(57) **CLAIM**

The ornamental design for a spray head hanger, as shown and described.

DESCRIPTION

FIG. 1 is a left frontal perspective view of a preferred embodiment of our invention;

FIG. 2 is a right frontal perspective view thereof;

FIG. 3 is a front elevational view thereof, the rear elevational view thereof being a mirror image of the front view shown;

FIG. 4 is a left side elevational view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a top plan view thereof;

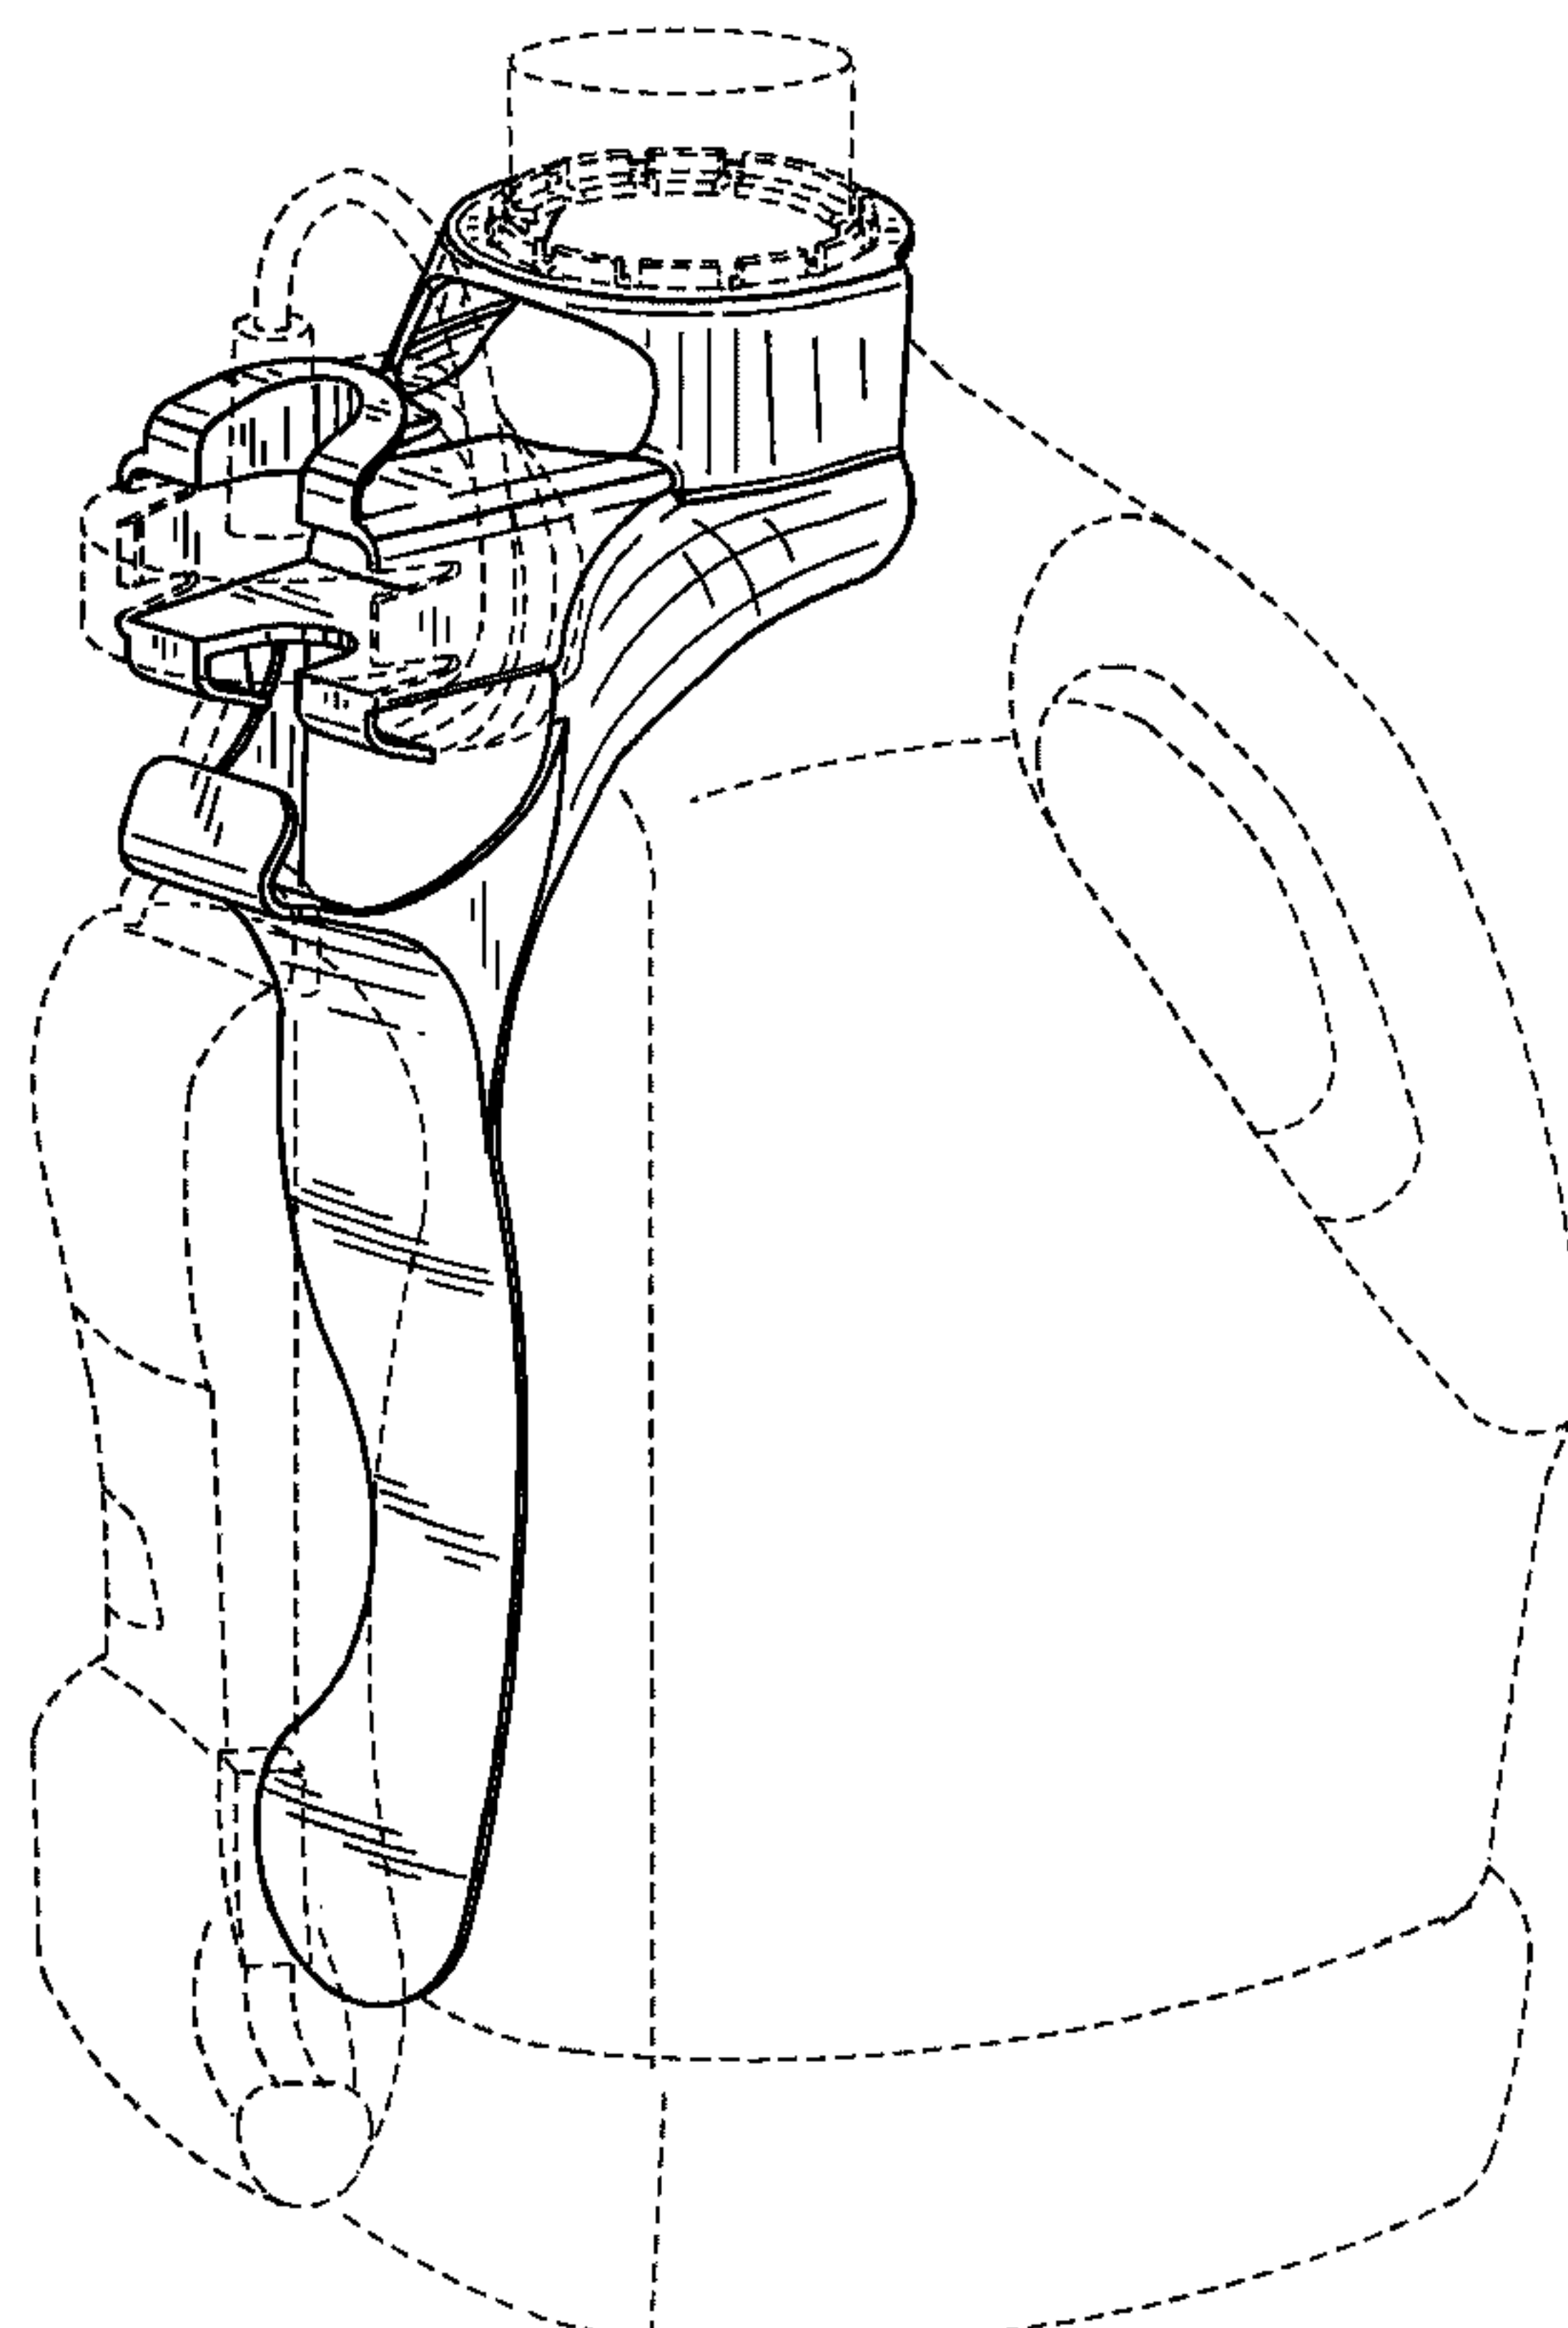

FIG. 7 is a bottom plan view thereof; and,

FIG. 8 is a front left perspective view thereof similar to FIG. 1, but showing the environment of a dispensing bottle, sprayer head and supply hose.

The fragmentary line representations of support structures in FIGS. 1-8, and of a bottle, a spray head, and an associated hose in FIG. 8, are for purposes of illustration only, and form no part of the claimed design.

In a preferred embodiment the spray head hanger is useful to mount a spray head to a bottle that dispenses chemicals such as insect control chemicals.
