(57) **CLAIM**

The ornamental design for a portion of a glass body of a building glass, as shown and described.

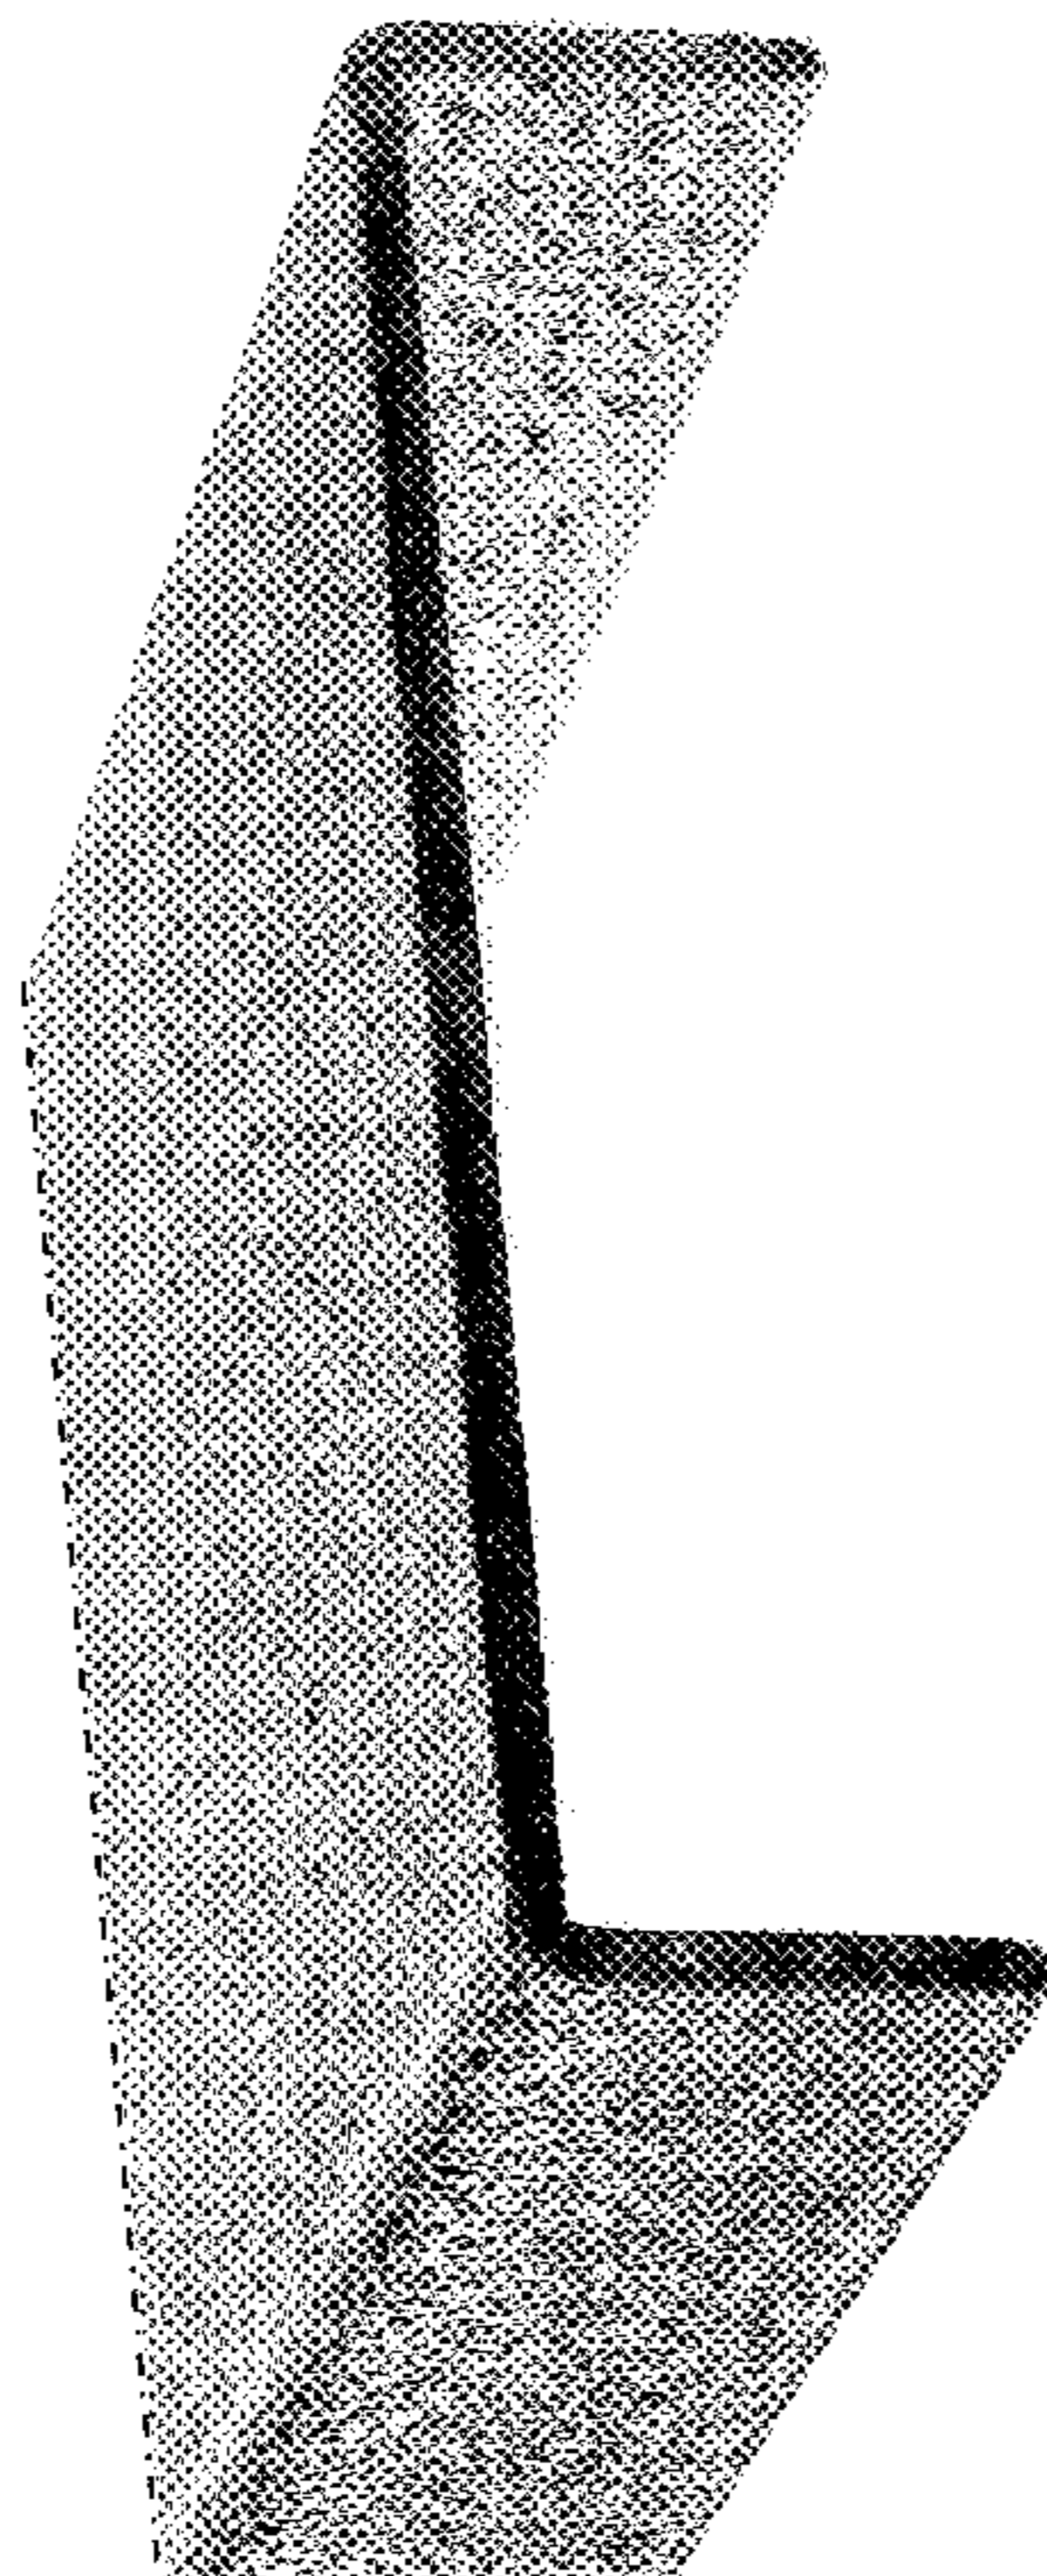

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a perspective photographic view of a portion of a glass body of a building glass in accordance with my design; FIG. 2 is a top photographic view of the portion of the glass body of the building glass of FIG. 1; and,

FIG. 3 is an enlarged fragmentary top photographic view of the portion of the glass body of the building glass of FIG. 1. The broken border line shown at an end of the portion of the glass body of the building glass in FIGS. 1 and 2 indicates that a specific length forms no part of the claimed design.
