See application file for complete search history.

(57) **CLAIM**
The ornamental design for a “substrate with printed pattern,” as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.
FIG. 1 is a top view of a substrate with printed pattern showing our new design;
FIG. 2 is a top view of another embodiment of a substrate with printed pattern;
FIG. 3 is a top view of another embodiment of a substrate with printed pattern;
FIG. 4 is a top view of another embodiment of a substrate with printed pattern; and,
FIG. 5 is a top view of another embodiment of a substrate with printed pattern.
The broken lines in the drawings represent the boundaries of the claimed design. The shading shown in FIGS. 1-5 represents the printed pattern. The broken lines represent unclaimed environmental subject matter.
