Primary Examiner — Melanie H Tung

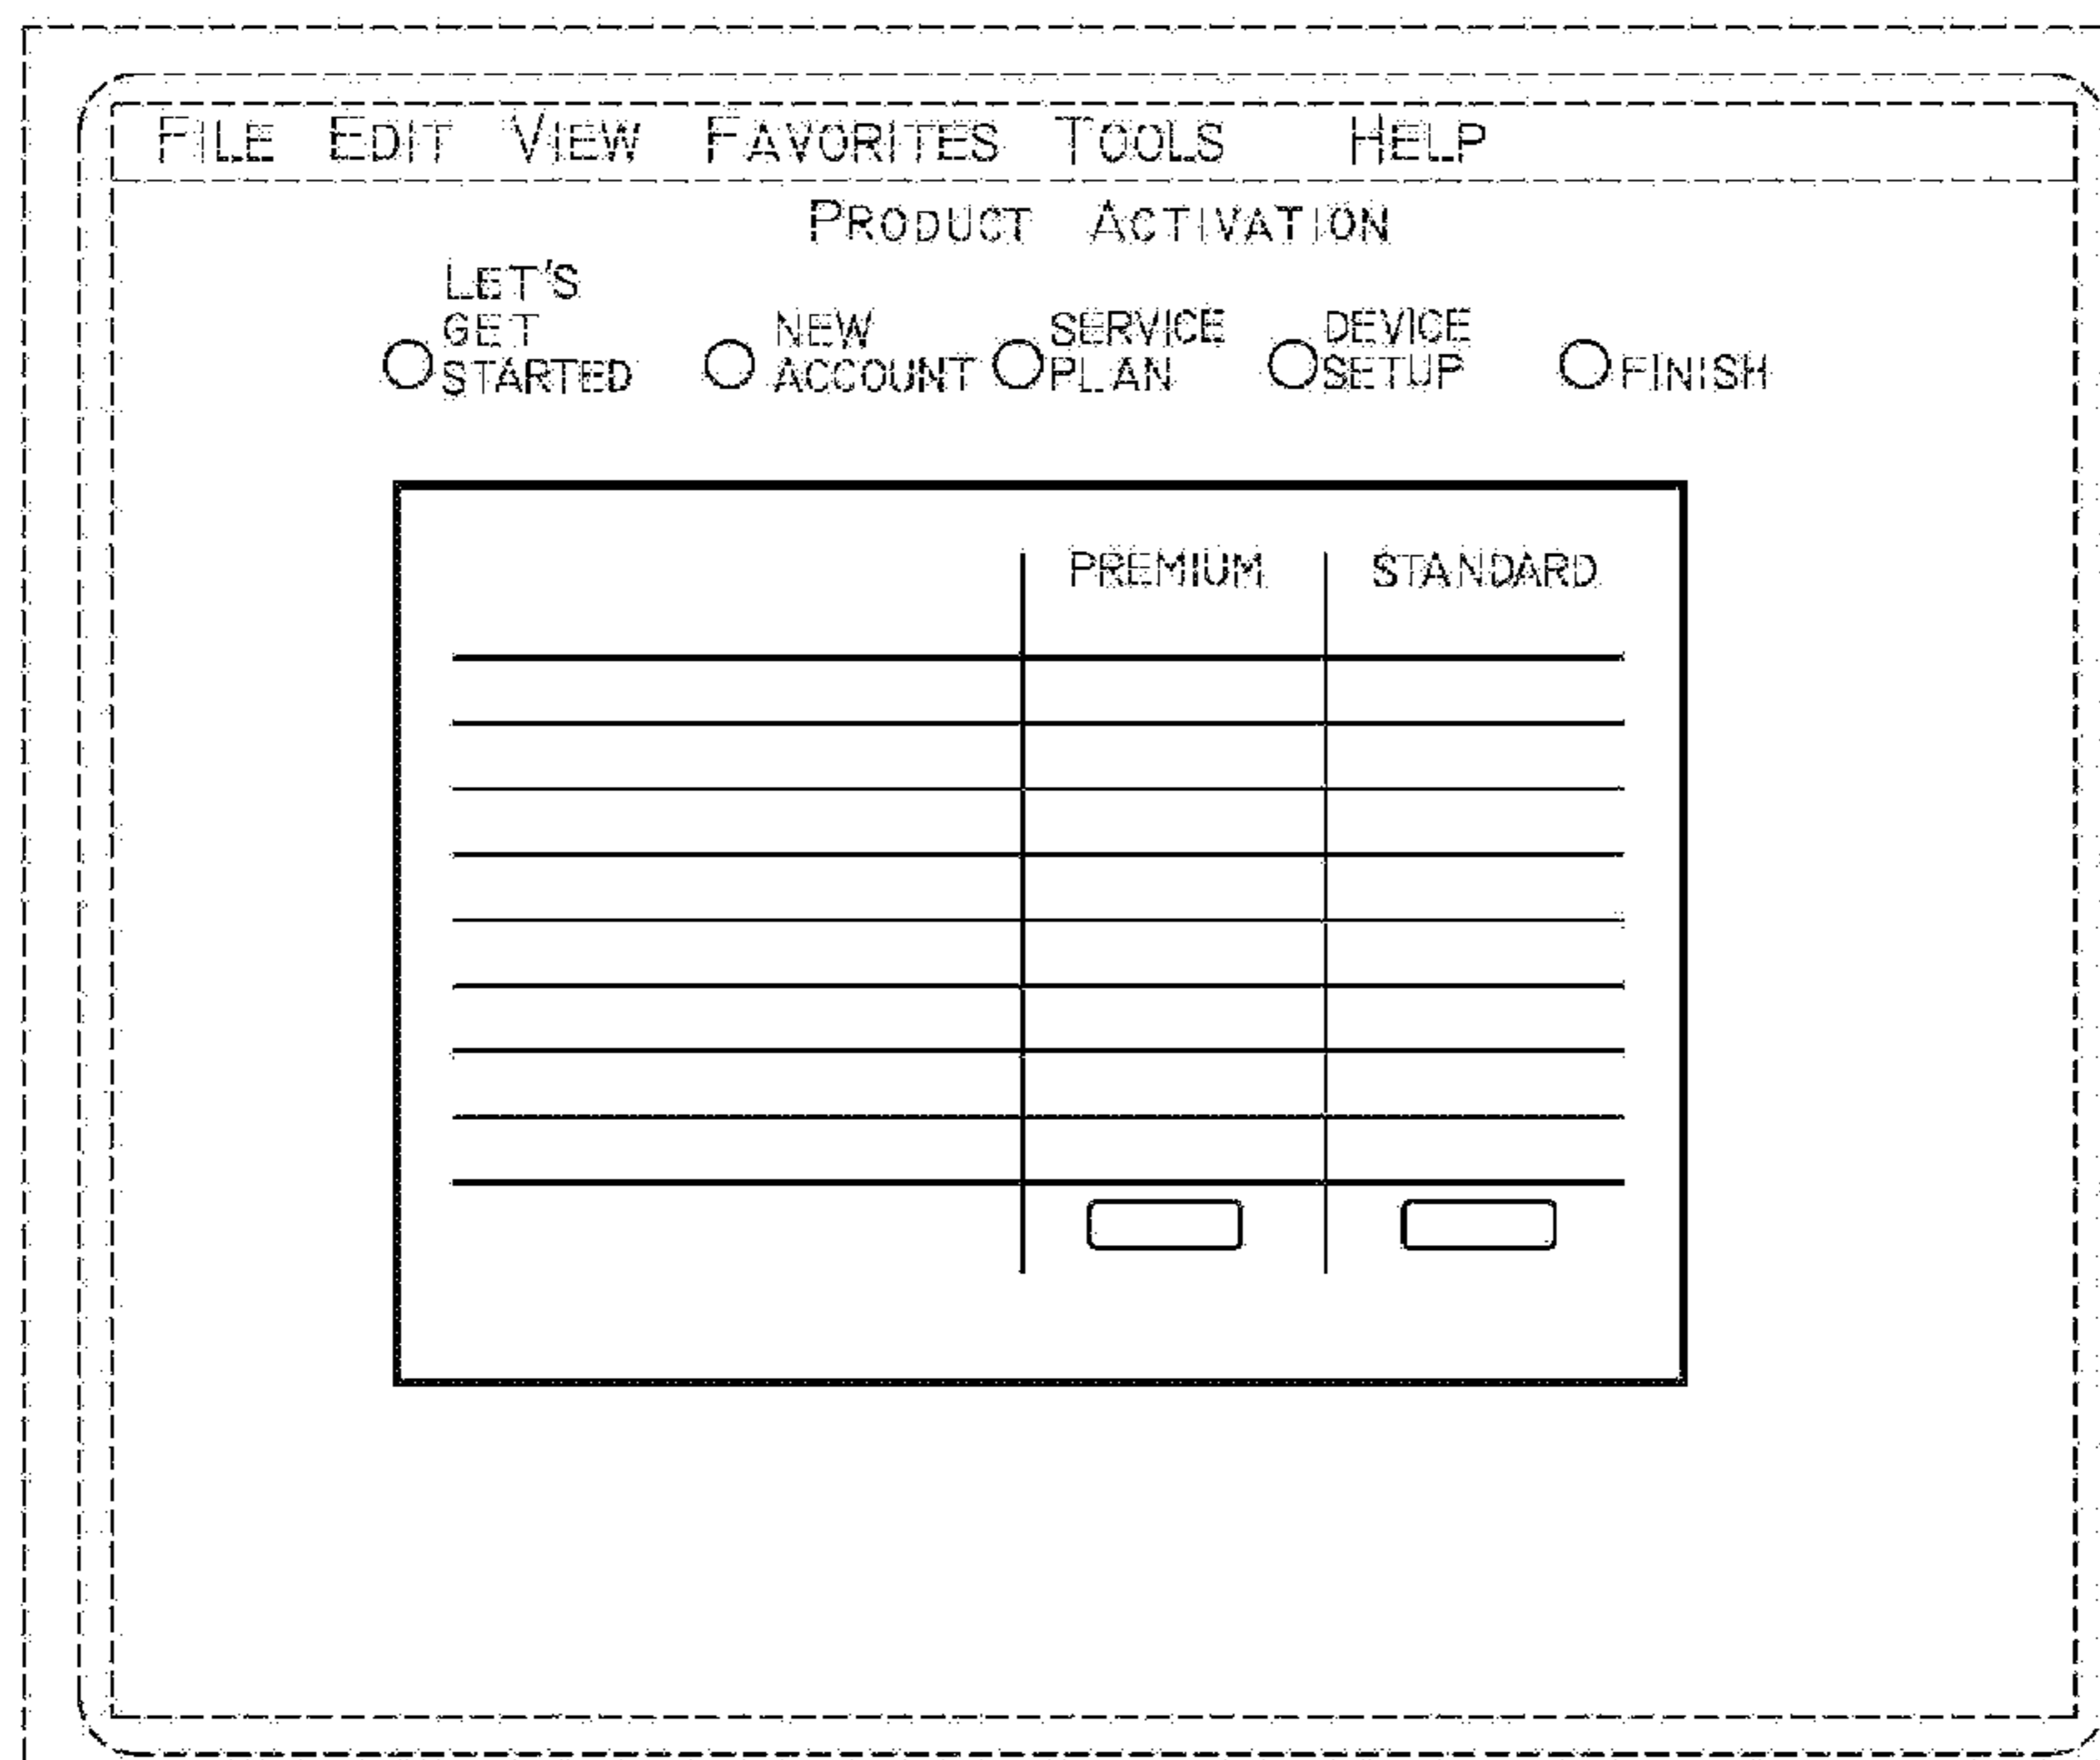

(57) **CLAIM**

