FIG. 1 is a top plan view of a paper product showing our new ornamental design.

FIG. 2 is a top plan view of a paper product showing our new ornamental design, the perimeter of broken lines defines a repeat unit of the claimed design, which repeats uniformly throughout the length and width of the paper product; and, FIG. 3 is a top plan view of a paper product, the inner perimeter of broken lines defines a repeat unit of the claimed design. The broken lines in the figures form no part of the claimed design. The broken lines indicate that a specific length and width of the paper product forms no part of the claimed design and that the design may continue in one or more directions. The surfaces or portions not shown in the drawings or described in the specification form no part of the claimed design.
