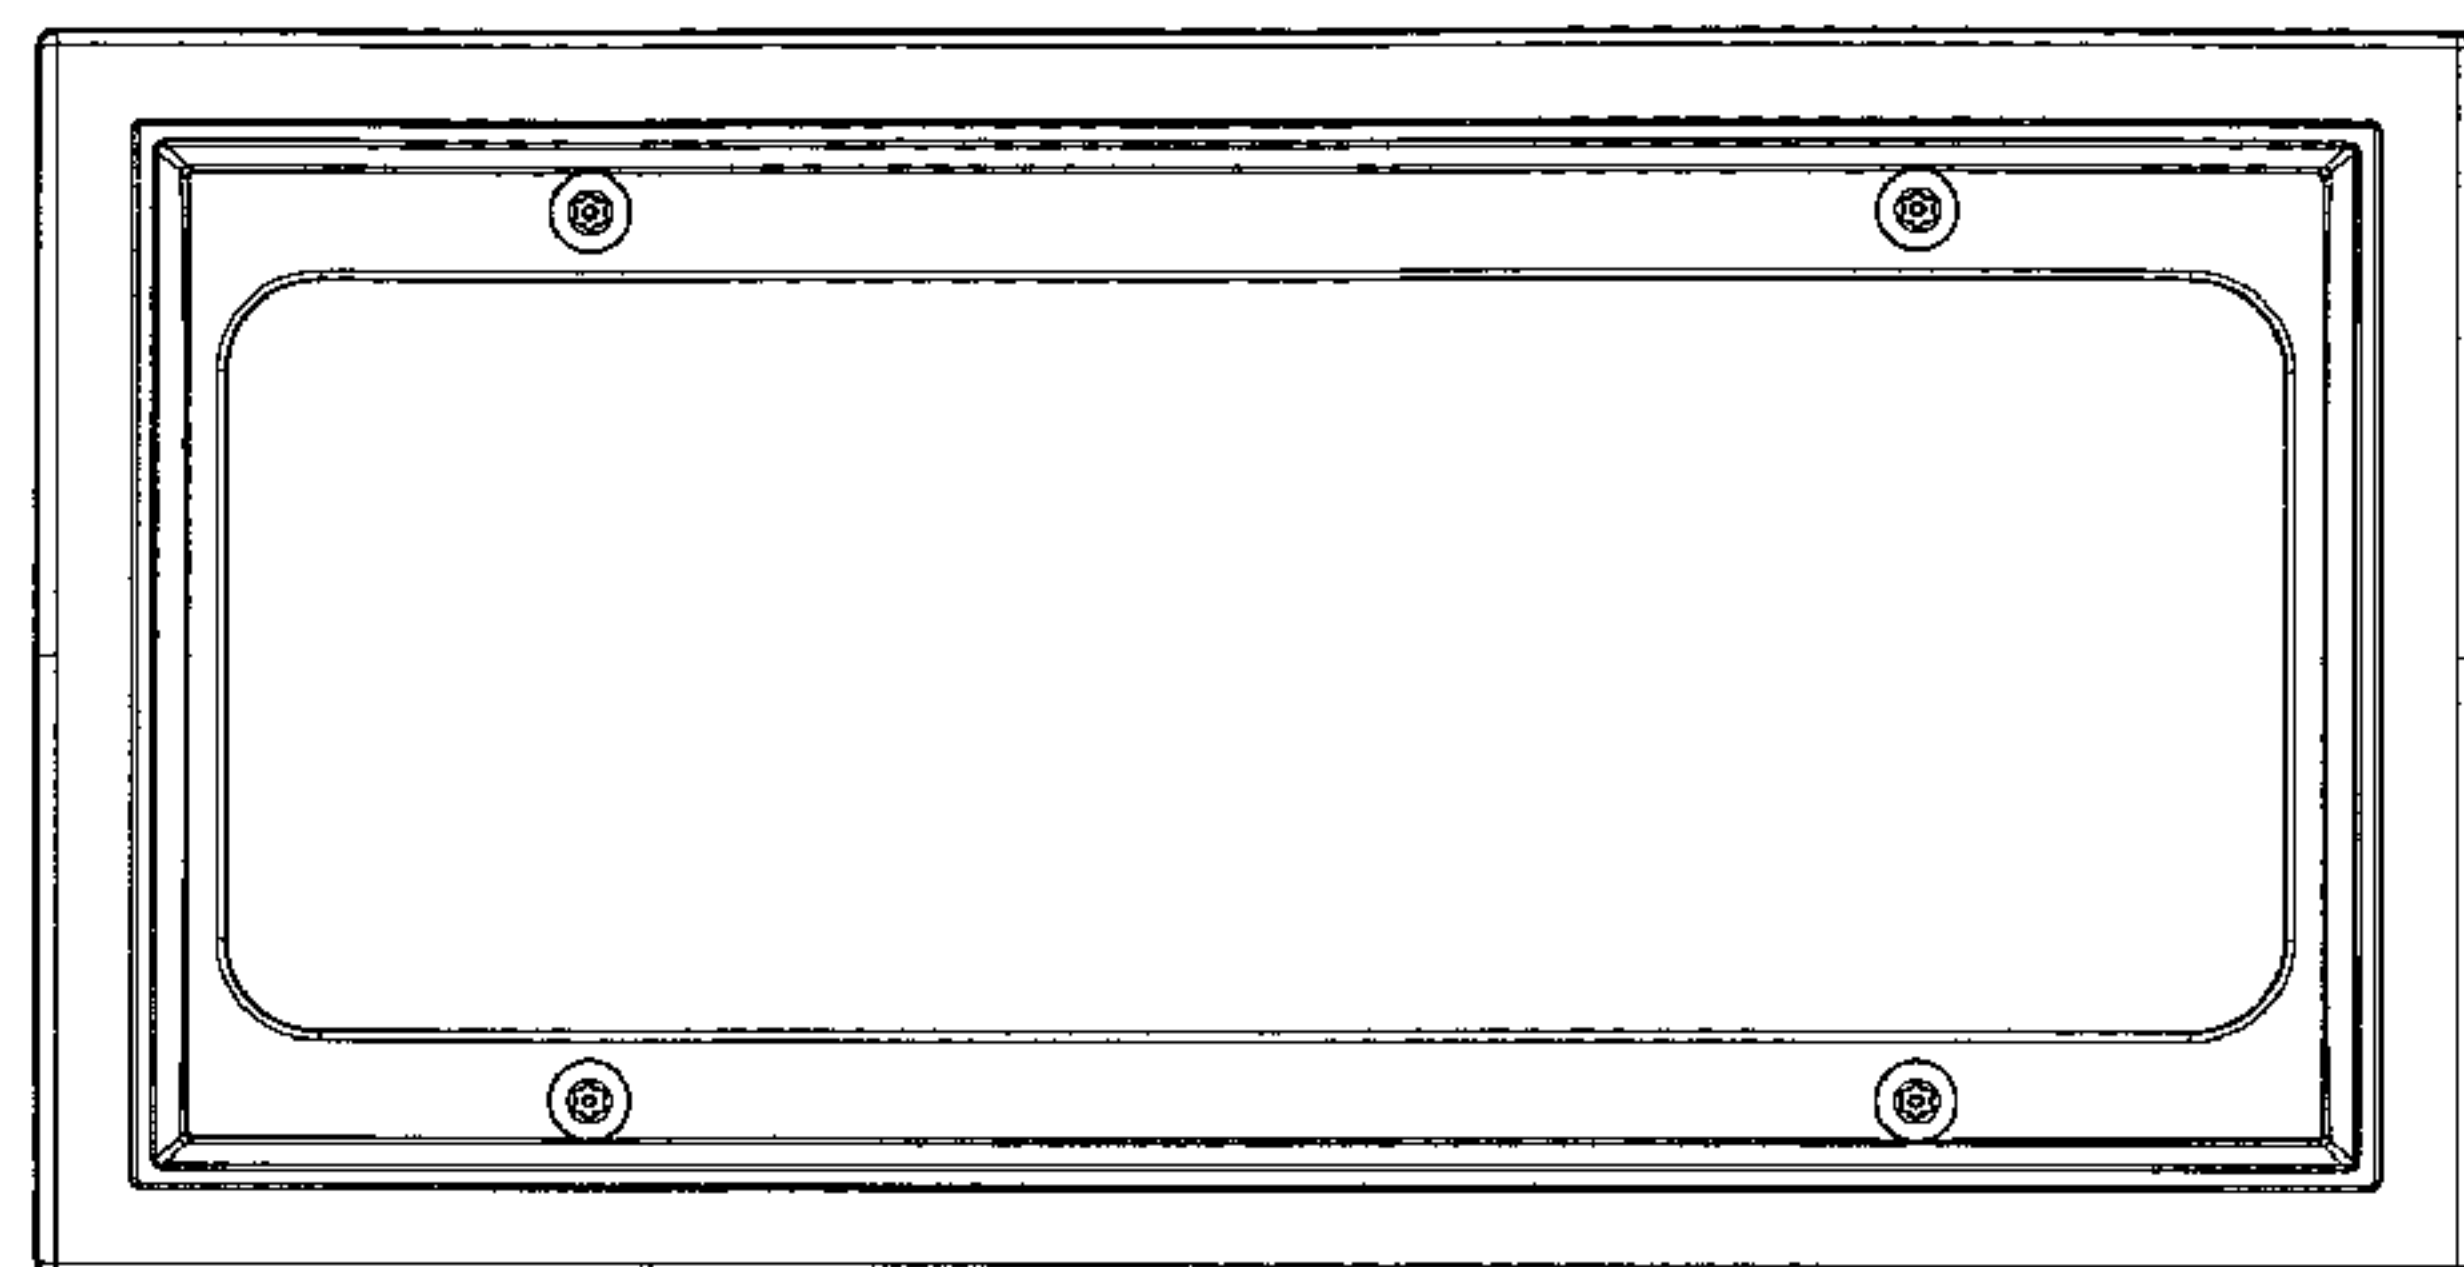

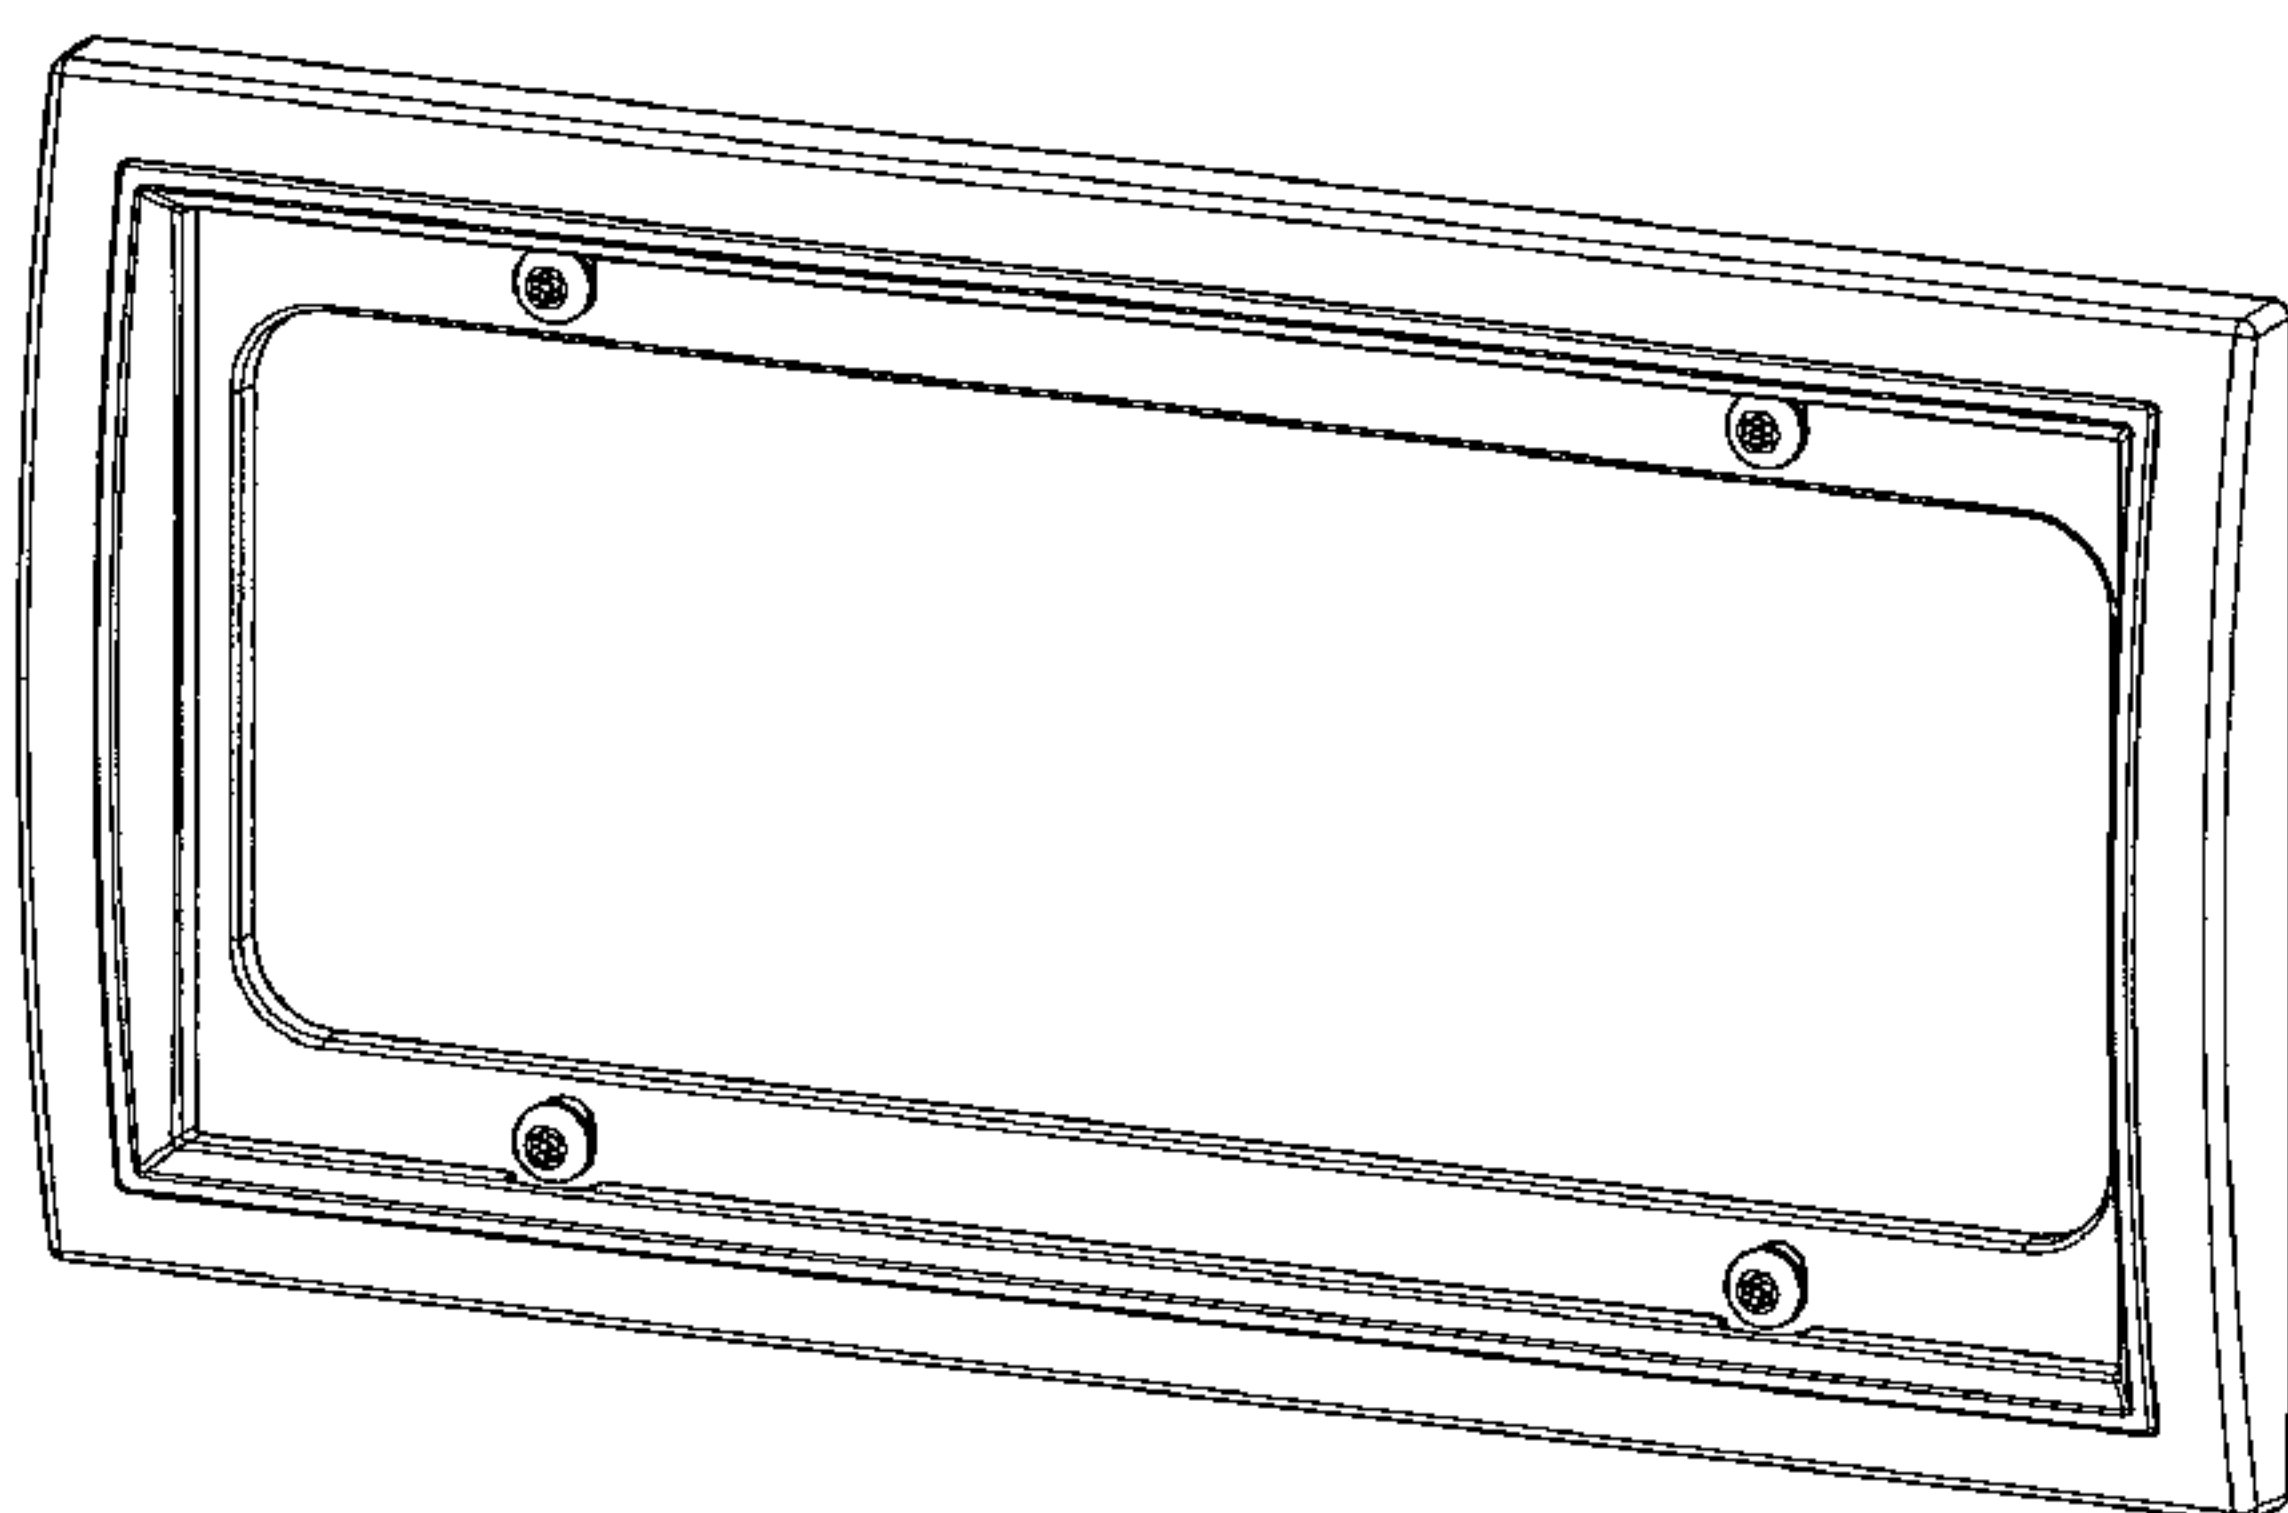

FIG. 3 is a front view of the license plate frame of the present invention.

FIG. 4 is a front view of the license plate frame of the present invention, shown holding a license plate. The license plate is shown in dotted lines and does not form a part of the invention claimed herein.

FIG. 5 is a right side view of the license plate frame of the present invention, the left side view being the mirror image thereof. The screws are shown in dotted lines and do not form a part of the invention claimed herein; and,

FIG. 6 is a top view of the license plate frame of the present invention, the bottom view being the mirror image thereof. The screws are shown in dotted lines and do not form a part of the invention claimed herein.
