(57) **CLAIM**

I claim the ornamental design for a double roll package, as
shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the double roll package show-
ing my new design, wherein a roll of bath tissue is rested on a
roll of paper toweling.

FIG. 2 is a front view of the package of FIG. 1.

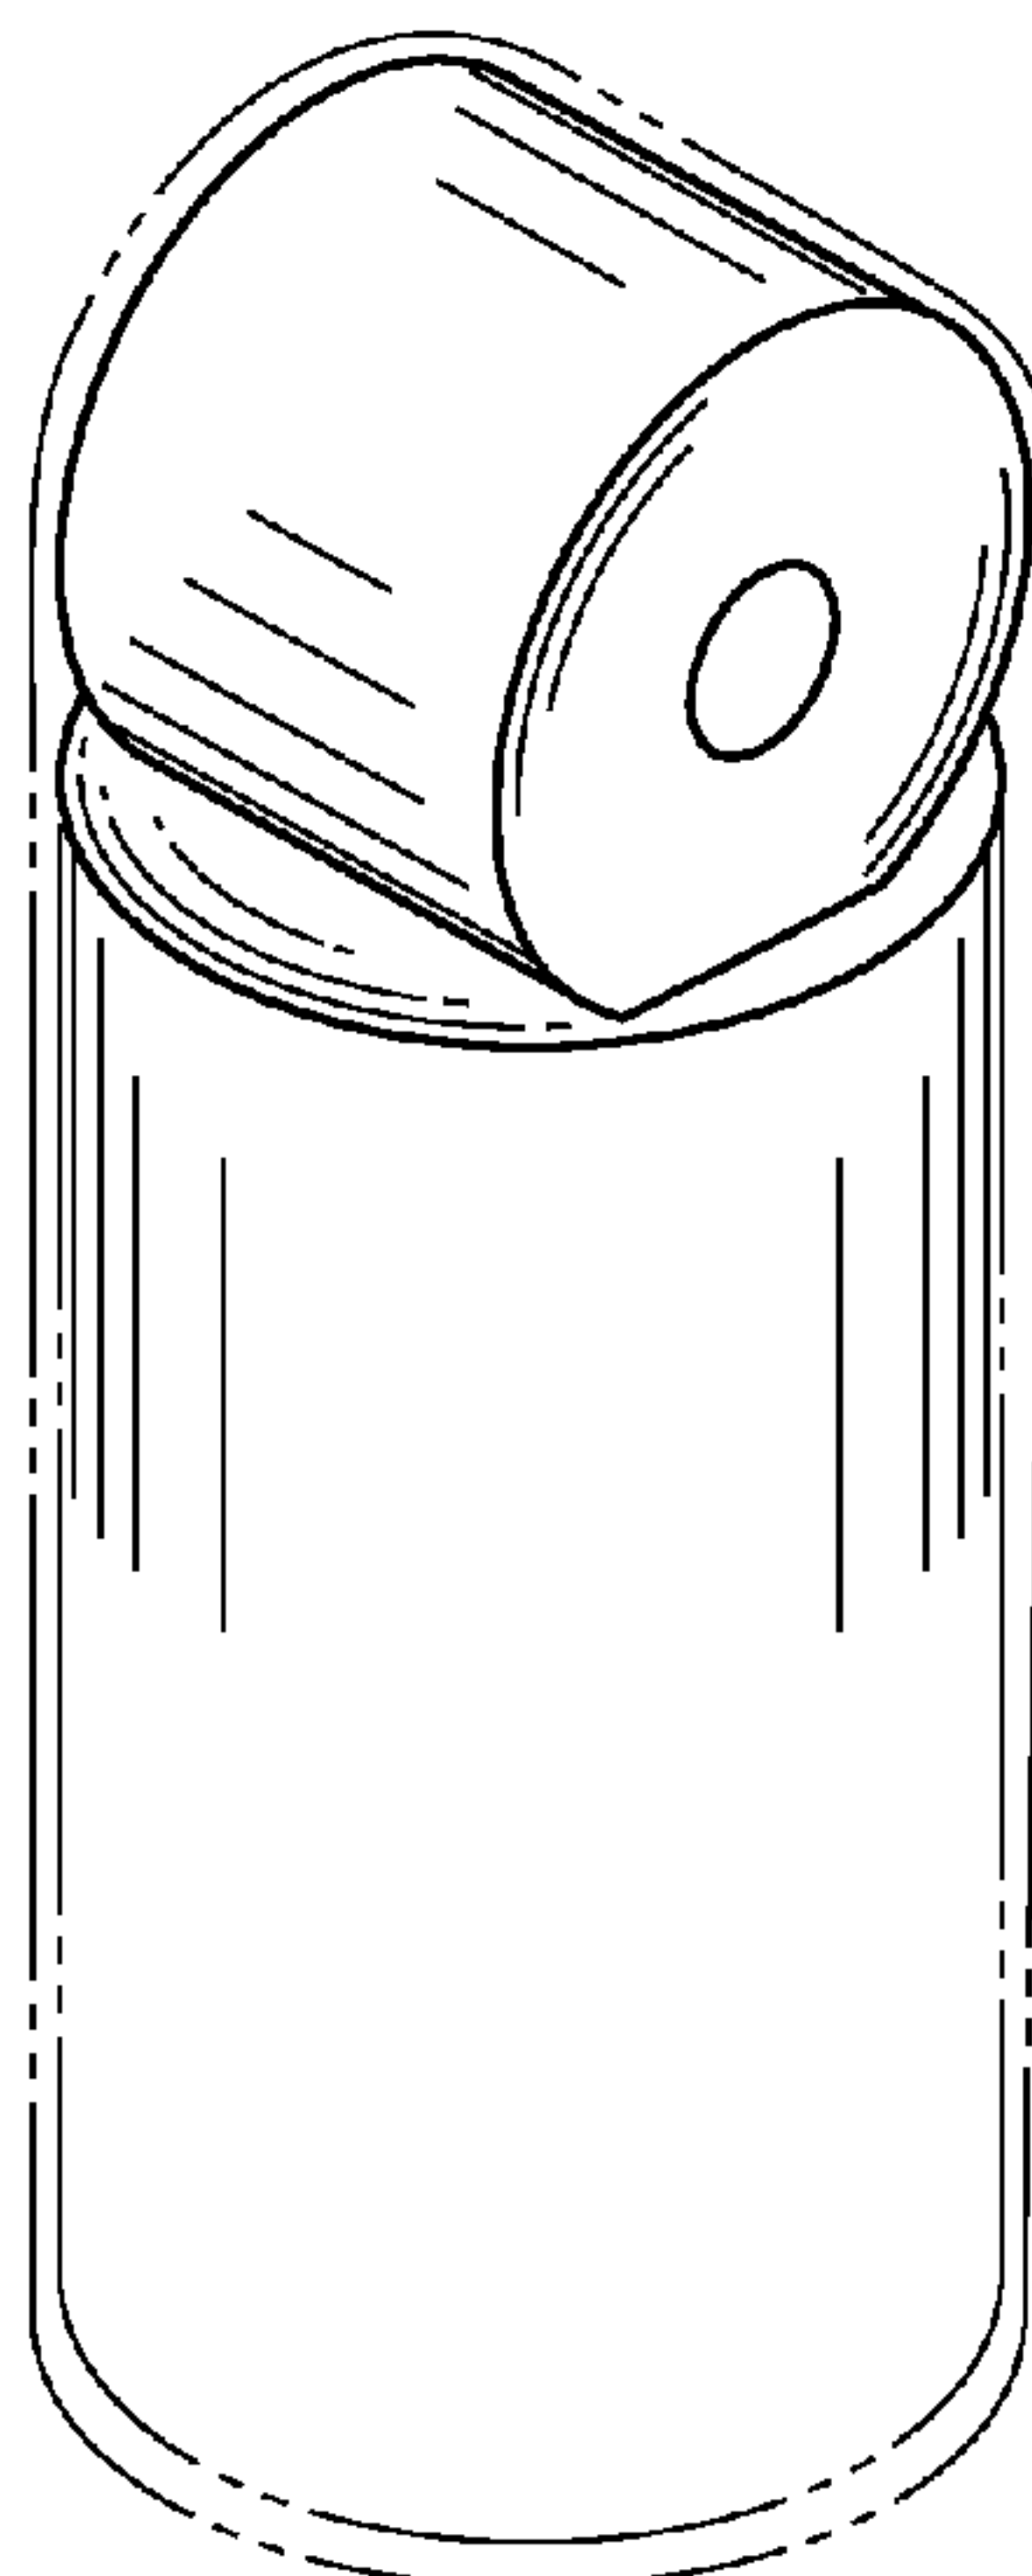

FIG. 3 is a side view of the package of FIG. 1; and,

FIG. 4 is a top view of the package of FIG. 1.

The tissue and toweling layers partially illustrated by the
curved lines are understood to continue throughout the end
regions in FIGS. 1, 2 and 4, except the area defined by the
smaller circular outline. The broken lines included for the
purpose of illustrating the plastic wrapper and lower portion
of the double roll package that form no part of the claimed
design.

The appearance within the smaller circular region shown in
FIGS. 1 and 2 likewise forms no part of the claimed design.
