(57) **CLAIM**

The ornamental design for a guitar note map, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of my new design for a right hand embodiment of my guitar note map;

FIG. 2 is a top perspective view of my new design for the right hand embodiment of my guitar note map;

FIG. 3 is a top perspective view of my new design for the right hand embodiment of my guitar note map shown in use in an alternate position to account for its conforming to the shape of the guitar;

FIG. 4 is a left side elevation of both the right hand and a left hand embodiment of my guitar note map, wherein a right side elevation view is identical;

FIG. 5 is a front elevation view of both the right hand and the left hand embodiment of my guitar note map, wherein a rear elevation view is identical;

FIG. 6 is a top plan view of my new design for the left hand embodiment of my guitar note map; and,

FIG. 7 is a top perspective view of my new design for the left hand embodiment of my guitar note map.

The broken lines indicating use on a guitar are for the purposes of illustrating a use for my new design and form no part of the claimed design.

The broken lines are included for the purpose of illustrating portions of the guitar note map that forms no part of the claimed design.
