(57) **CLAIM**

The ornamental design for a cap with bill and digital device viewing enclosure, as shown and described.

**DESCRIPTION**

FIG. 1 is a top, right perspective view of a cap with bill and digital device viewing enclosure showing my new design therefor;

FIG. 2 is a side elevational view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a top plan side elevational view thereof; and,

FIG. 6 is a bottom plan view thereof.

The uniformly-segmented broken lines shown on the inside edge of the crown and along the edge of the digital device viewing enclosure illustrate stitching and form a part of the claimed design. The short-short-long broken lines shown on the underside of the bill in FIG. 6 represent unclaimed environment.

The intermittent serpentine hatch marks shown on the surfaces of the crown and the viewing enclosure represent fabric, and are understood to be distributed uniformly over the surfaces of the claimed design upon which they reside.

**1 Claim, 5 Drawing Sheets**
