(57) **CLAIM**

The ornamental design for a two wheeled robot with enhanced climbing features, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a two wheeled robot with enhanced climbing features. The view from the opposite front corner with respect to the claimed features being a mirror image thereof.

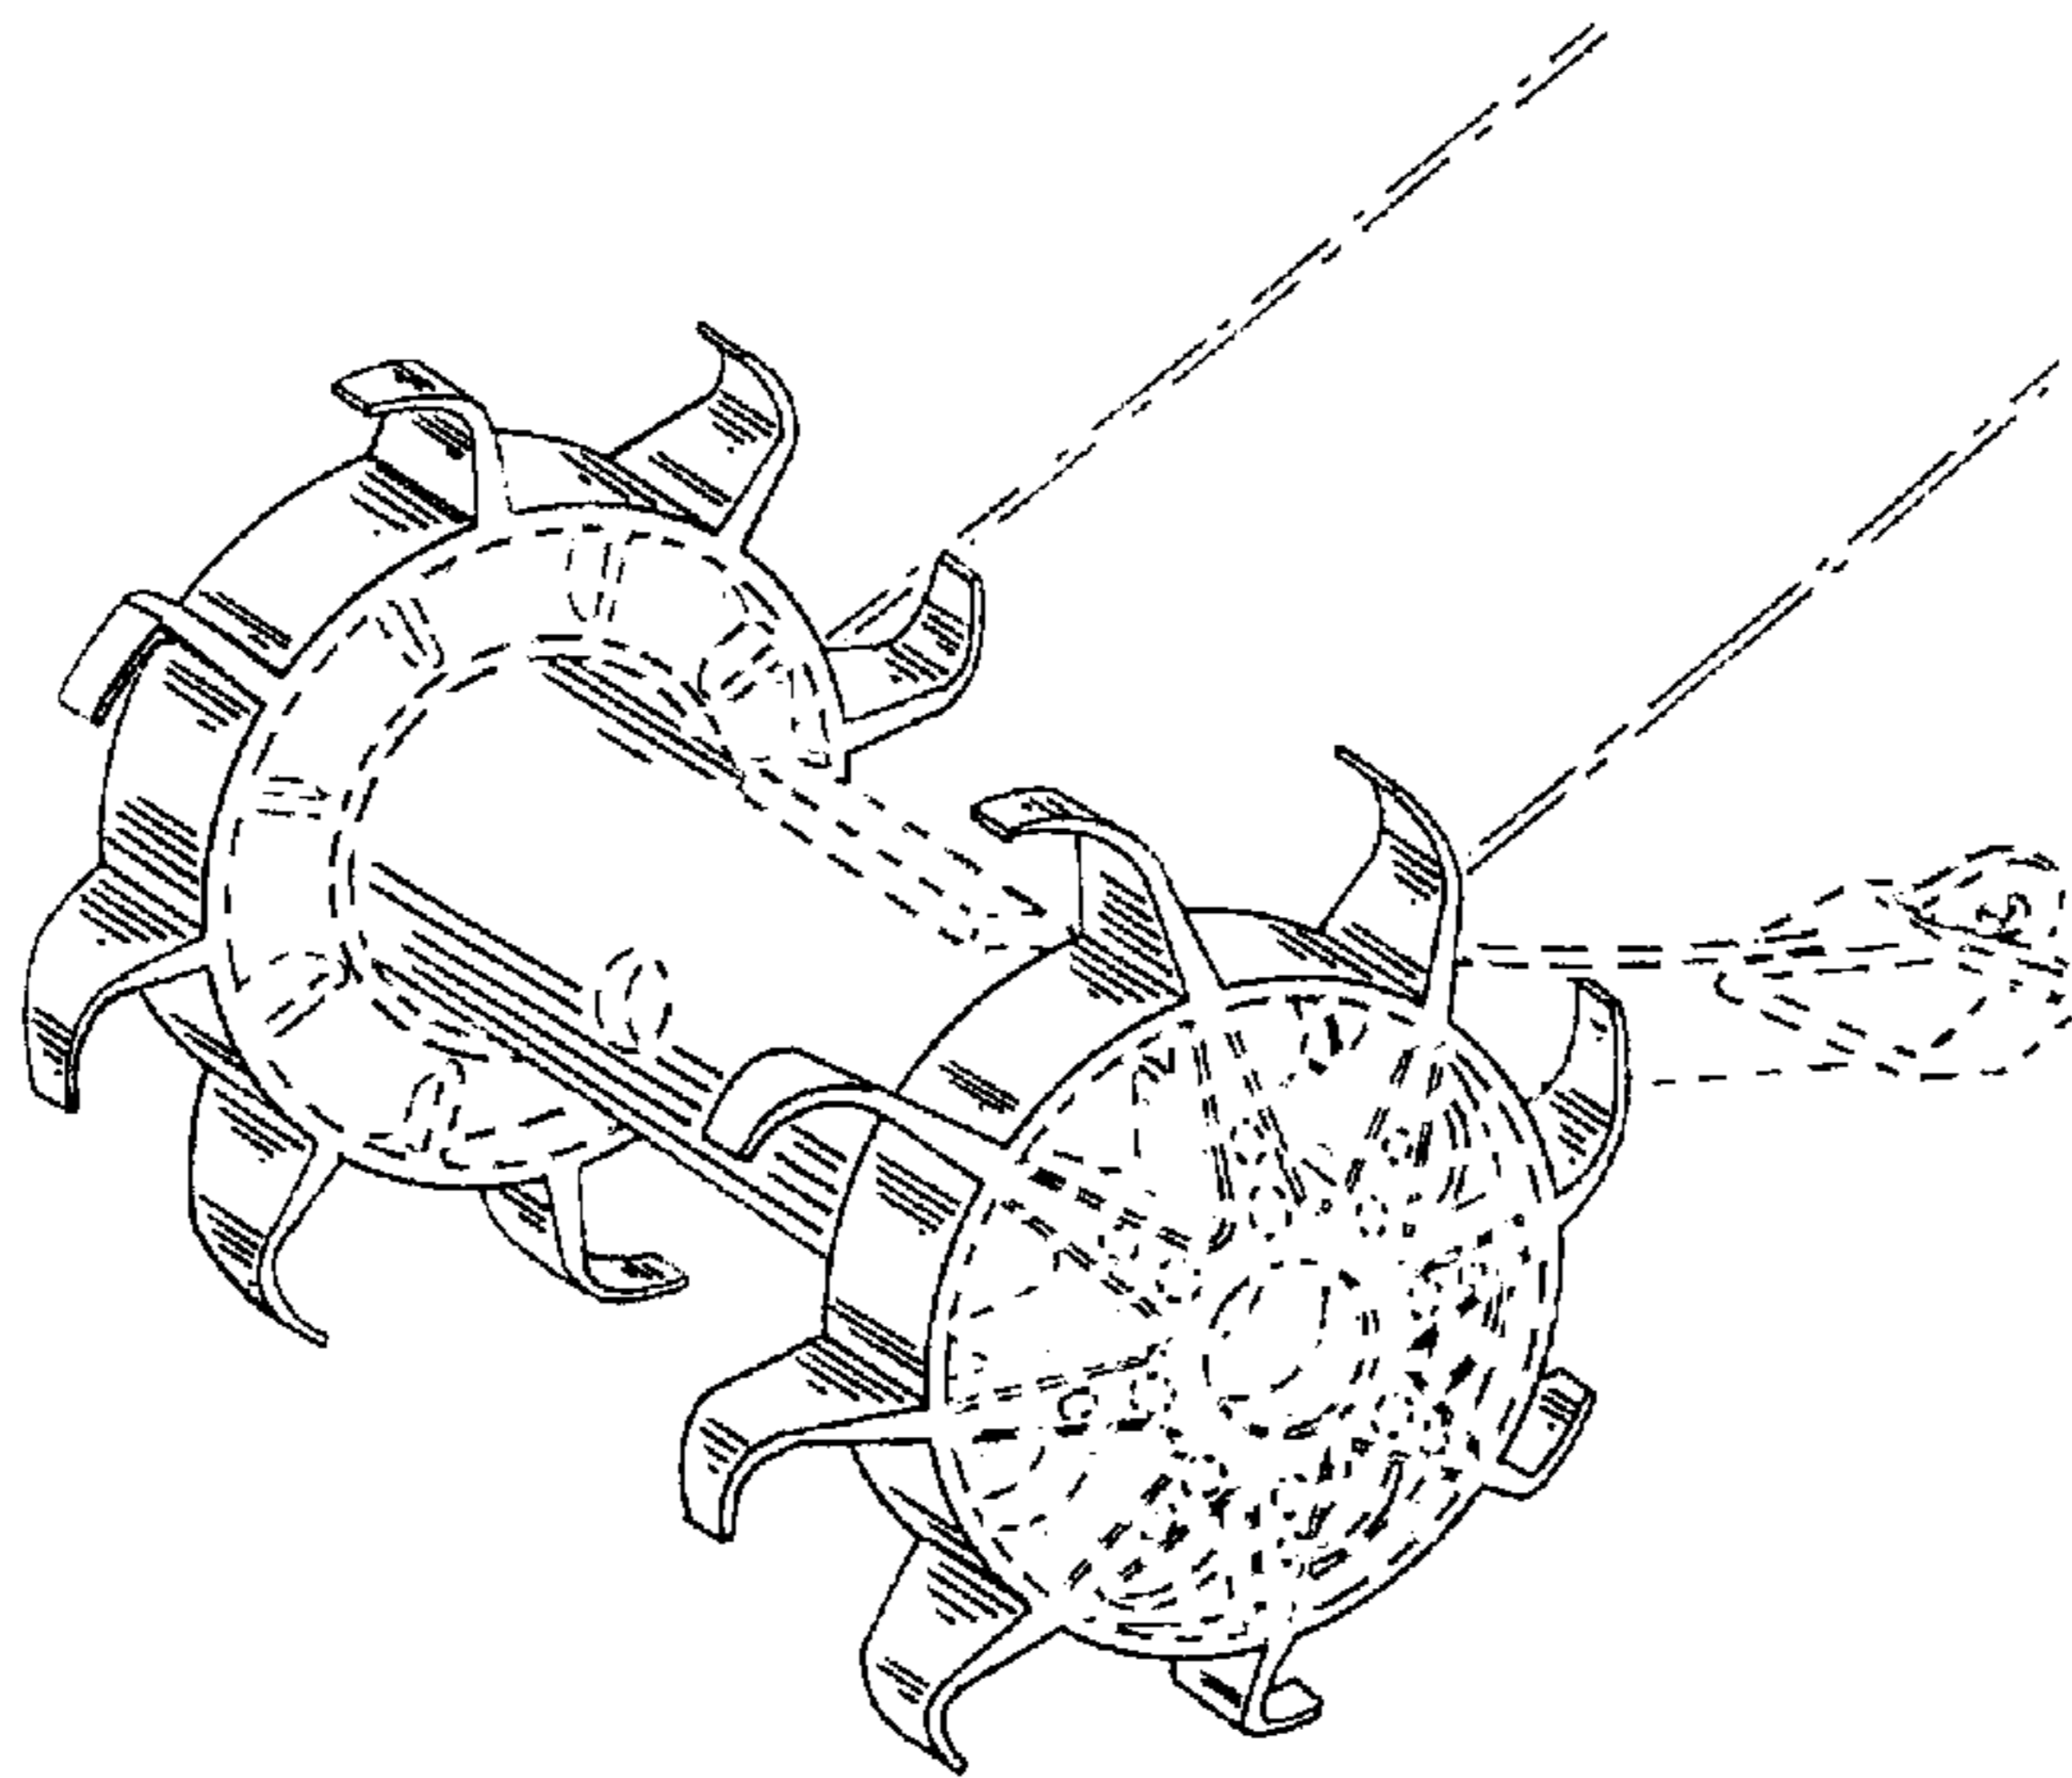

FIG. 2 is a side elevational view of the two wheeled robot with enhanced climbing features. The view from the opposite side with respect to the claimed features being a mirror image thereof.

FIG. 3 is a rear elevational view of the two wheeled robot with enhanced climbing features; and,

FIG. 4 is a front elevational view of the two wheeled robot with enhanced climbing features.

The broken lines in the drawings depict unclaimed environmental subject matter.
