(57) **CLAIM**

The ornamental design for the liquid container and crate assembly, the liquid container, and the crate, as shown and described.

DESCRIPTION

FIG. 1 is an exploded perspective of the container and crate assembly of the present invention;

FIG. 2 is a top plan elevation of the container and crate assembly of FIG. 1;

FIG. 3 is a front elevation of the container and crate assembly of FIG. 1; and,

FIG. 4 is a right side elevation of the container and crate assembly, which is substantially identical to the left hand side elevation of the container and crate assembly of FIG. 3.

The broken line showing is included for the purpose of illustrating and forms no part of the claimed design.
