(57) **CLAIM**

The ornamental design for a light fixture, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a light fixture, the details in the front of the middle portion of the fixture and in side portions and base portions of support members being shown in phantom lines;

FIG. 2 is a side perspective view of the light fixture of FIG. 1;

FIG. 3 is a front elevation of the light fixture of FIG. 1;

FIG. 4 is a rear elevation of the light fixture of FIG. 1;

FIG. 5 is a right-side elevation of the light fixture of FIG. 1, the left-side elevation being a mirror image thereof;

FIG. 6 is an end plan view of the light fixture of FIG. 1;

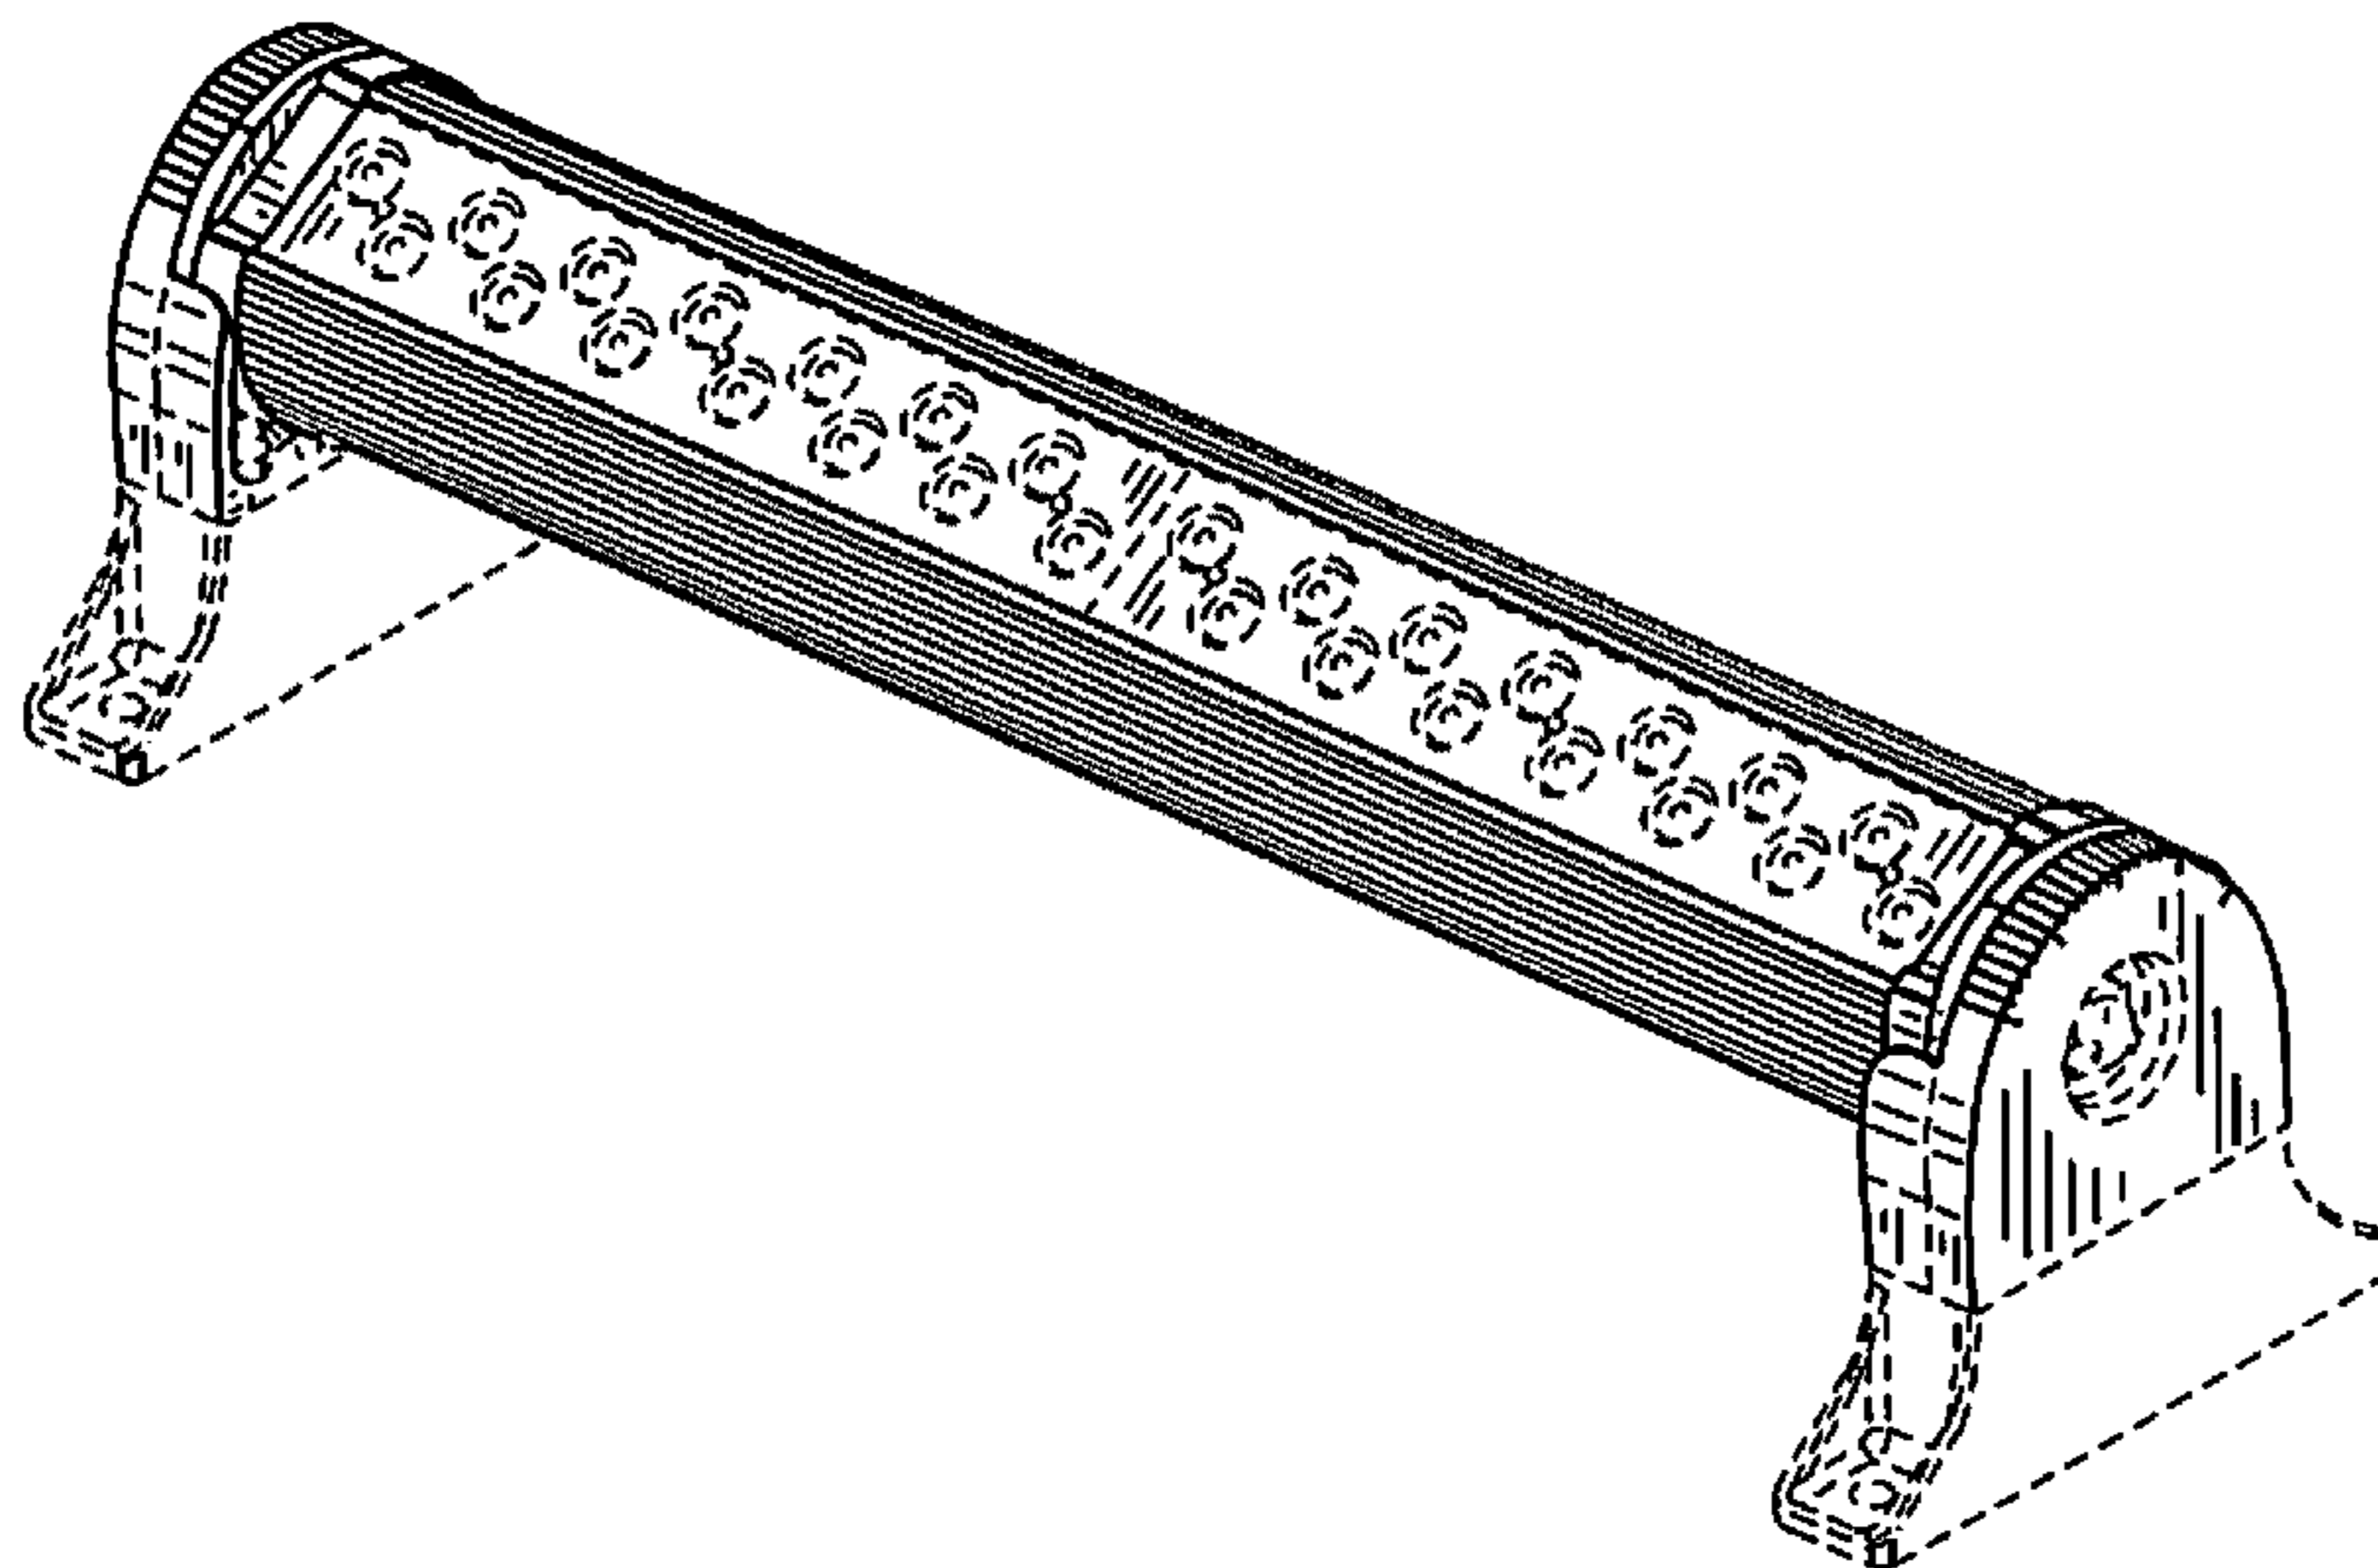

FIG. 7 is a front perspective view of the light fixture of a second embodiment of the design of FIG. 1, the only difference being in a greater length of the middle portion, the details in the front of the middle portion of the fixture and in side portions and base portions of support members being shown in phantom lines;

FIG. 8 is a front perspective view of the light fixture of a third embodiment of the design of FIG. 1, the only difference being in a shorter length of the middle portion, the details in the front of the middle portion of the fixture and in side portions and base portions of support members being shown in phantom lines; and,

FIG. 9 is a front perspective view of the light fixture of a fourth embodiment of the design of FIG. 1, the only difference being in extended feet of the support members, the details in the front of the middle portion of the fixture and in side portions and base portions of support members being shown in phantom lines.

The phantom lines are provided for illustrative purposes only and form no part of the claimed design.
