(57) **CLAIM**

The ornamental design for a mat system for charging an electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the mat portion of a mat system for charging an electronic device incorporating our new design, shown separate from the mat system for charging an electronic device for ease of illustration;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a left side elevational view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a top plan view thereof;

FIG. 7 is a bottom plan view thereof;

FIG. 8 is a perspective view of the tray portion of the mat system for charging an electronic device, shown separate from the mat system for charging an electronic device for ease of illustration;

FIG. 9 is a front elevational view of the tray illustrated in FIG. 8;

FIG. 10 is a rear elevational view thereof;

FIG. 11 is a left side elevational view thereof;

FIG. 12 is a right side elevational view thereof;

FIG. 13 is a top plan view thereof;

FIG. 14 is a bottom plan view thereof;

FIG. 15 is a perspective view of the mat system for charging an electronic device, showing two mats and the tray assembled in a first exemplary arrangement; and,

FIG. 16 is a perspective view of the mat system for charging an electronic device, showing two mats and the tray assembled in a second exemplary arrangement.

The ornamental design which is claimed is shown in solid lines in the drawings. Any broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.
