(57) **CLAIM**

The ornamental design for an electro luminescence module, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an electro luminescence module;

FIG. 2 is a front view thereof;

FIG. 3 is a right side view thereof;

FIG. 4 is a plan view thereof;

FIG. 5 is a rear view thereof; and,

FIG. 6 is an enlarged partial view between 6a—6a and 6b—6b thereof.

A left side view of the electro luminescence module is a mirror image of the right side view, and therefore omitted. A bottom plan view of the electro luminescence module is a mirror image of the plan view, and therefore omitted. The long dash short dash line forms the boundary of the claimed design and forms no part of the claimed design. The broken lines showing portions of the electroluminescence module are for illustrative purposes only and form no part of the claimed design.
