(57) **CLAIM**

The ornamental design for a fence wire twister, as shown and described.

**DESCRIPTION**

FIG. 1 is a top, perspective view of the fence wire twister of the invention;

FIG. 2 is a side view of the fence wire twister of FIG. 1 centered along the central slit which is present at one point in the circumference thereof;

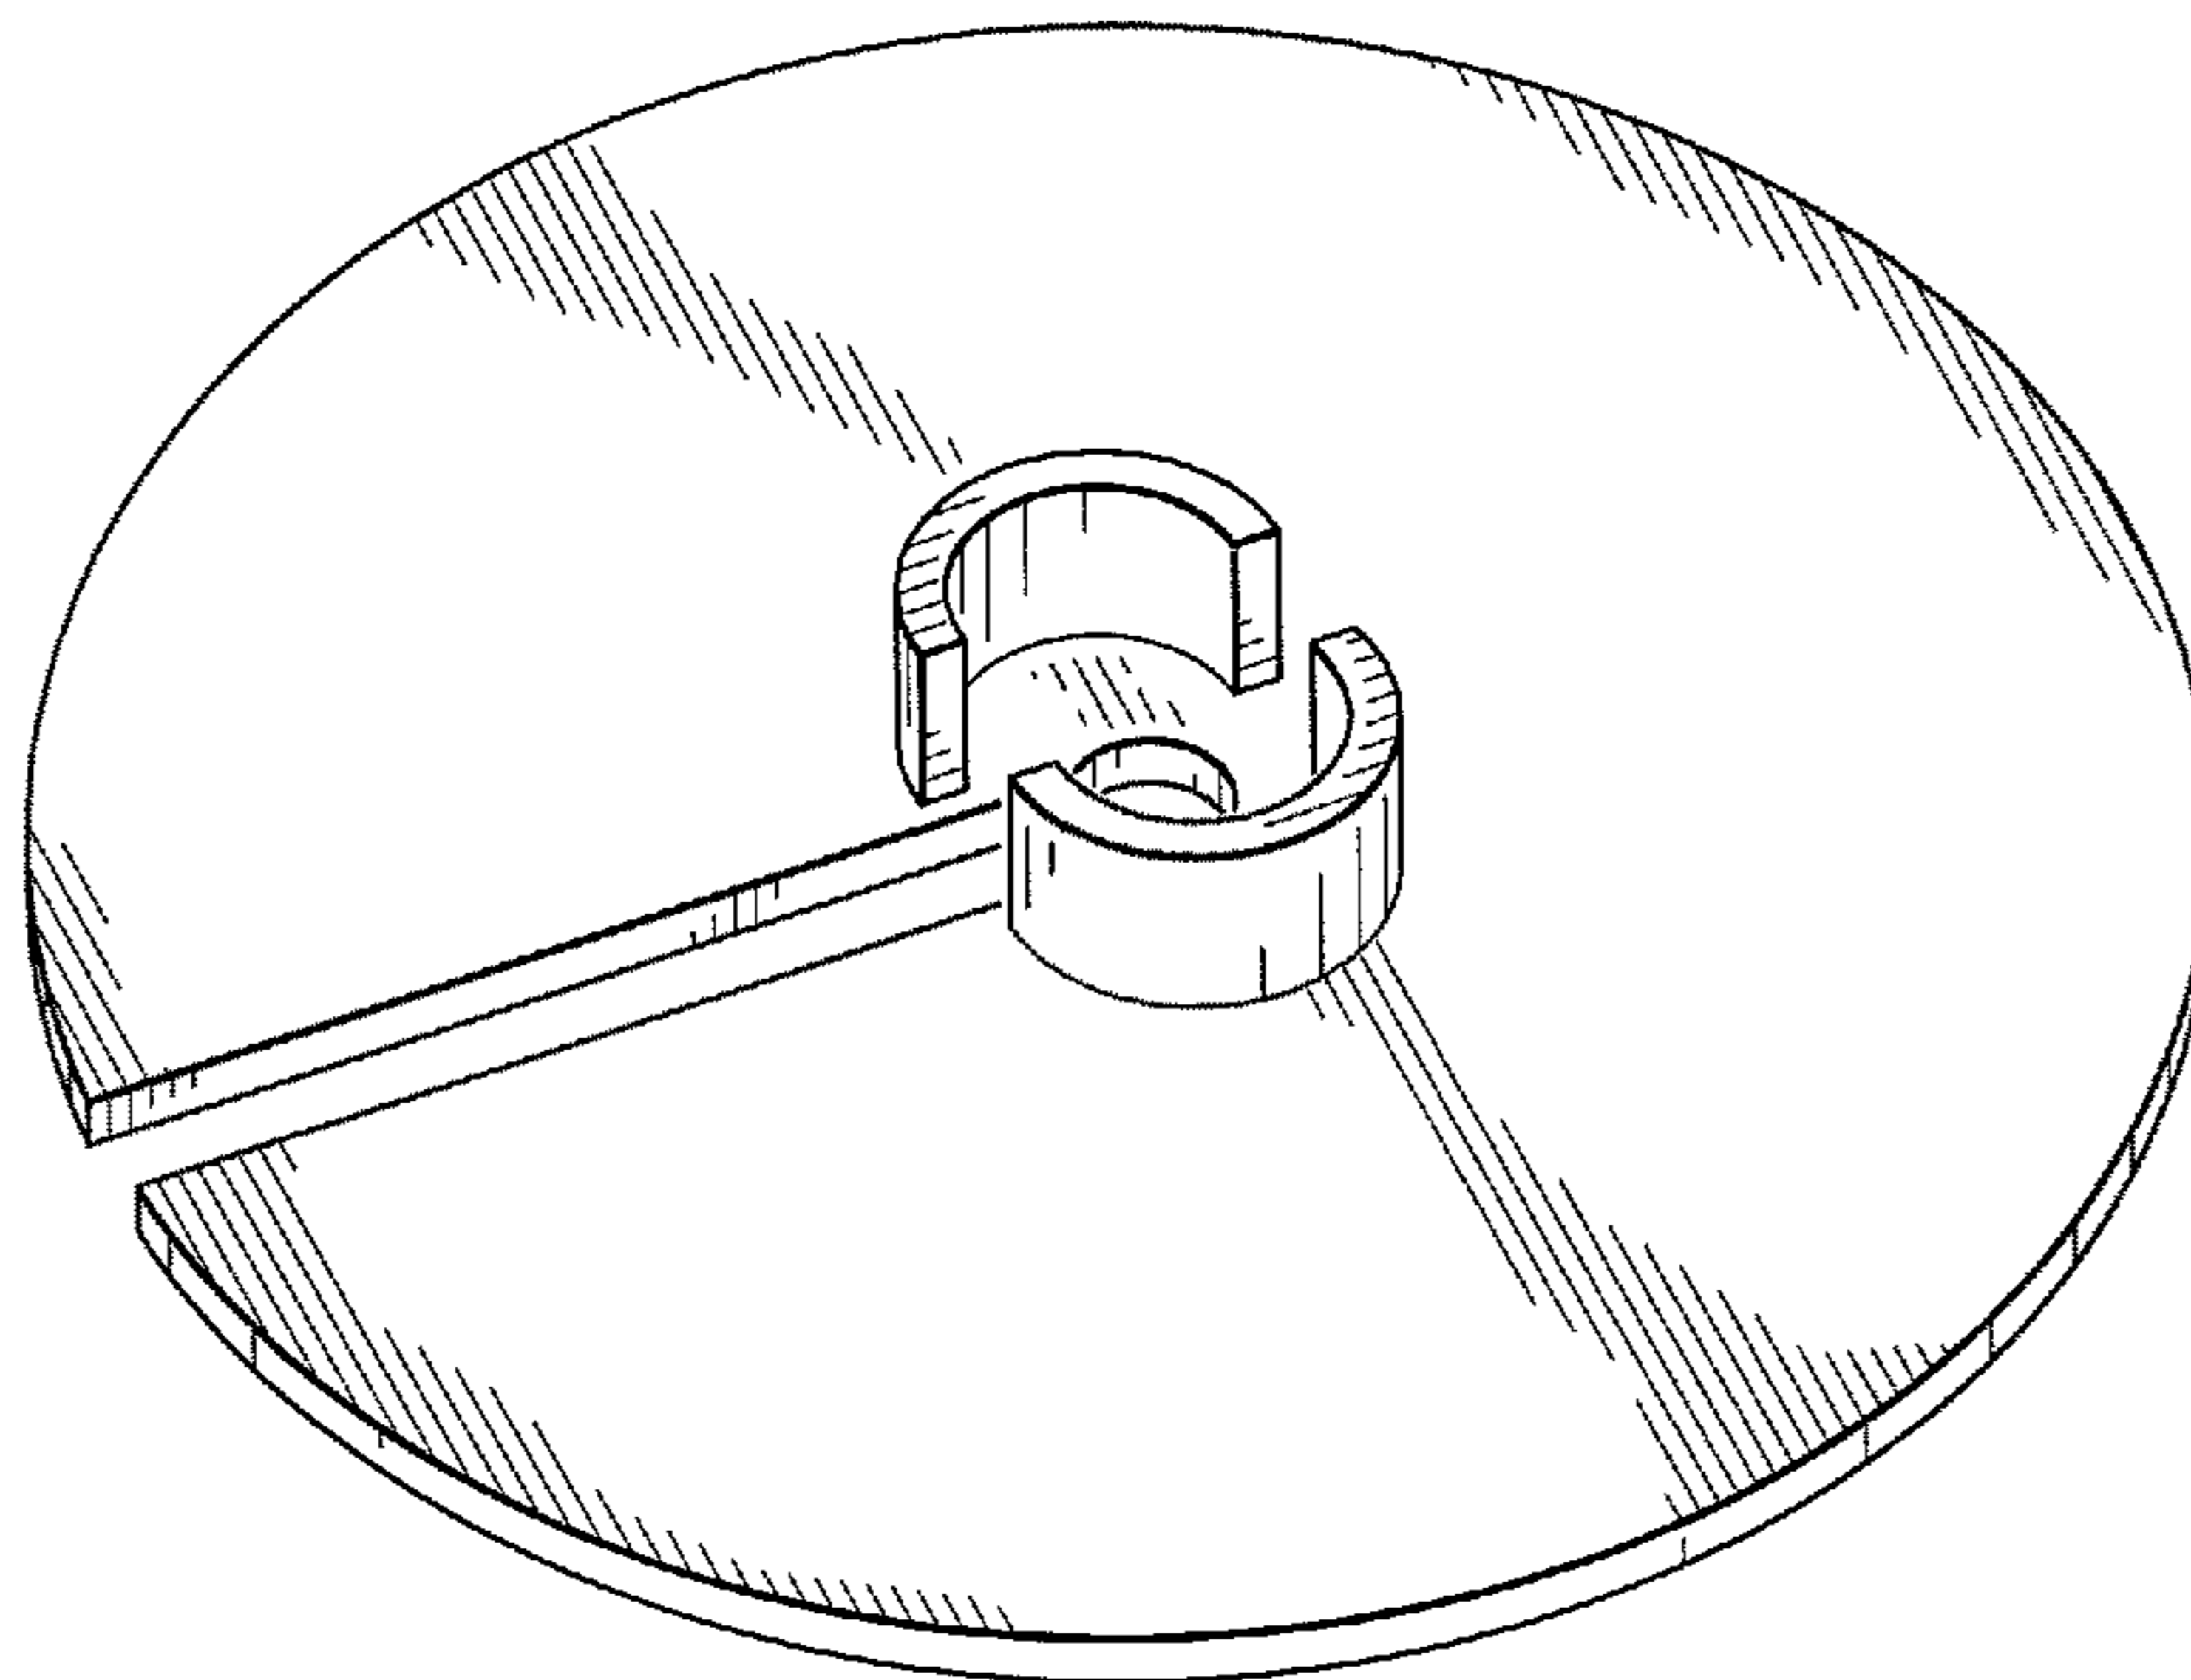

FIG. 3 is an end view of the fence wire twister of the invention;

