(57) **CLAIM**

The ornamental design for a child's drinking cup with tilted floor, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a child's drinking cup with tilted floor showing my new design, all other side elevational views from the back, right or left being identical;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom view thereof;

FIG. 4 is a perspective view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a top plan view of a second embodiment of a child's drinking cup with tilted floor showing my new design, the bottom and perspective views thereof being the same as that shown in FIGS. 3 and 4, respectively; and,

FIG. 7 is a right side elevational view thereof, all other side elevational views being identical to that of the first embodiment.

The broken line showing of the tilt of the inside floor is included for the purpose of illustrating the difference between the two embodiments.
