(57) **CLAIM**

I claim the design for a fence post top, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of the fence post top according to the present invention;

FIG. 2 is a top plan view of the fence post top;

FIG. 3 is a bottom view of the fence post top;

FIG. 4 is a front side elevation view of the fence post top, the back side being a mirror image thereof; and,

FIG. 5 is a left side elevation view of the fence post top, the right side being a mirror image thereof.

The fence post top of my design has a generally square opening on the bottom and threaded cylindrical projection on the top.
