(57) **CLAIM**

The ornamental design for an architectural panel with squared core design, as shown and described.

DESCRIPTION

FIG. 1 is a facing, perspective view of an embodiment of an architectural panel with squared core design, including a film or a printed layer applied to the back outer surface, as used in a partition structure;

FIG. 2 is a close-up perspective view thereof;

FIG. 3 is a left elevational view thereof;

FIG. 4 is a front elevational view thereof;

FIG. 5 is a right elevational view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a top plan view thereof;

FIG. 8 is a back elevational view thereof;

FIG. 9 is a close-up perspective view of another embodiment of an architectural panel with squared core design including a film or a printed layer applied to both the front and back outer surfaces;

FIG. 10 is left elevational view thereof;

FIG. 11 is a front elevational view thereof, the rear elevational view being a mirror image thereof;

FIG. 12 is a right elevational view thereof;

FIG. 13 is a bottom plan view thereof; and,

FIG. 14 is a top plan view thereof.

The broken lines showing environment in the drawings are included for illustrative purposes only and form no part of the claimed design. The outer broken line boundaries in Figures depicting the boundaries of the claimed design indicate that a specific length, width, and thickness form no part of the claimed design and are for illustrative purposes only.
