(57) **CLAIM**

I claim the ornamental design for tire, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a tire showing a tread pattern of my new design; and,

FIG. 2 is a side view of the tire shown in FIG. 1.

In the drawings, the broken lines defining the sidewall, inner bead and the peripheral boundary between the claimed tire tread and the unclaimed sidewall depict environmental subject matter that forms no part of the claimed design.
