(57) **CLAIM**

The ornamental design for a seat with interchangeable corner section, as shown and described.

DESCRIPTION

FIG. 1 is a right front perspective view of a new seat with interchangeable corner section showing my new design in a left-handed configuration;

FIG. 2 is an exploded view thereof;

FIG. 3 is a rear perspective view thereof;

FIG. 4 is a top view thereof;

FIG. 5 is a right front perspective view of the center wedge portion of my design;

FIG. 6 is a left elevational view of the center wedge portion of my design, the right elevational view being a mirror image thereof;

FIG. 7 is a right rear elevational view of the center wedge portion of my design, the left rear elevational view being identical thereto;

FIG. 8 is a an end view of the left seat back portion of my design, the end view of the right seat back portion being a mirror image thereto;

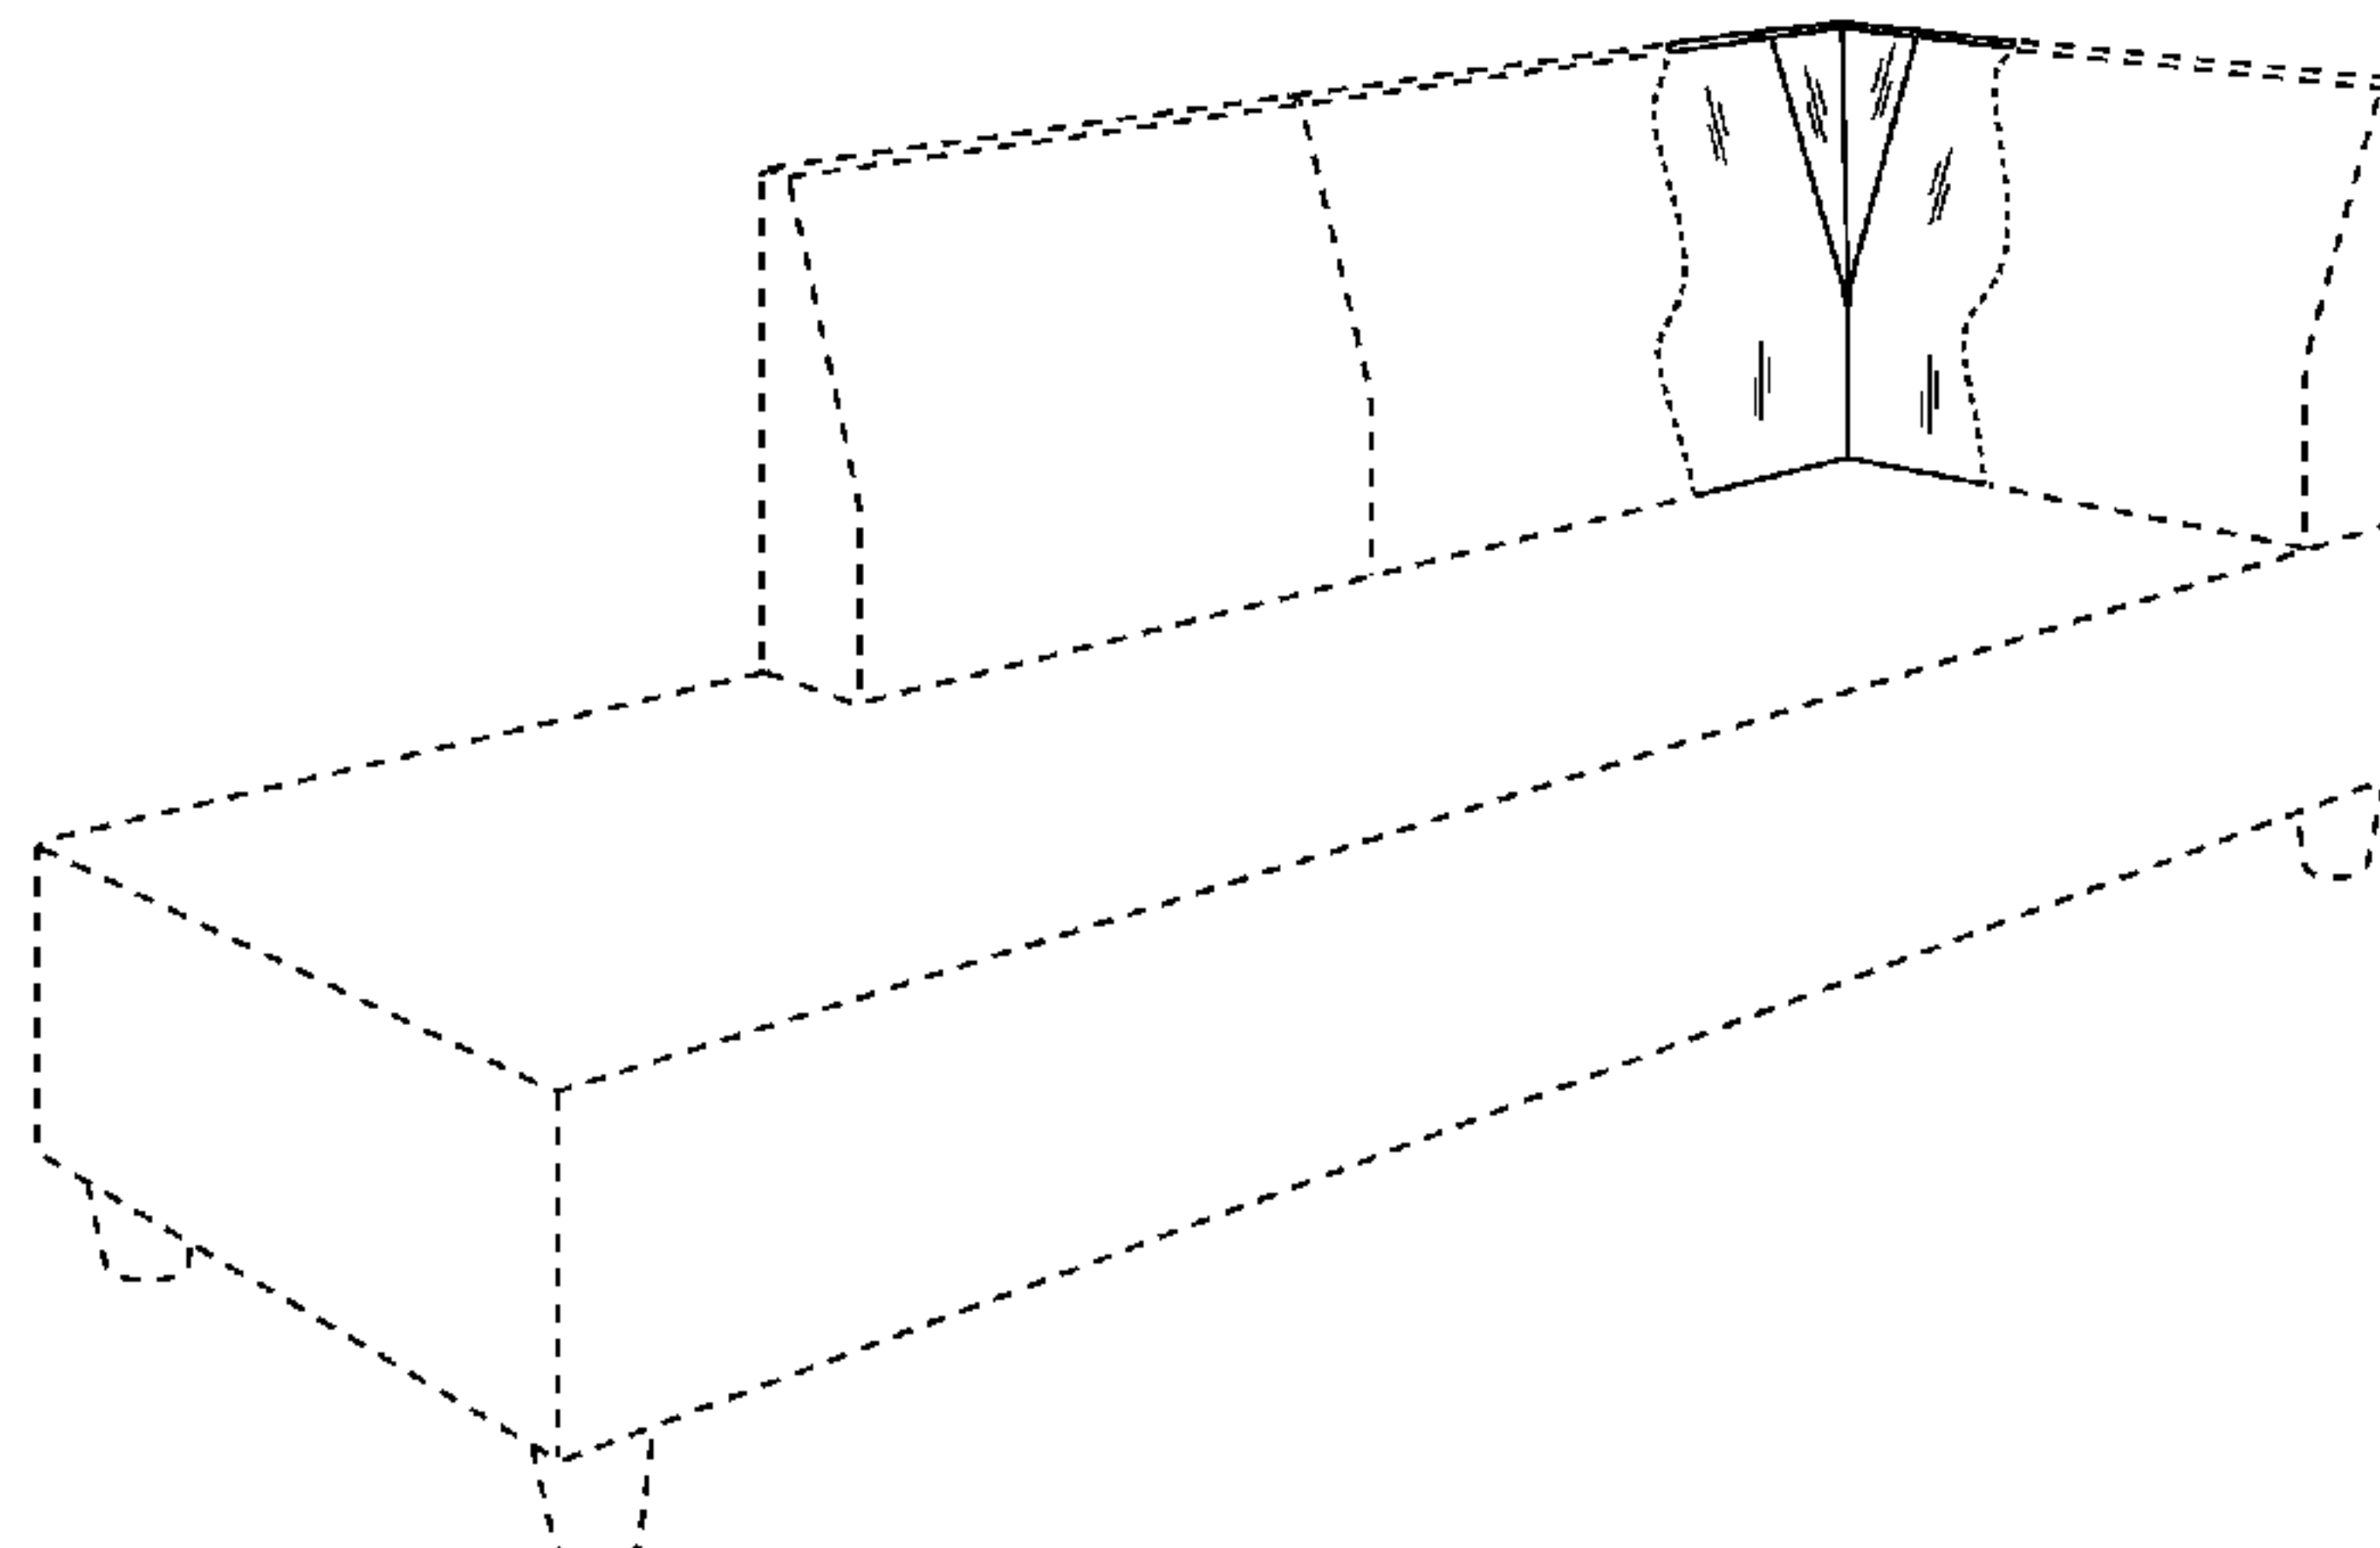

FIG. 9 is another representative configuration of my design; and,

FIG. 10 is a rear perspective view of my design, shown in a right-handed configuration.

The break lines on the edges of FIGS. 1, 2, 3, and 4 are not part of the claimed design and represent that no particular length is claimed.

The broken lines showing is included for the purpose of illustrating environment of the design and forms no part of the claimed design.
