(57) **CLAIM**

The ornamental design for a firearm magazine with placard,
as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the firearm magazine with
placard of the present invention;

FIG. 2 is a top view of the firearm magazine with placard of
FIG. 1;

FIG. 3 is a bottom view of the firearm magazine with placard
of FIG. 1;

FIG. 4 is a front view of the firearm magazine with placard of
FIG. 1;

FIG. 5 is a back view of the firearm magazine with placard of
FIG. 1;

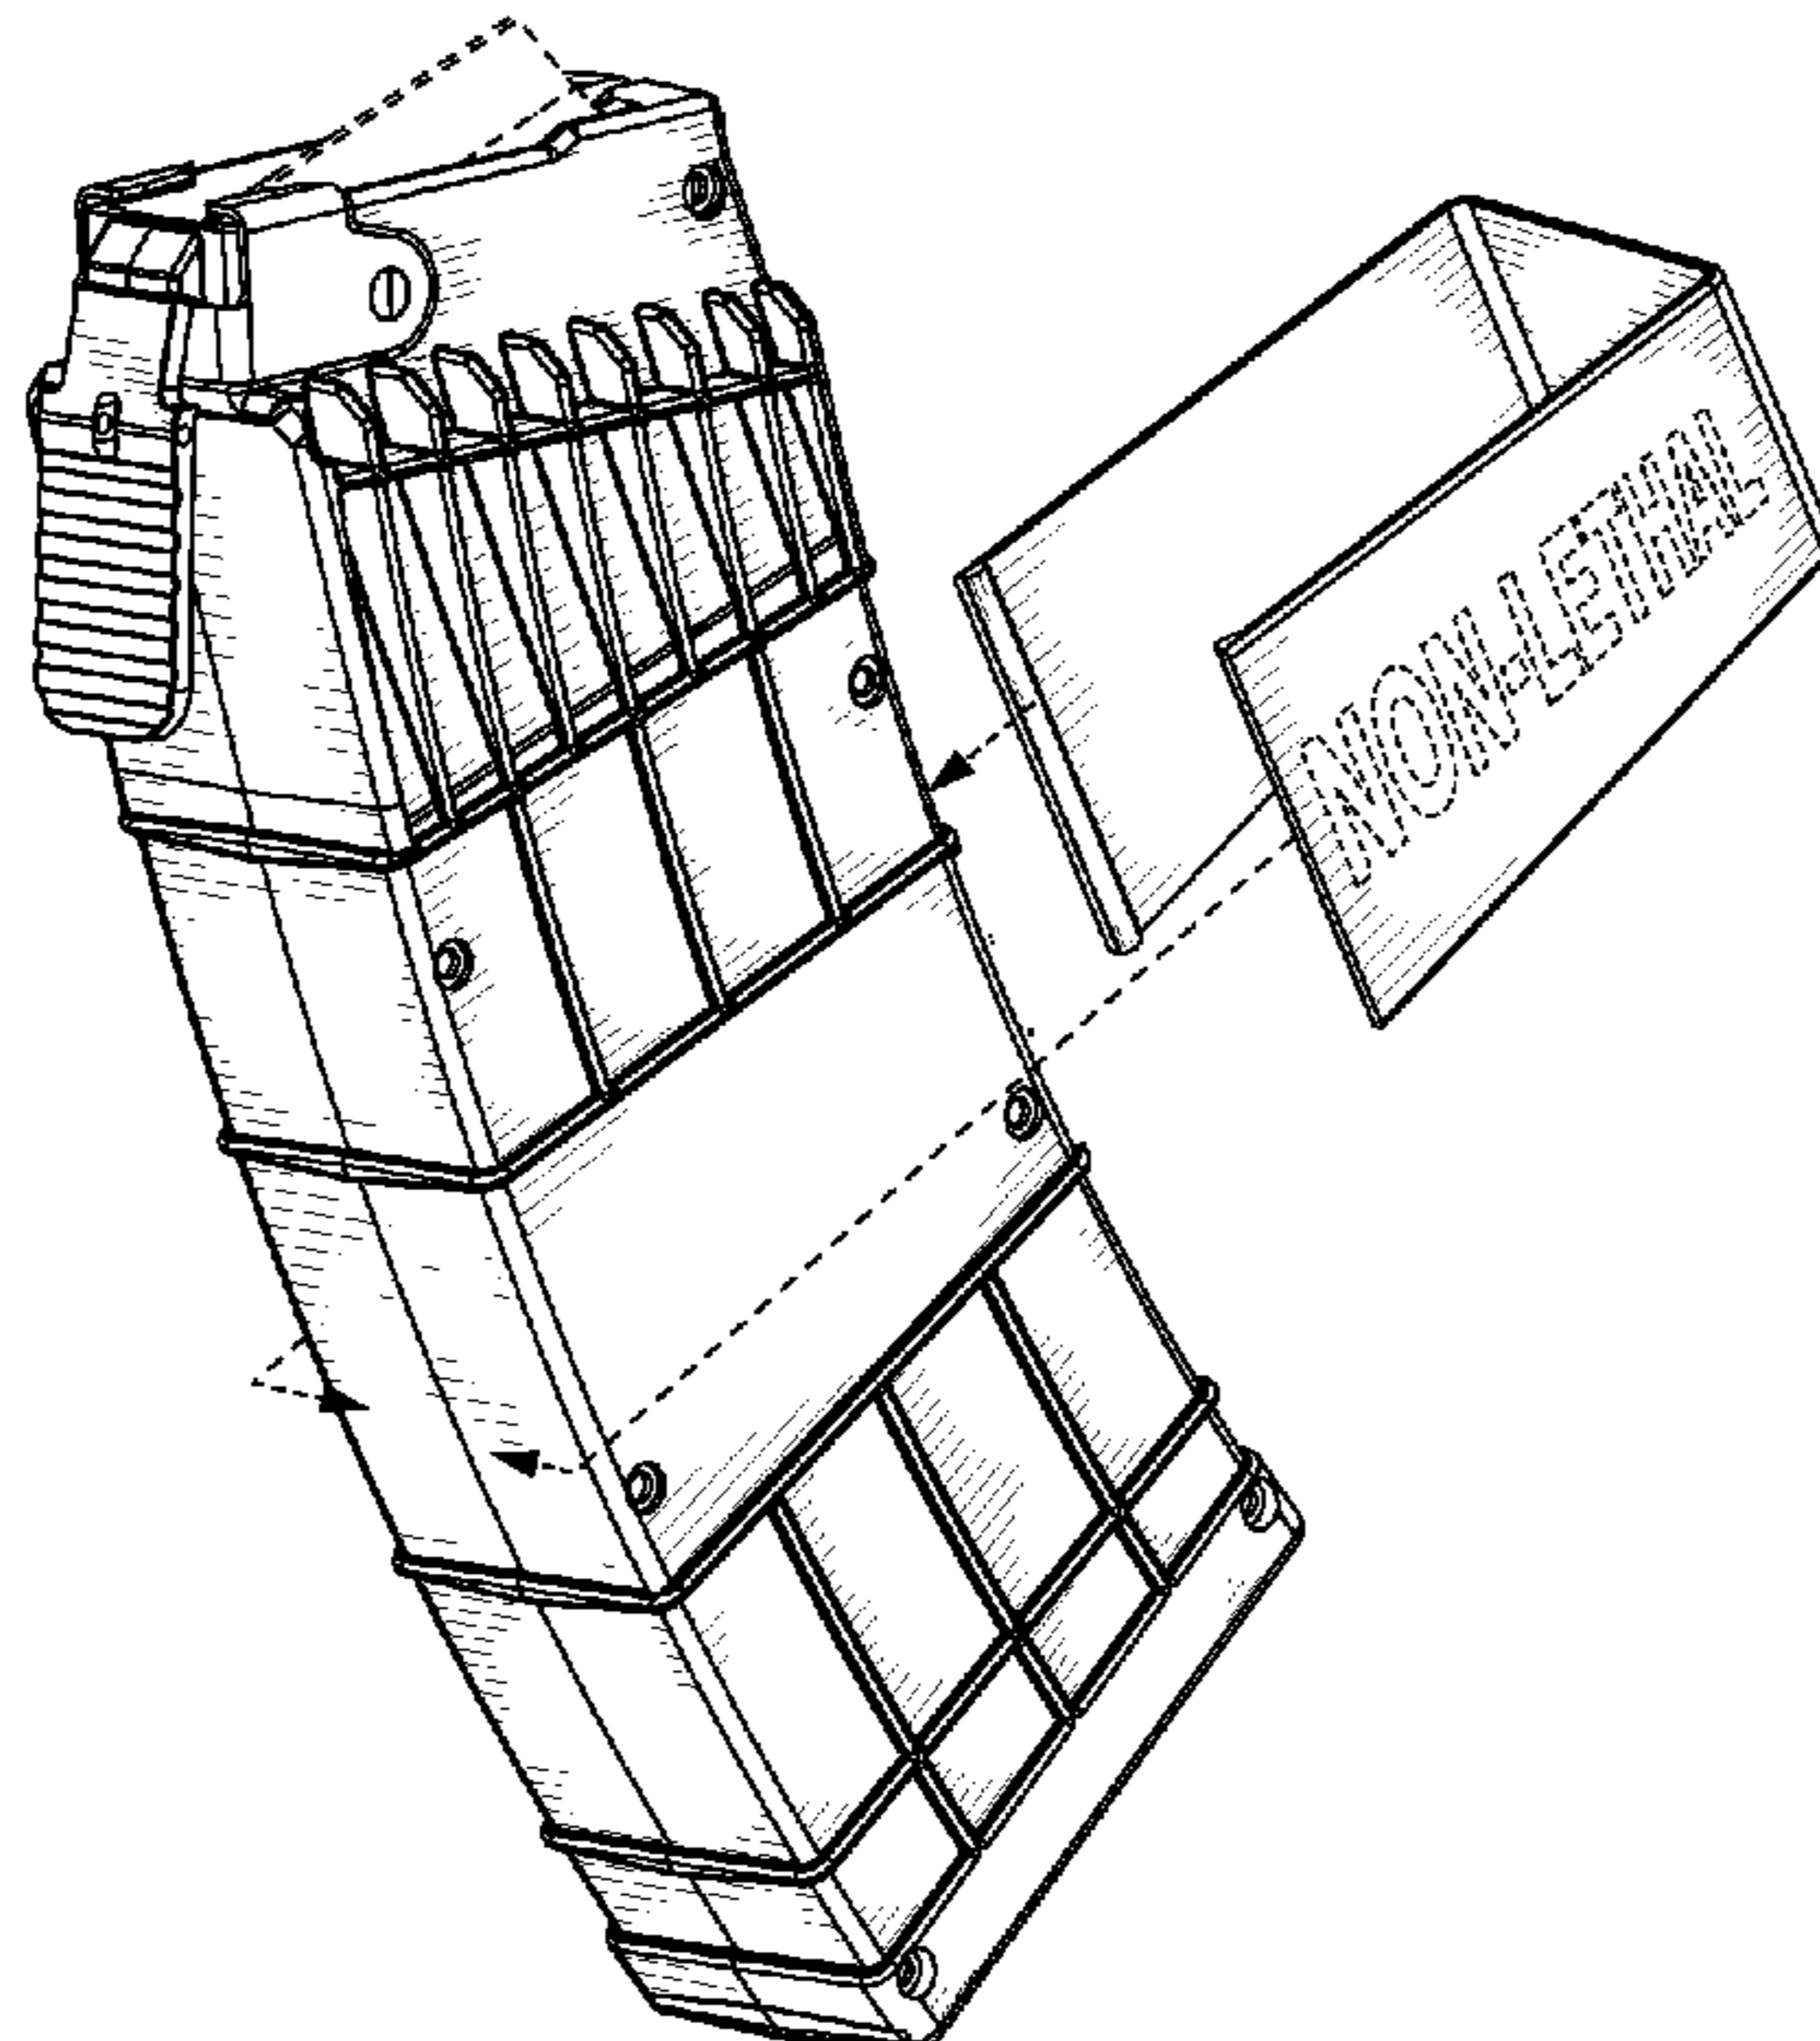

FIG. 6 is a left side view of the firearm magazine with placard
of FIG. 1;

FIG. 7 is a right side view of the firearm magazine with
placard of FIG. 1; and,

FIG. 8 is a perspective view of the firearm magazine with
placard of FIG. 1 inserted into a firearm.

The broken lines upon the firearm magazine with placard
depict portions of the design and/or environmental structure
that form no part of the claimed design. The broken lines
associated with arrows in FIG. 1 show the order of assembly
of the separated components of the design in this view, and
also form no part of the claimed design. In FIG. 8, the broken
line depiction of a firearm is for purposes of showing the
environment of use, and these broken lines also form no part
of the claimed design.