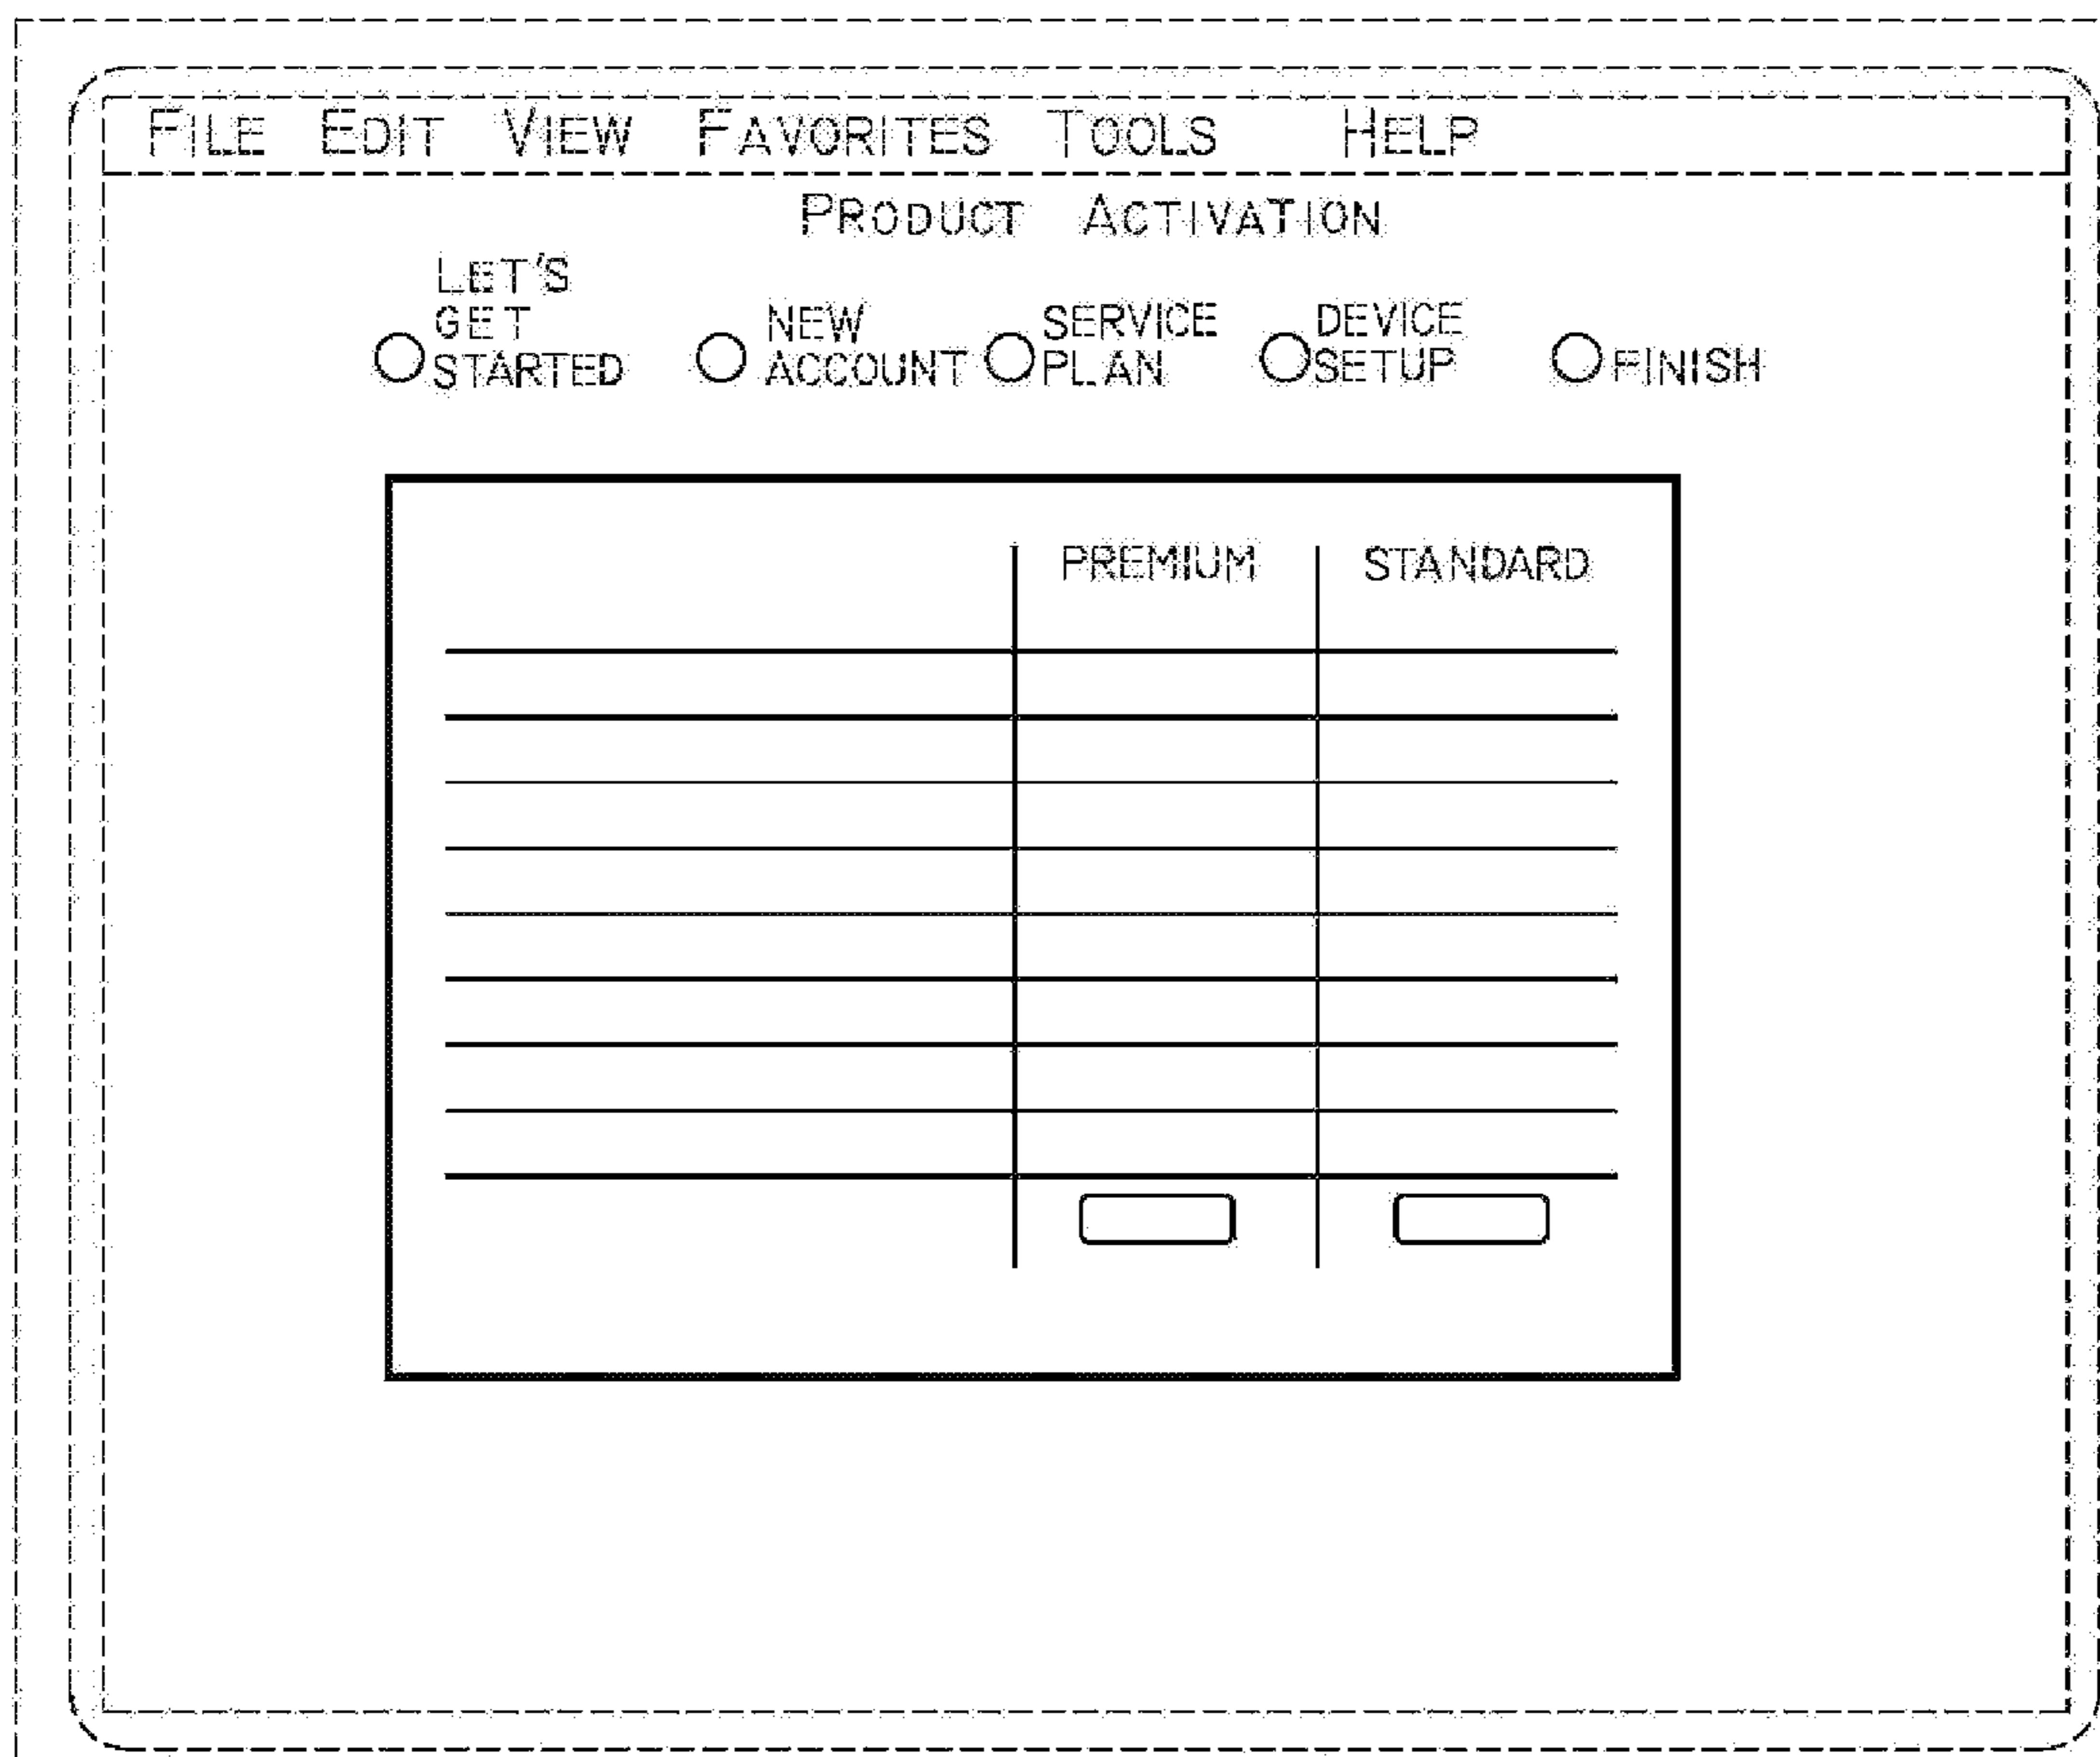

The ornamental design for a graphic user interface for displaying service information for a location tracking device for a computer display screen, as shown and described.

DESCRIPTION

The single FIGURE is a front view of a graphic user interface for displaying service information for a location tracking device for a computer display screen.
The broken line showing of a computer display screen and the text forms no part of the claimed design.

1 Claim, 1 Drawing Sheet