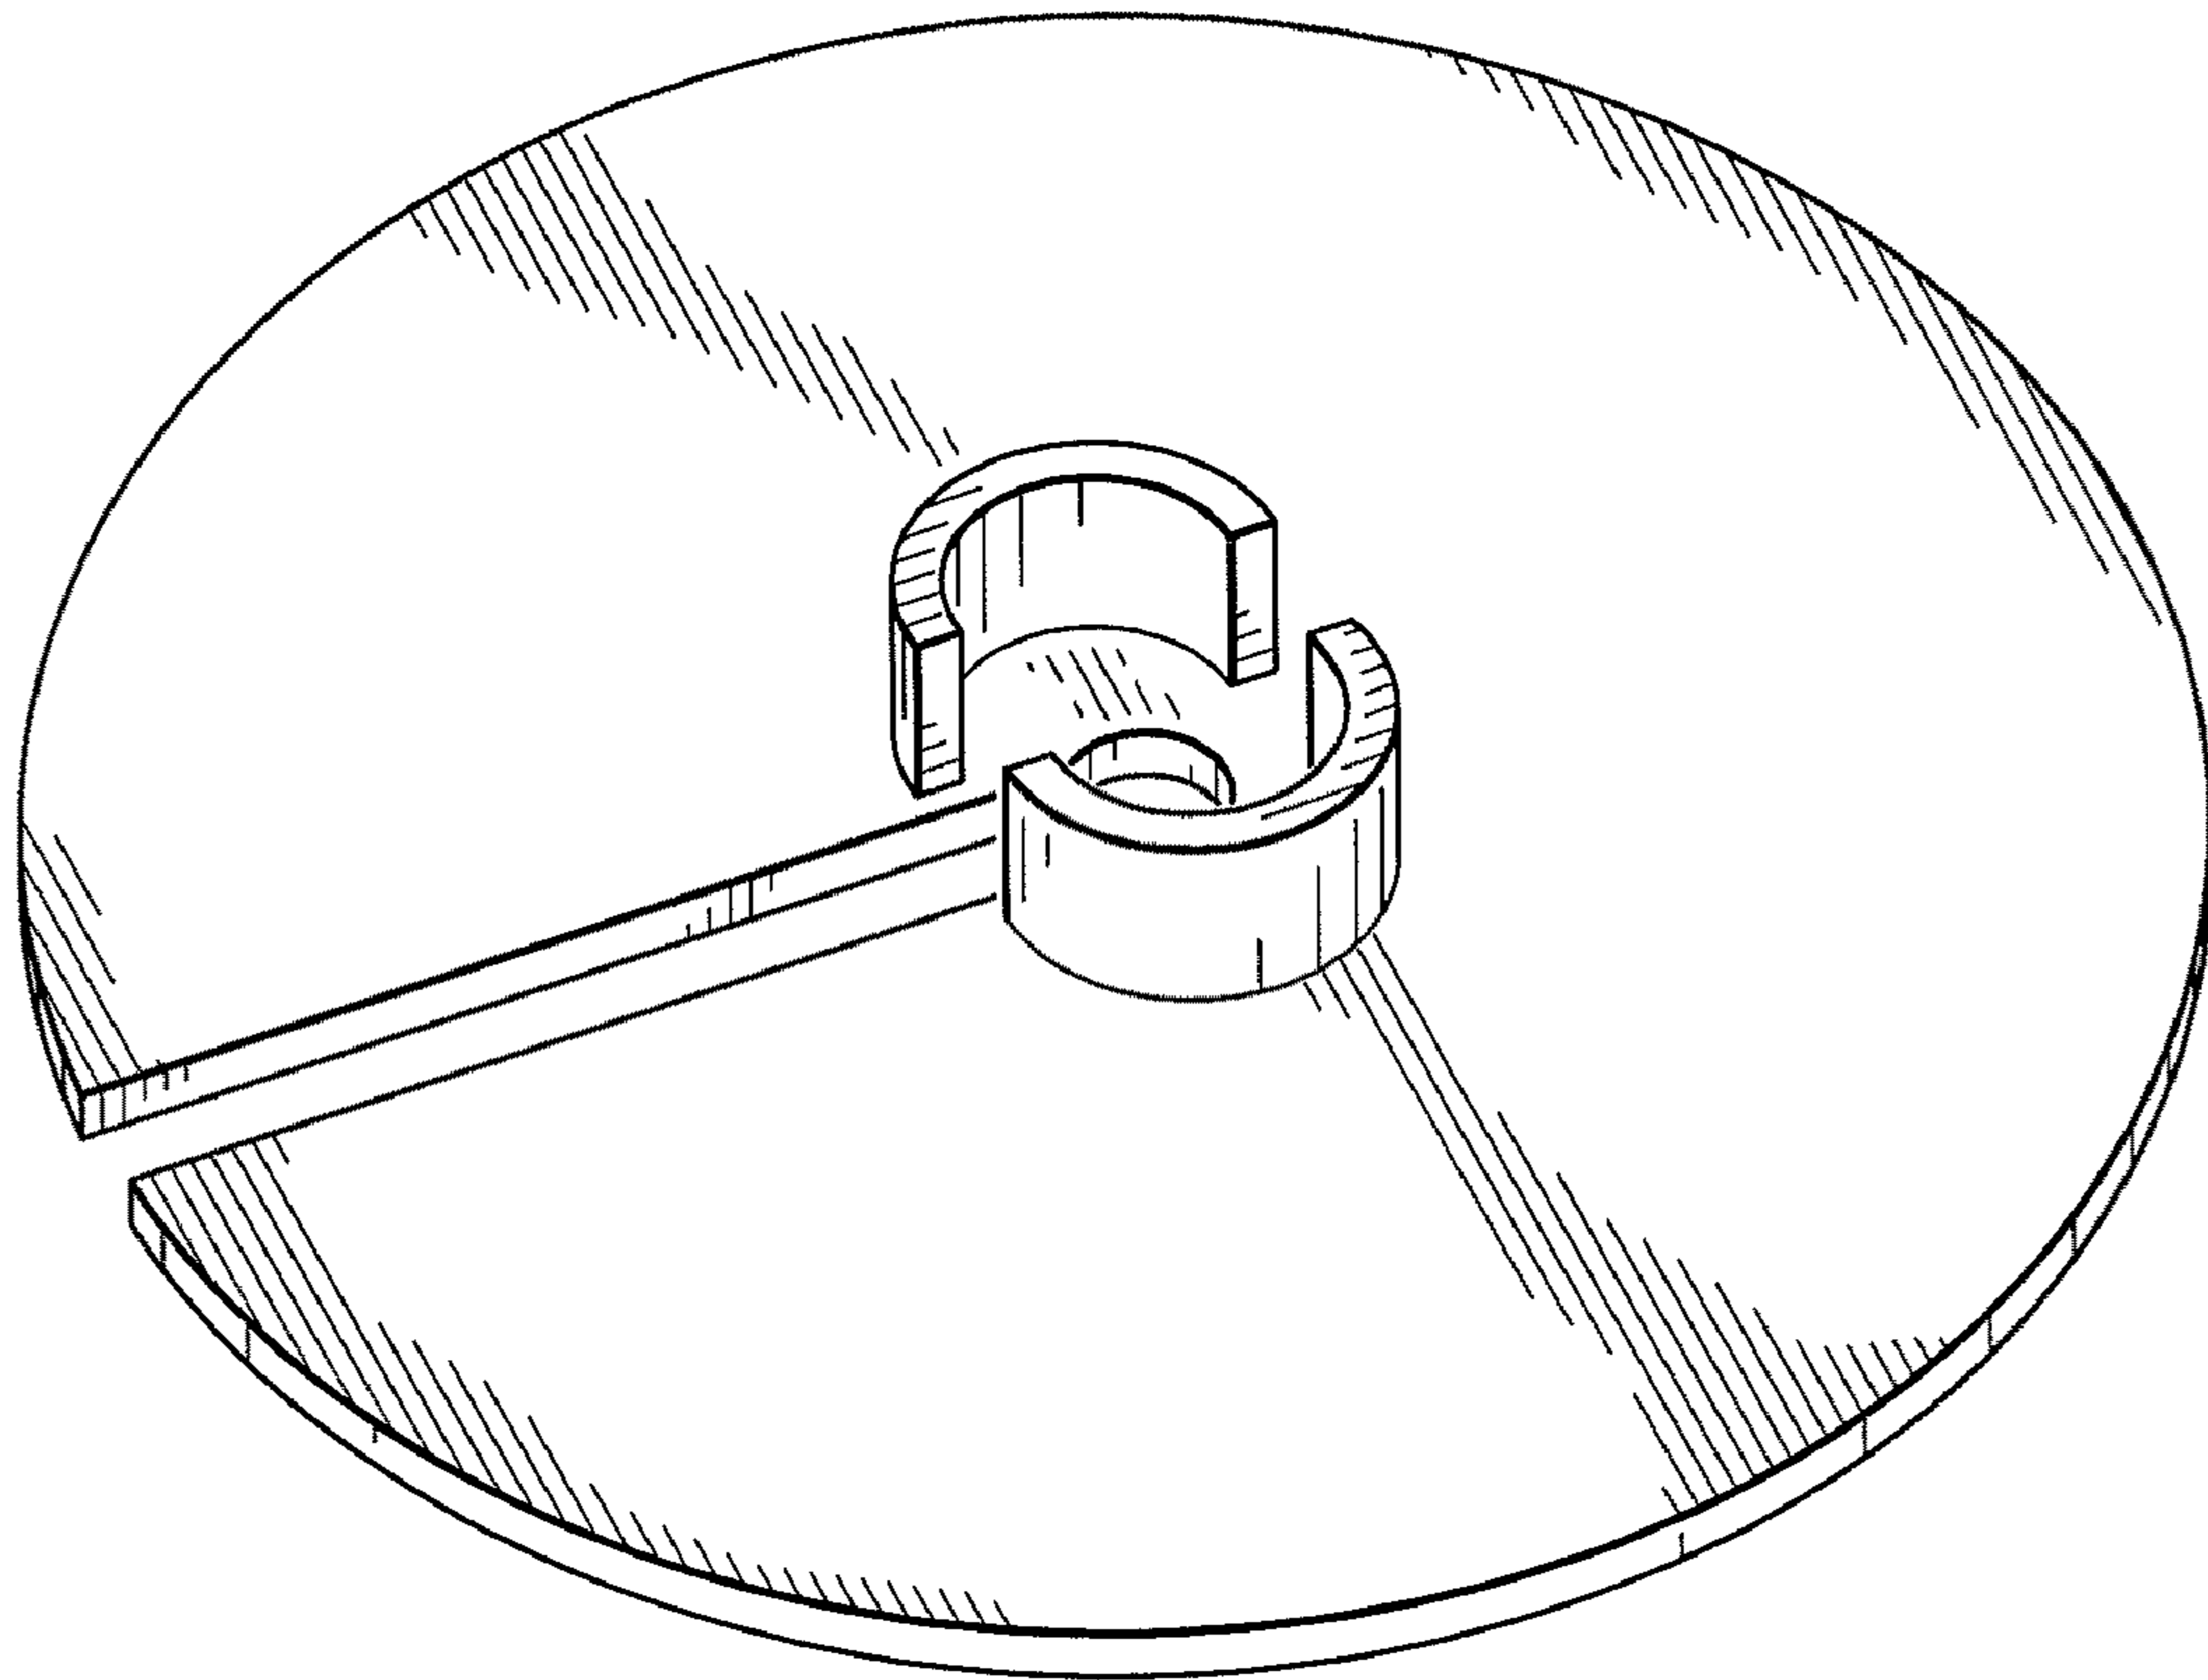

FIG. 4 is a side view of the fence wire twister of the invention taken