(57) **CLAIM**

The ornamental design for a digital video camera with a built-in connector and ornamental band, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view a digital video camera with a built-in connector and ornamental band, with the connector being in an extended position.  
FIG. 2 is a rear perspective view thereof, with the connector being in an extended position.  
FIG. 3 is a right side elevational view thereof, with the connector being in an extended position.  
FIG. 4 is a left side elevational view thereof, with the connector being in an extended position.  
FIG. 5 is a top plan view thereof, with the connector being in an extended position.  
FIG. 6 is a front elevational view thereof, with the connector being in an extended position; and,  
FIG. 7 is a rear elevational view thereof, with the connector being in an extended position.  
The broken line portions in all views are shown to illustrate environment only and form no part of the claimed design.
