(57) **CLAIM**
 The ornamental design for a two tone storage bin, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a first embodiment of a two tone storage bin showing the new design; FIG. 2 is a rear elevational view thereof; FIG. 3 is a front elevational view thereof; FIG. 4 is a left side elevational view thereof; FIG. 5 is a right side elevational view thereof; FIG. 6 is a top plan view thereof; FIG. 7 is a bottom plan view thereof; FIG. 8 is a rear perspective view of a second embodiment of the two tone storage bin, the second embodiment being identical to the first embodiment except for the addition of a divider wall in the center thereof; FIG. 9 is a rear elevational view thereof; FIG. 10 is a front elevational view thereof; and, FIG. 11 is a top plan view thereof. The stippling that can be seen on the rear portion of the claimed design is a type of shading that represents a type of surface material. The broken lines are for the purpose of illustrating the environment of the article only and form no part of the claimed design.