from the opposite side of that shown in FIG. 2;

FIG. 5 is a top view of the fence wire twister of the invention; and,

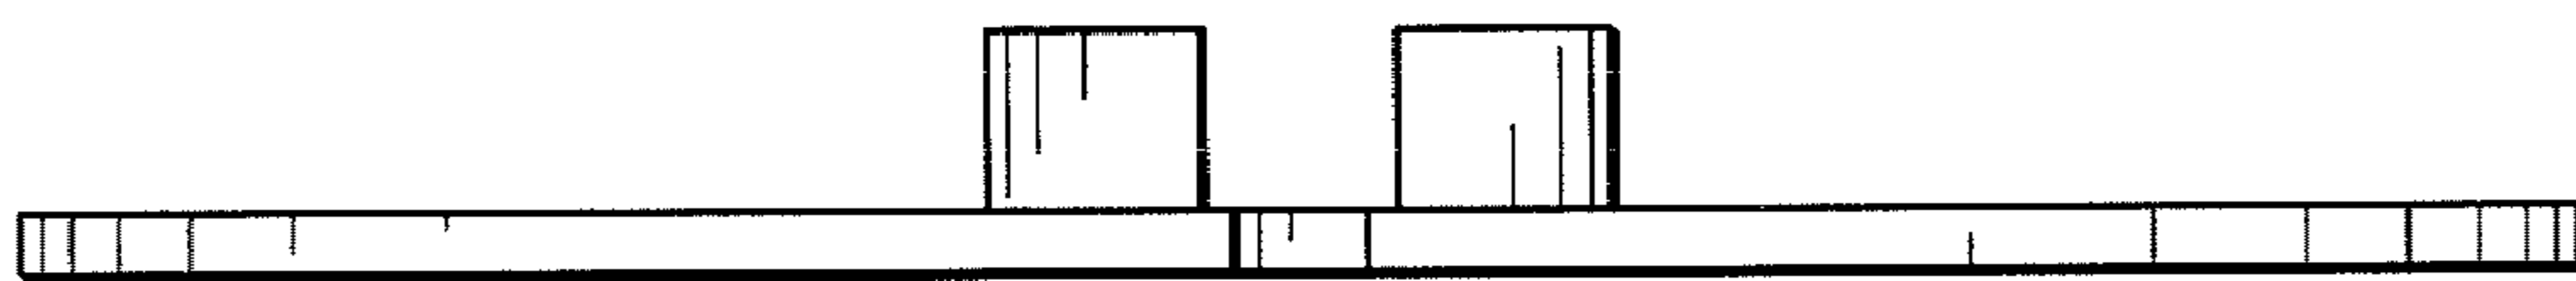

FIG. 6 is a bottom view of the fence wire twister of FIG. 5.
