(57) **CLAIM**

The ornamental design for a channeled chisel tip, as shown and described.

DESCRIPTION

This application is one of three design patent applications having related subject matter and filed by the inventor on the same date.

FIG. 1 is an exploded right side view of a channeled chisel tip adjacent a chisel body;

FIG. 2 is an exploded perspective view of the channeled chisel tip adjacent a chisel body;

FIG. 3 is a top view of a channeled chisel tip showing my new design;

FIG. 4 is a bottom view thereof;

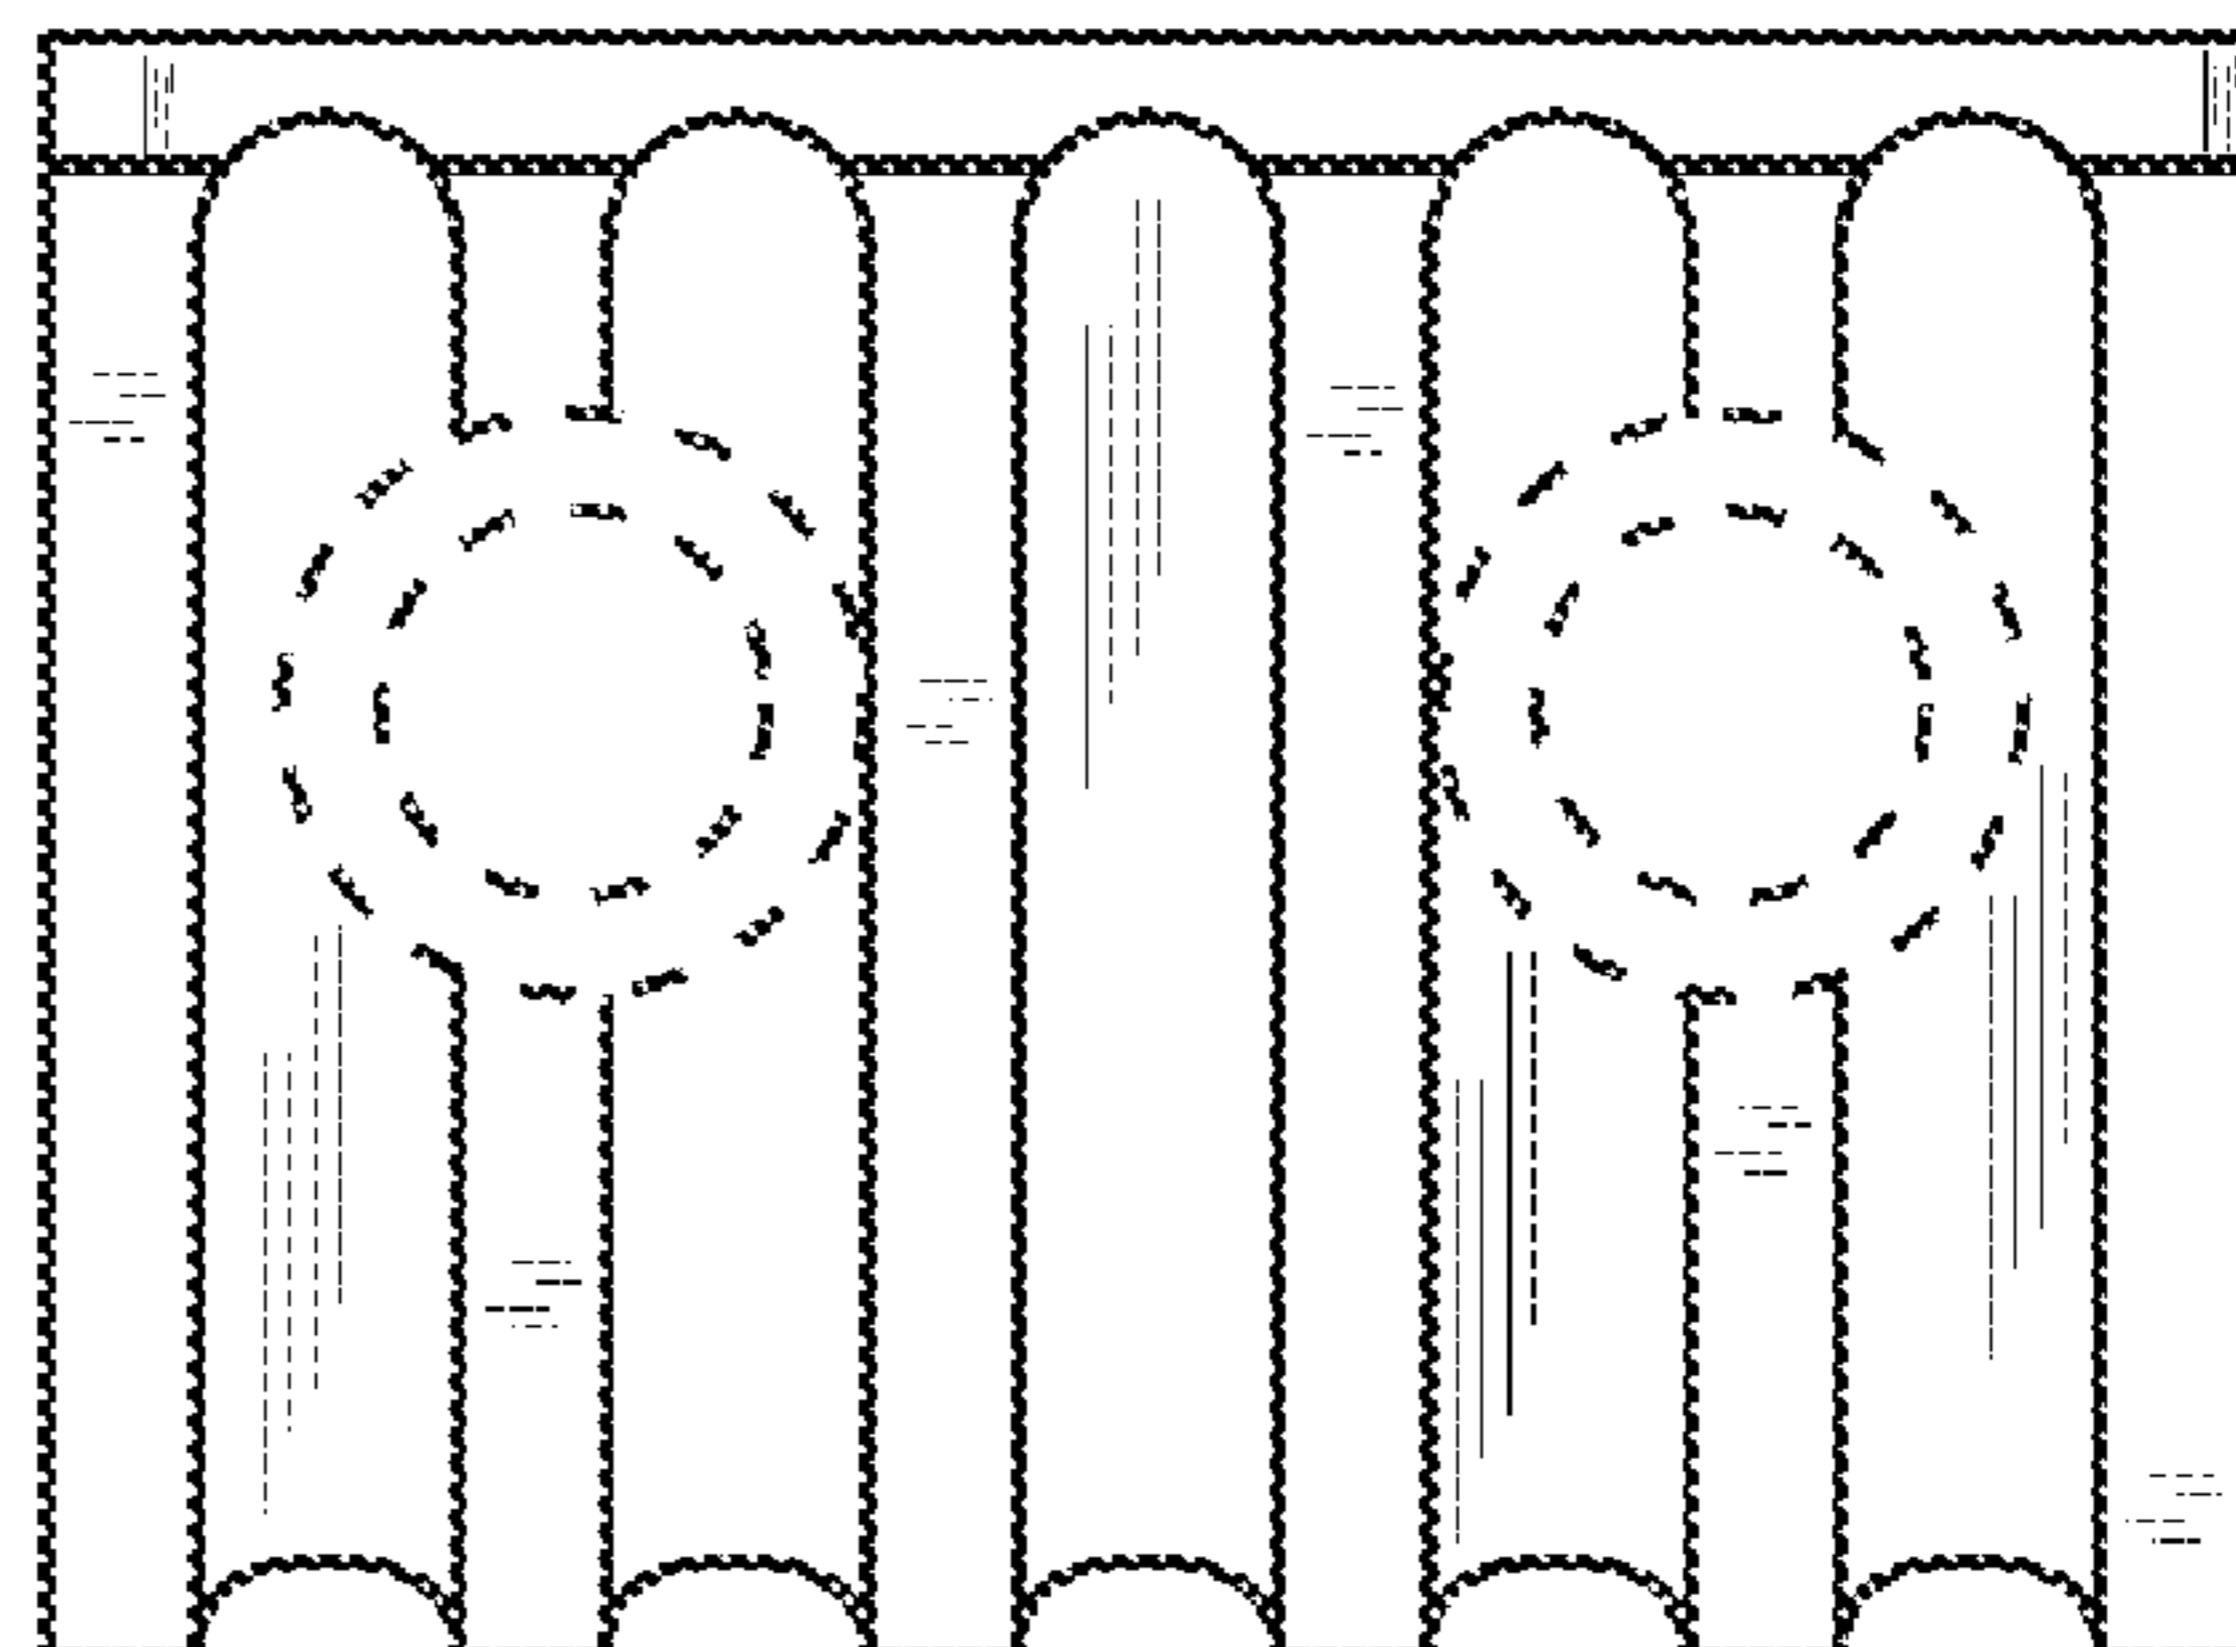

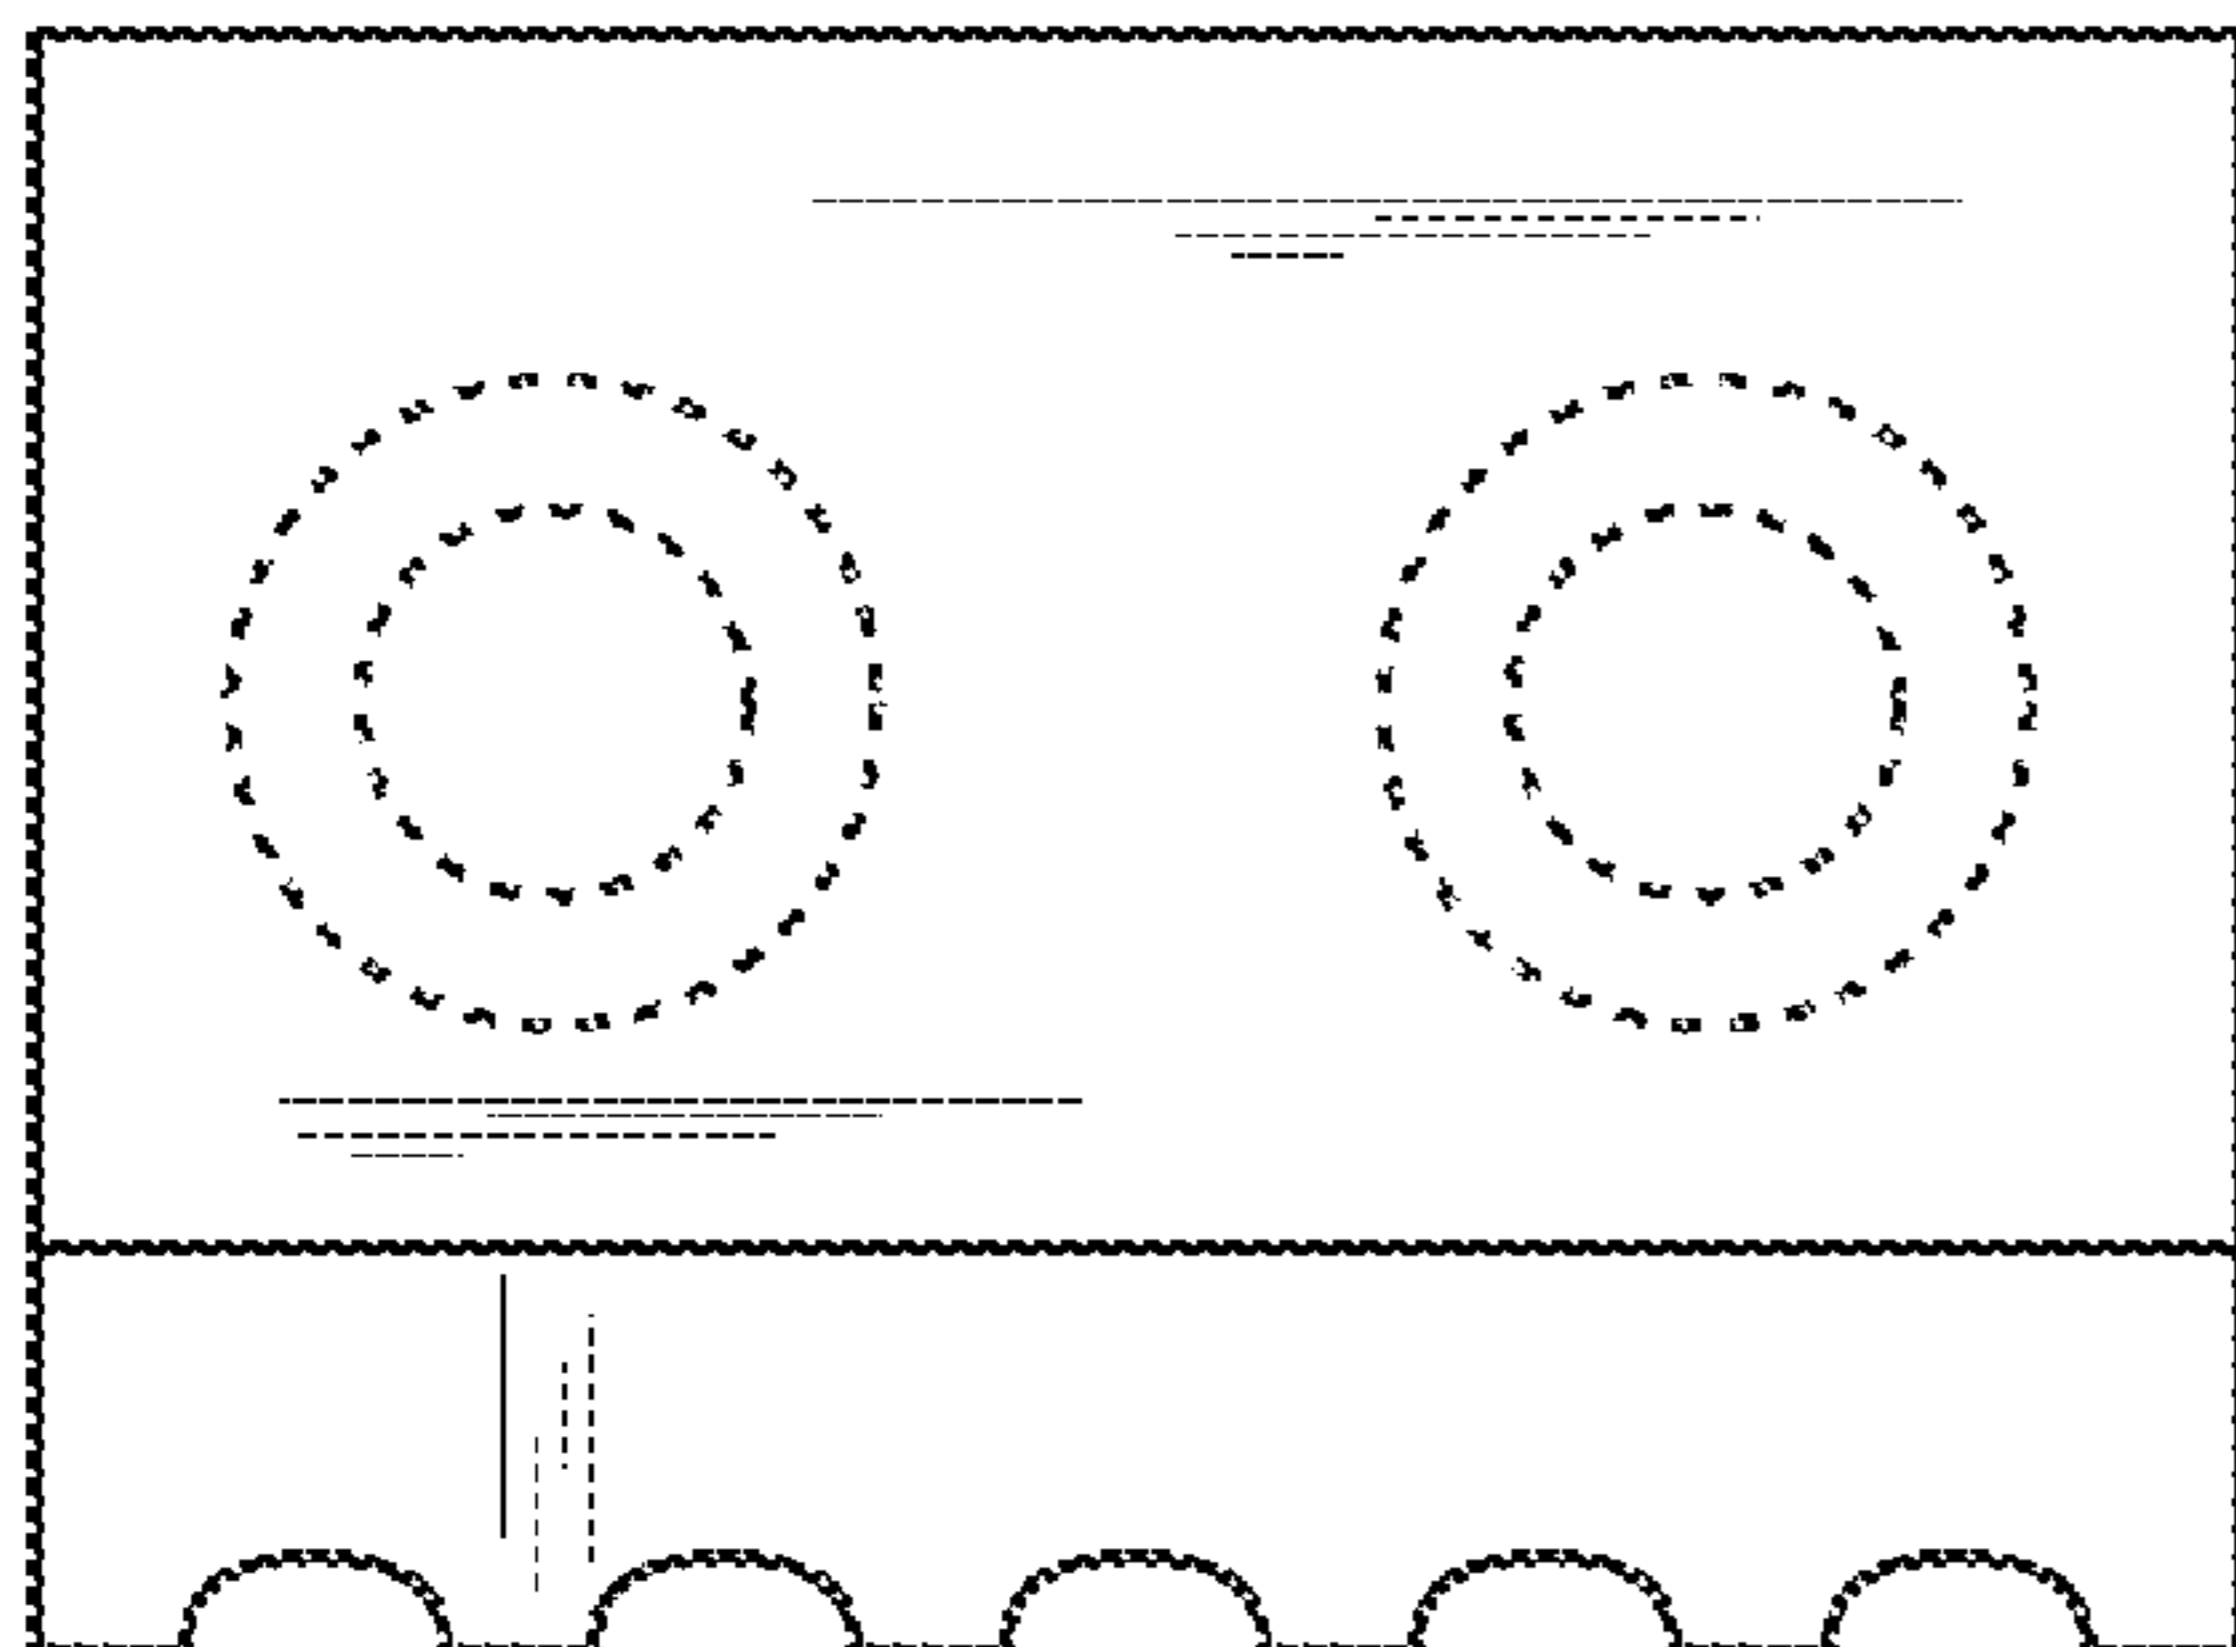

FIG. 5 is a perspective view thereof;

FIG. 6 is a front view thereof, the rear view being a mirror image; and,

FIG. 7 is a left side view thereof, the right side view being a mirror image.

The broken lines in FIGS. 1 and 2, illustrating a chisel body, are directed to environment and form no part of the claimed design. The broken lines in FIGS. 1-5 that illustrate screws and screw holes illustrate portions of the design that form no part of the claim.
