(57) **CLAIM**

The ornamental design for an adjustable ground spike with head having vertical strips, as shown, and described.

**DESCRIPTION**

FIG. 1 is a front view of the adjustable ground spike with head having vertical strips;

FIG. 2 is a back view of the adjustable ground spike with head having vertical strips;

FIG. 3 is a left-side view of the adjustable ground spike with head having vertical strips;

FIG. 4 is a right side view of the adjustable ground spike with head having vertical strips;

FIG. 5 is a top view of the adjustable ground spike with head having vertical strips;

FIG. 6 is a bottom view of the adjustable ground spike with head having vertical strips;

FIG. 7 is a perspective view of the adjustable ground spike with head having vertical strips;

FIG. 8 is a front view of an alternate embodiment of the adjustable ground spike with head having vertical strips;

FIG. 9 is a back view of an alternate embodiment of the adjustable ground spike with head having vertical strips;

FIG. 10 is a left-side view of an alternate embodiment of the adjustable ground spike with head having vertical strips;

FIG. 11 is a right side view of an alternate embodiment of the adjustable ground spike with head having vertical strips;

FIG. 12 is a top view of an alternate embodiment of the adjustable ground spike with head having vertical strips;

FIG. 13 is a bottom view of an alternate embodiment of the adjustable ground spike with head having vertical strips; and,

FIG. 14 is a perspective view of an alternate embodiment of the adjustable ground spike with head having vertical strips.
