(57) **CLAIM**

The ornamental design for a channel clip net fastener, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of the channel clip net fastener in accordance with the present invention;

FIG. 2 is a top perspective view thereof;

FIG. 3 is a front view thereof;

FIG. 4 is a right side view of FIG. 3 rotated clockwise 25 degrees;

FIG. 5 is a top view of FIG. 3;

FIG. 6 is a bottom view of FIG. 3; and

FIG. 7 is a partial view of the channel clip net fastener shown being initially inserted into a channel of a goal having a net where the broken lines form no part of the present invention; and,

FIG. 8 is a partial view of the channel clip net fastener shown being secured within the channel of the goal to secure the net to the goal where the broken lines form no part of the present invention.
