(57) **CLAIM**

I claim the ornamental design for a hanging disk holder, as shown and described.

DESCRIPTION

FIG. 1 is a front/right/top perspective view of a first embodiment of the hanging disk holder shown without the tab for convenience;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof; and

FIG. 6 is a left side elevational view thereof, for which the right side elevational view thereof would be a mirror image thereof.

FIG. 7 is a front/left/top perspective view of a second embodiment, further including a tab in the upper left pocket at a first location;

FIG. 8 is a front elevational view of the hanging disk holder and tab of FIG. 7 with the tab at the first location;

FIG. 9 is a rear elevational view of the hanging disk holder and tab of FIG. 7 with the tab at the first location;

FIG. 10 is a front/left/top perspective view thereof, with the tab in the upper left pocket at a second location;

FIG. 11 is a front elevational view of the hanging disk holder and tab of FIG. 10 with the tab at the second location;

FIG. 12 is a front/left/top perspective view thereof, with the tab in the upper right pocket at a third location;

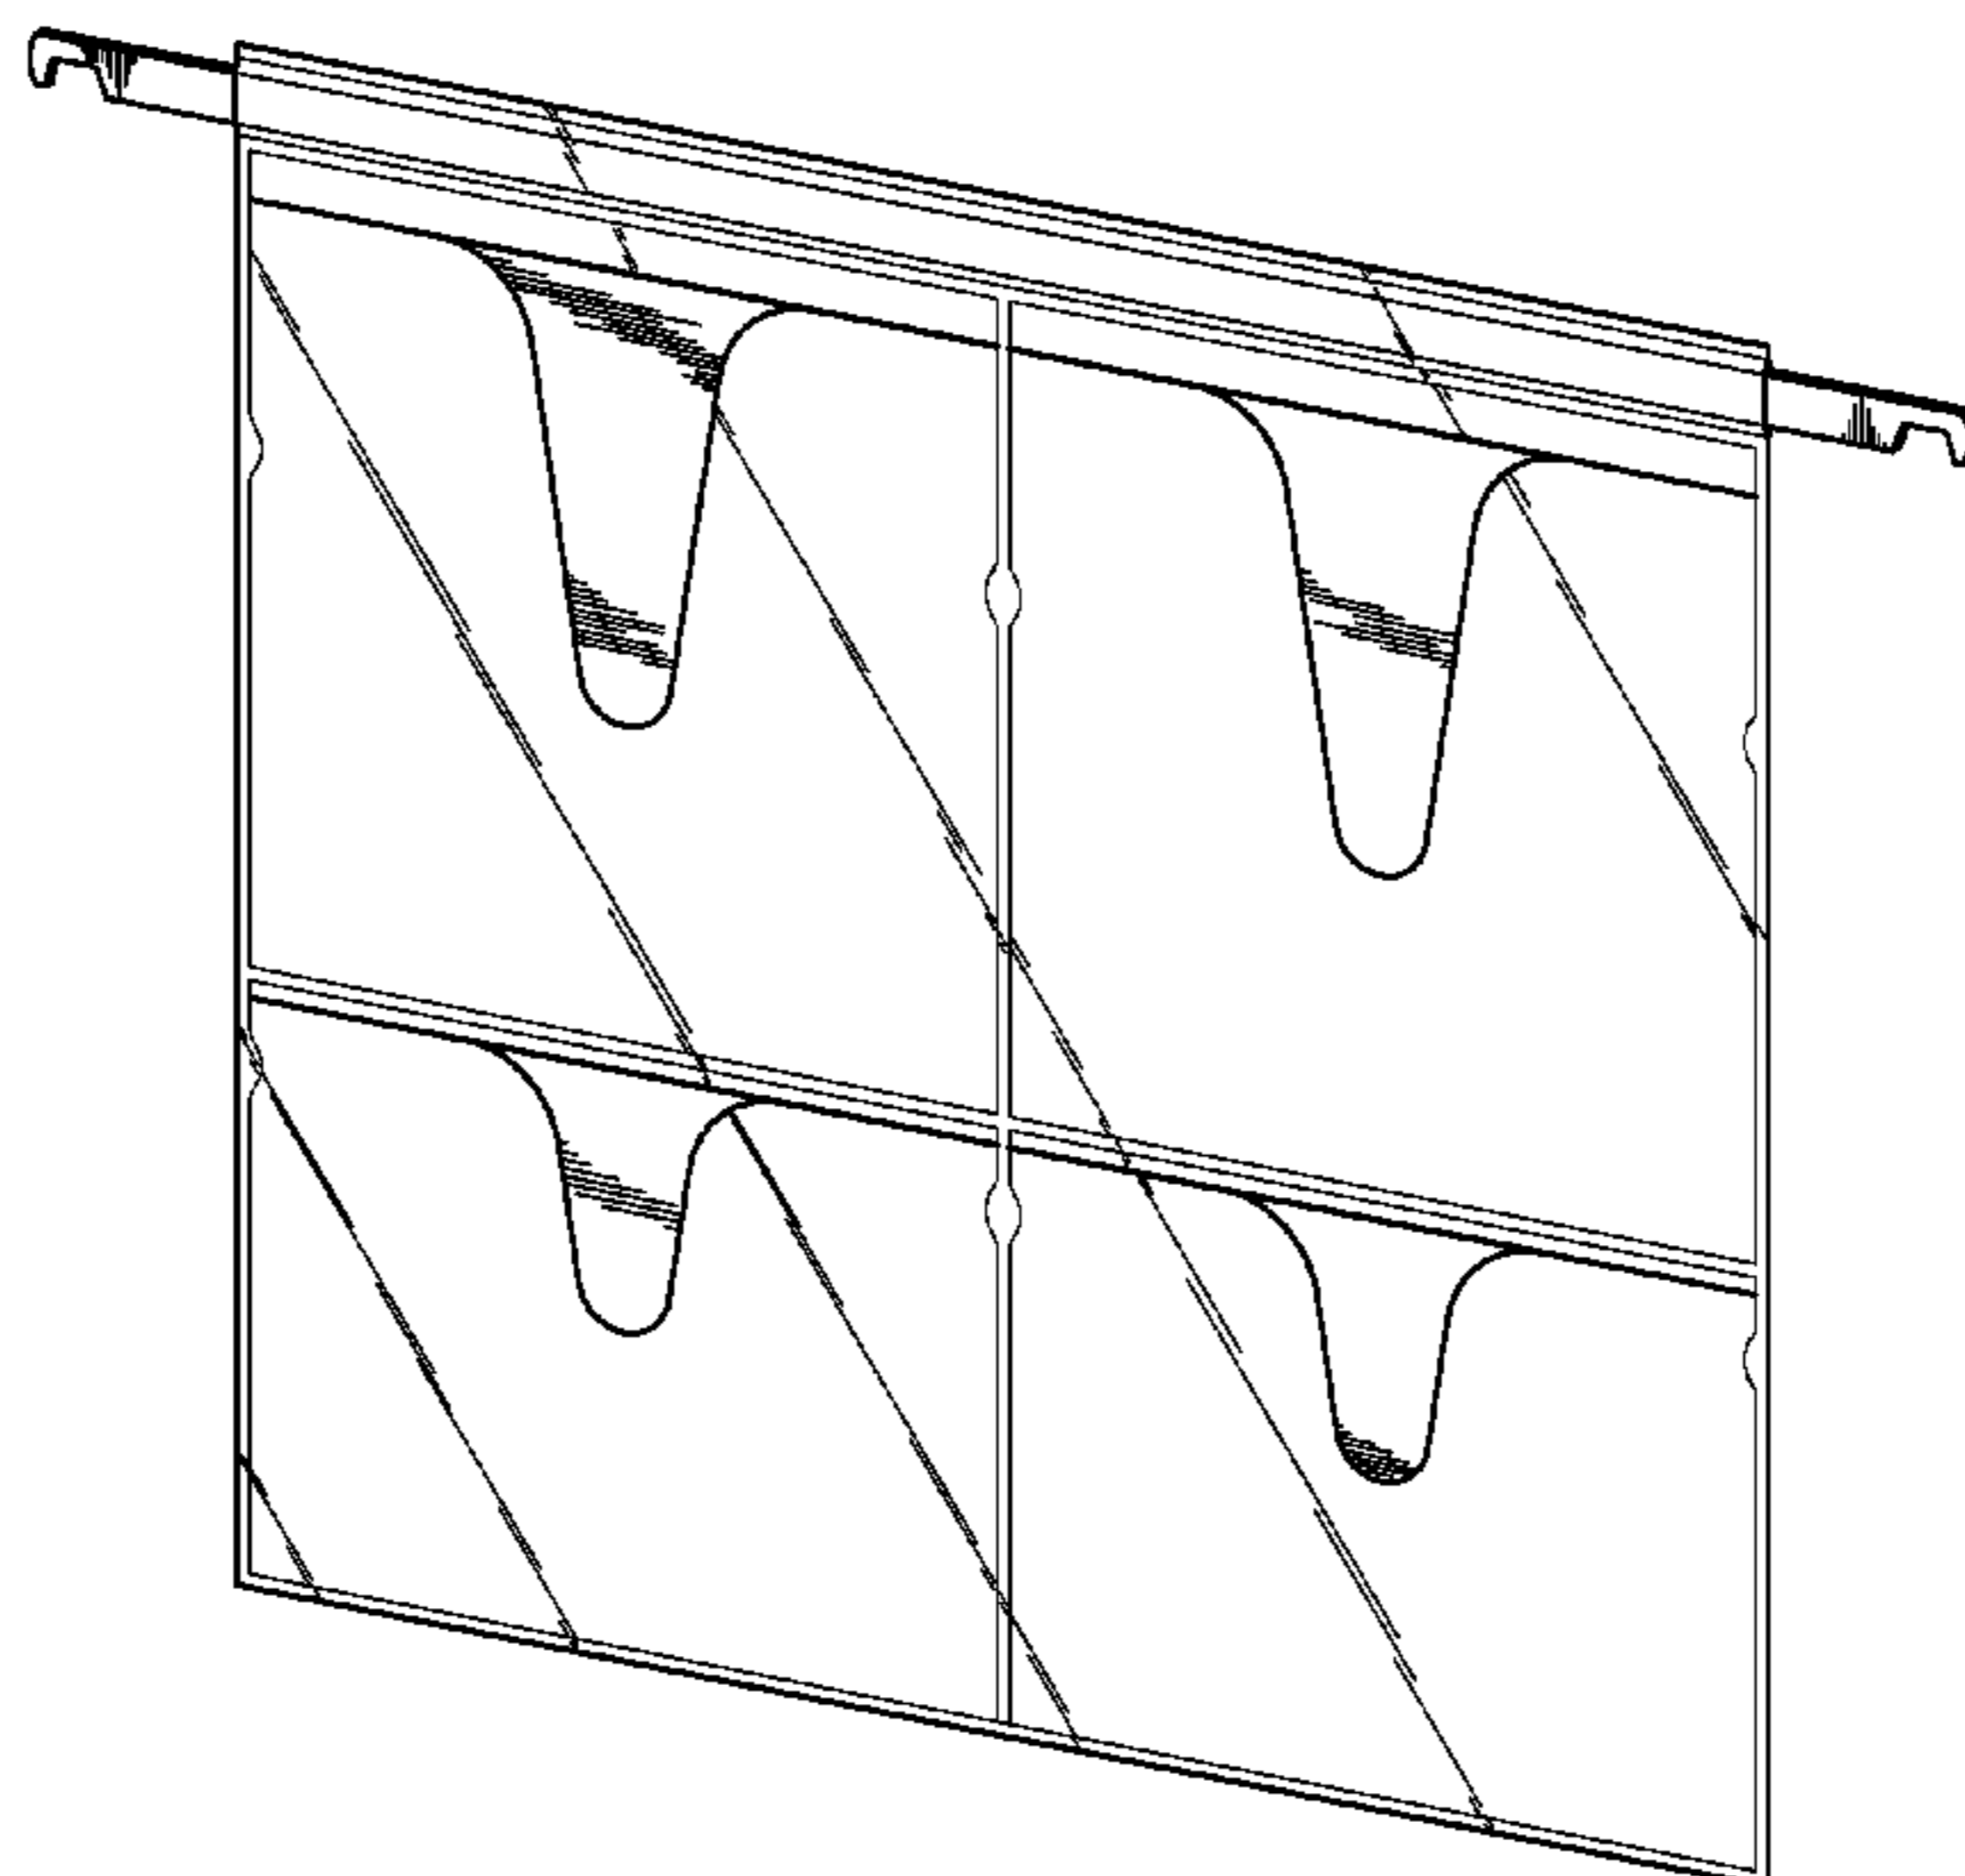

FIG. 13 is a front elevational view of the hanging disk holder and tab of FIG. 12 with the tab at the third location;

FIG. 14 is a front/left/top perspective view thereof, with the tab in the upper right pocket at a fourth location; and,

FIG. 15 is a front elevational view of the hanging disk holder and tab of FIG. 14 with the tab at the fourth location.

Broken lines are directed to environment and are for illustrative purposes only; the broken lines form no part of the claimed design.
