(57) **CLAIM**

The ornamental design for “television remote control locator,” as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of a television remote control locator, embodying my new design, the rear view being a mirror image thereto;

FIG. 2 is a right side elevation view thereof, the left side elevation view being a mirror image thereto;

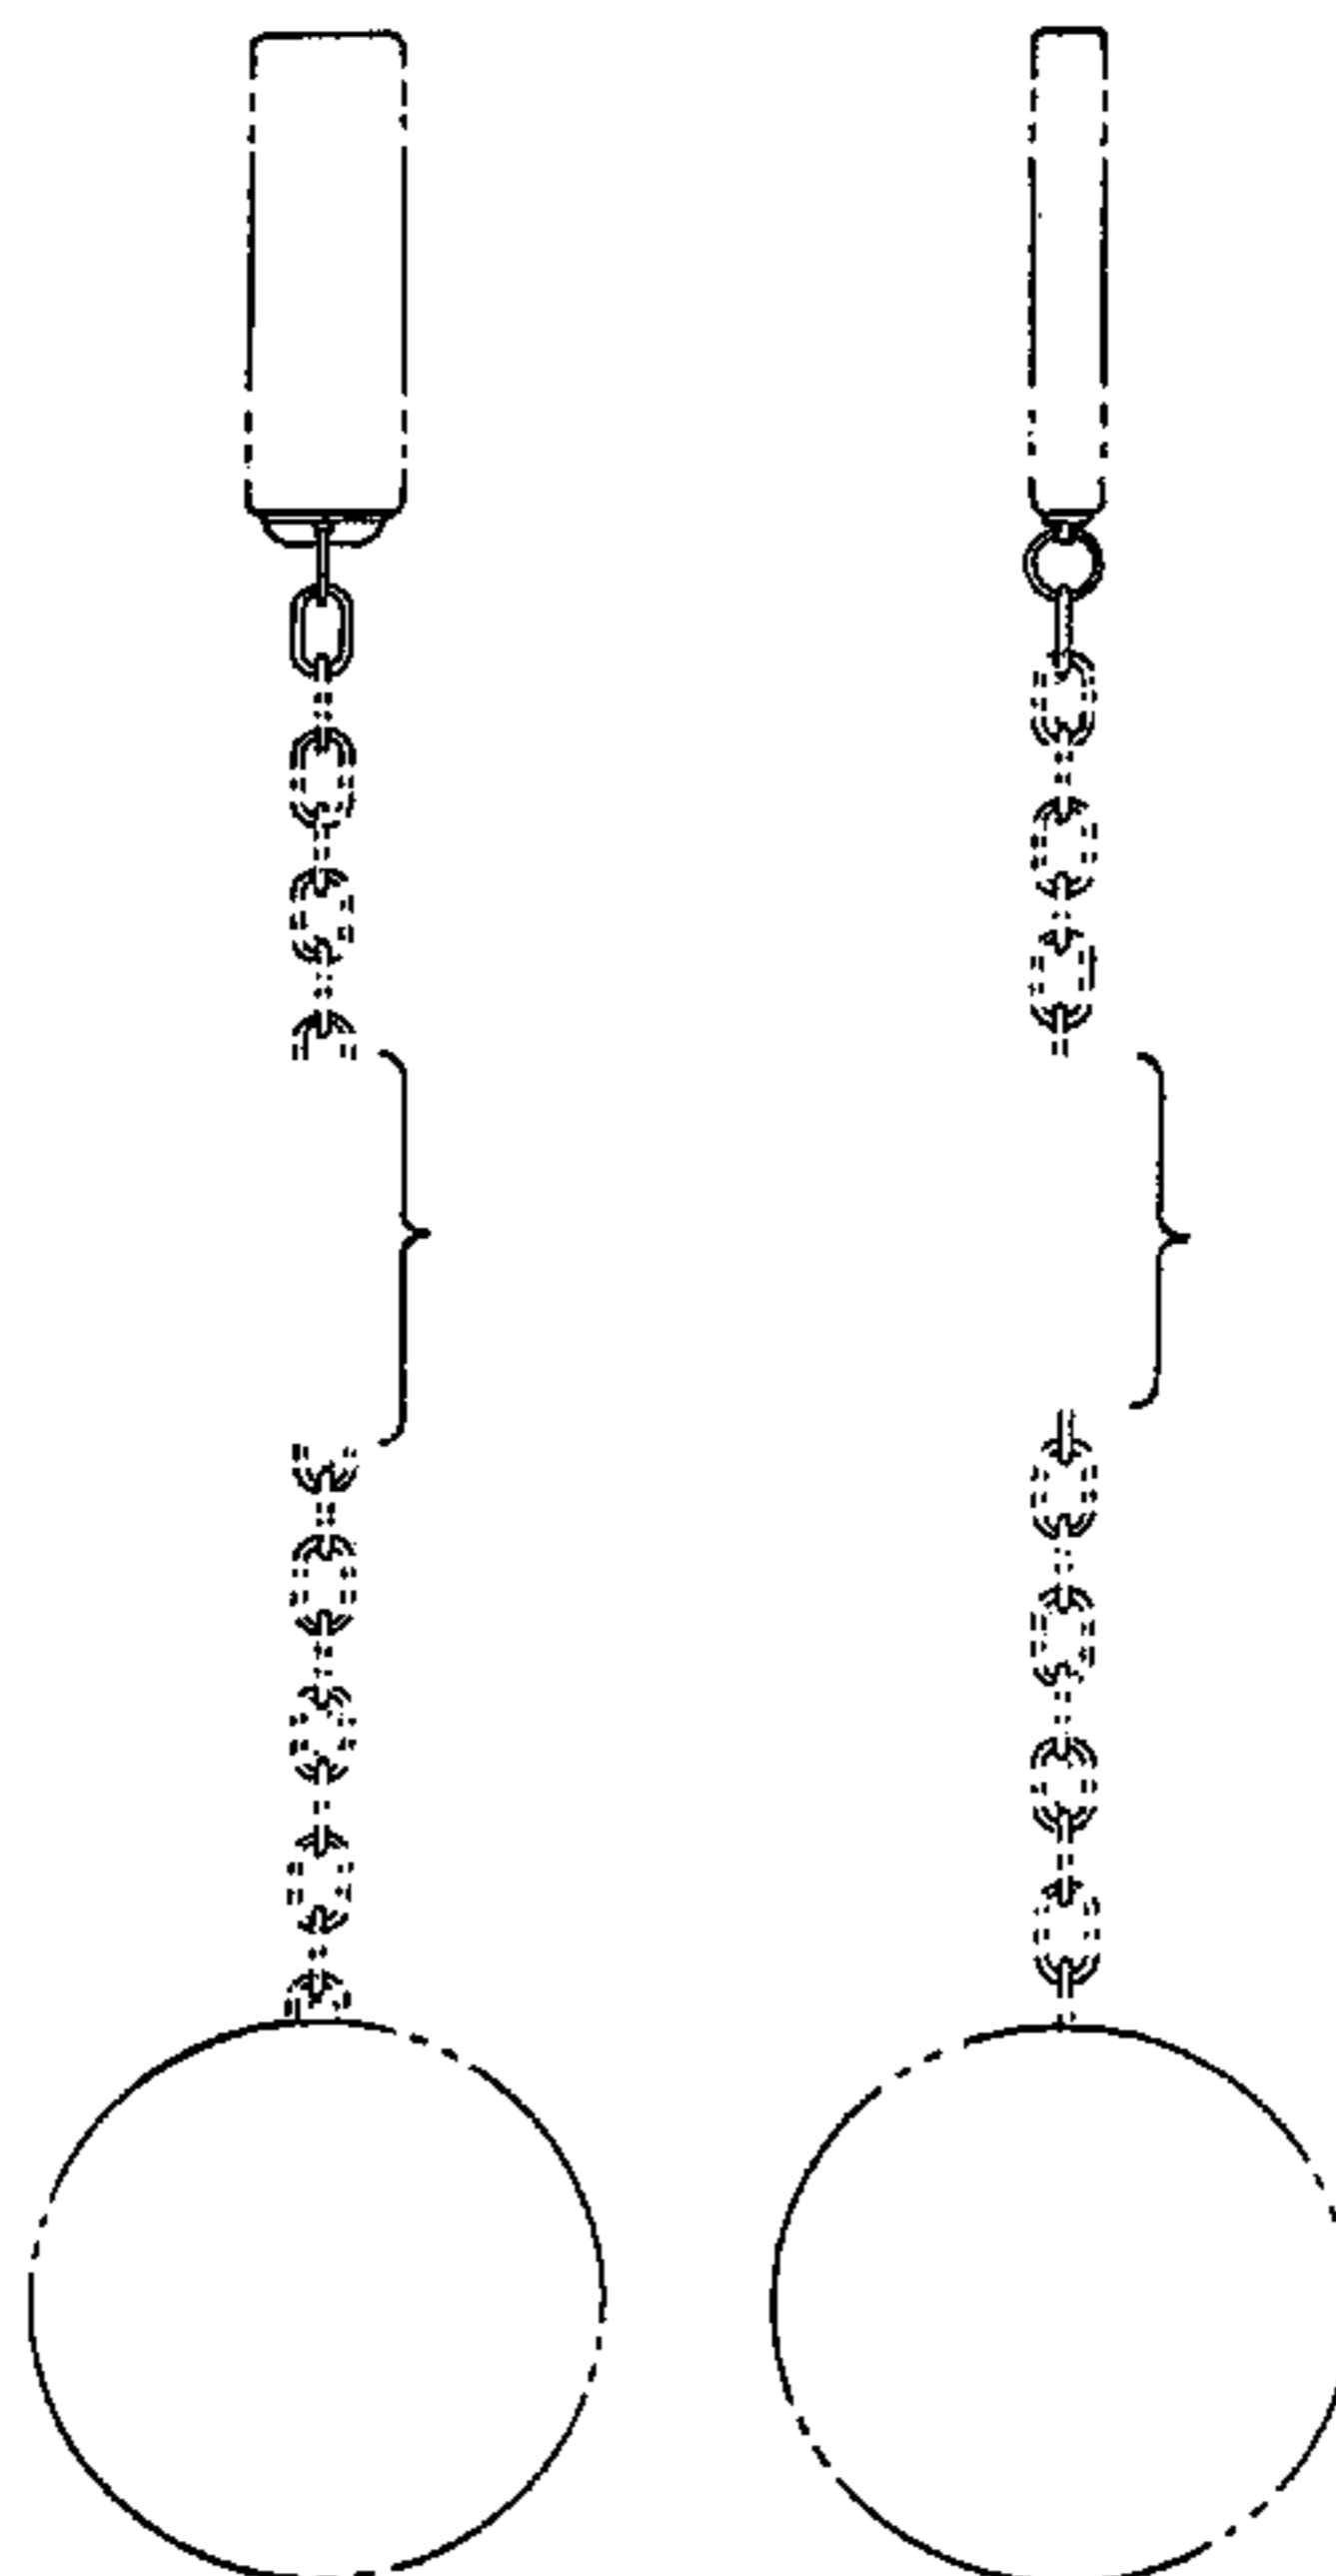

FIG. 3 is a top plan view thereof; and,

FIG. 4 is a bottom plan view thereof.

It is understood that the portion within the bracketed represents indeterminate length.

The broken lines represent the portions of the design that form no part of the claim.
