(57) **CLAIM**

The ornamental design for a foot file, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an embodiment of a foot file, with a microfile surface thereof and an abrasive surface thereof in an enclosed position, showing my new design;

FIG. 2 is a left side view thereof;

FIG. 3 is a top view thereof;

FIG. 4 is a front view thereof;

FIG. 5 is a rear view thereof;

FIG. 6 is a perspective view thereof, with the microfile surface thereof in an opened position;

FIG. 7 is a perspective view thereof, with the microfile surface thereof in a detached position from the body of the foot file, and the abrasive surface thereof in an opened position.

FIG. 8 is a perspective view of the bottom of the microfile surface thereof; and,

FIG. 9 is a perspective view of an embodiment of a foot file showing my new design, it being understood that all other views thereof correspond to FIGS. 1 to 5. The microfile surface is shown separately for convenience of illustration.

The dotted line portions shown in FIG. 9 are for illustrative purposes only and form no part of the claimed design.
