(57) **CLAIM**

The ornamental design for a folding portable potty with double seat, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the folding portable potty with double seat;

FIG. 2 is a top plan view of the folding, portable potty with double seat;

FIG. 3 is a left side elevational view of the folding portable potty with double seat, the right side elevational view being a mirror image thereof;

FIG. 4 is a front elevational view of the folding portable potty with double seat, the back elevational view being a mirror image thereof;

FIG. 5 is a bottom plan view of the folding portable potty with double seat;

FIG. 6 is a perspective view of the folding portable potty with double seat in a first intermediate position having the double seat folded inwardly;

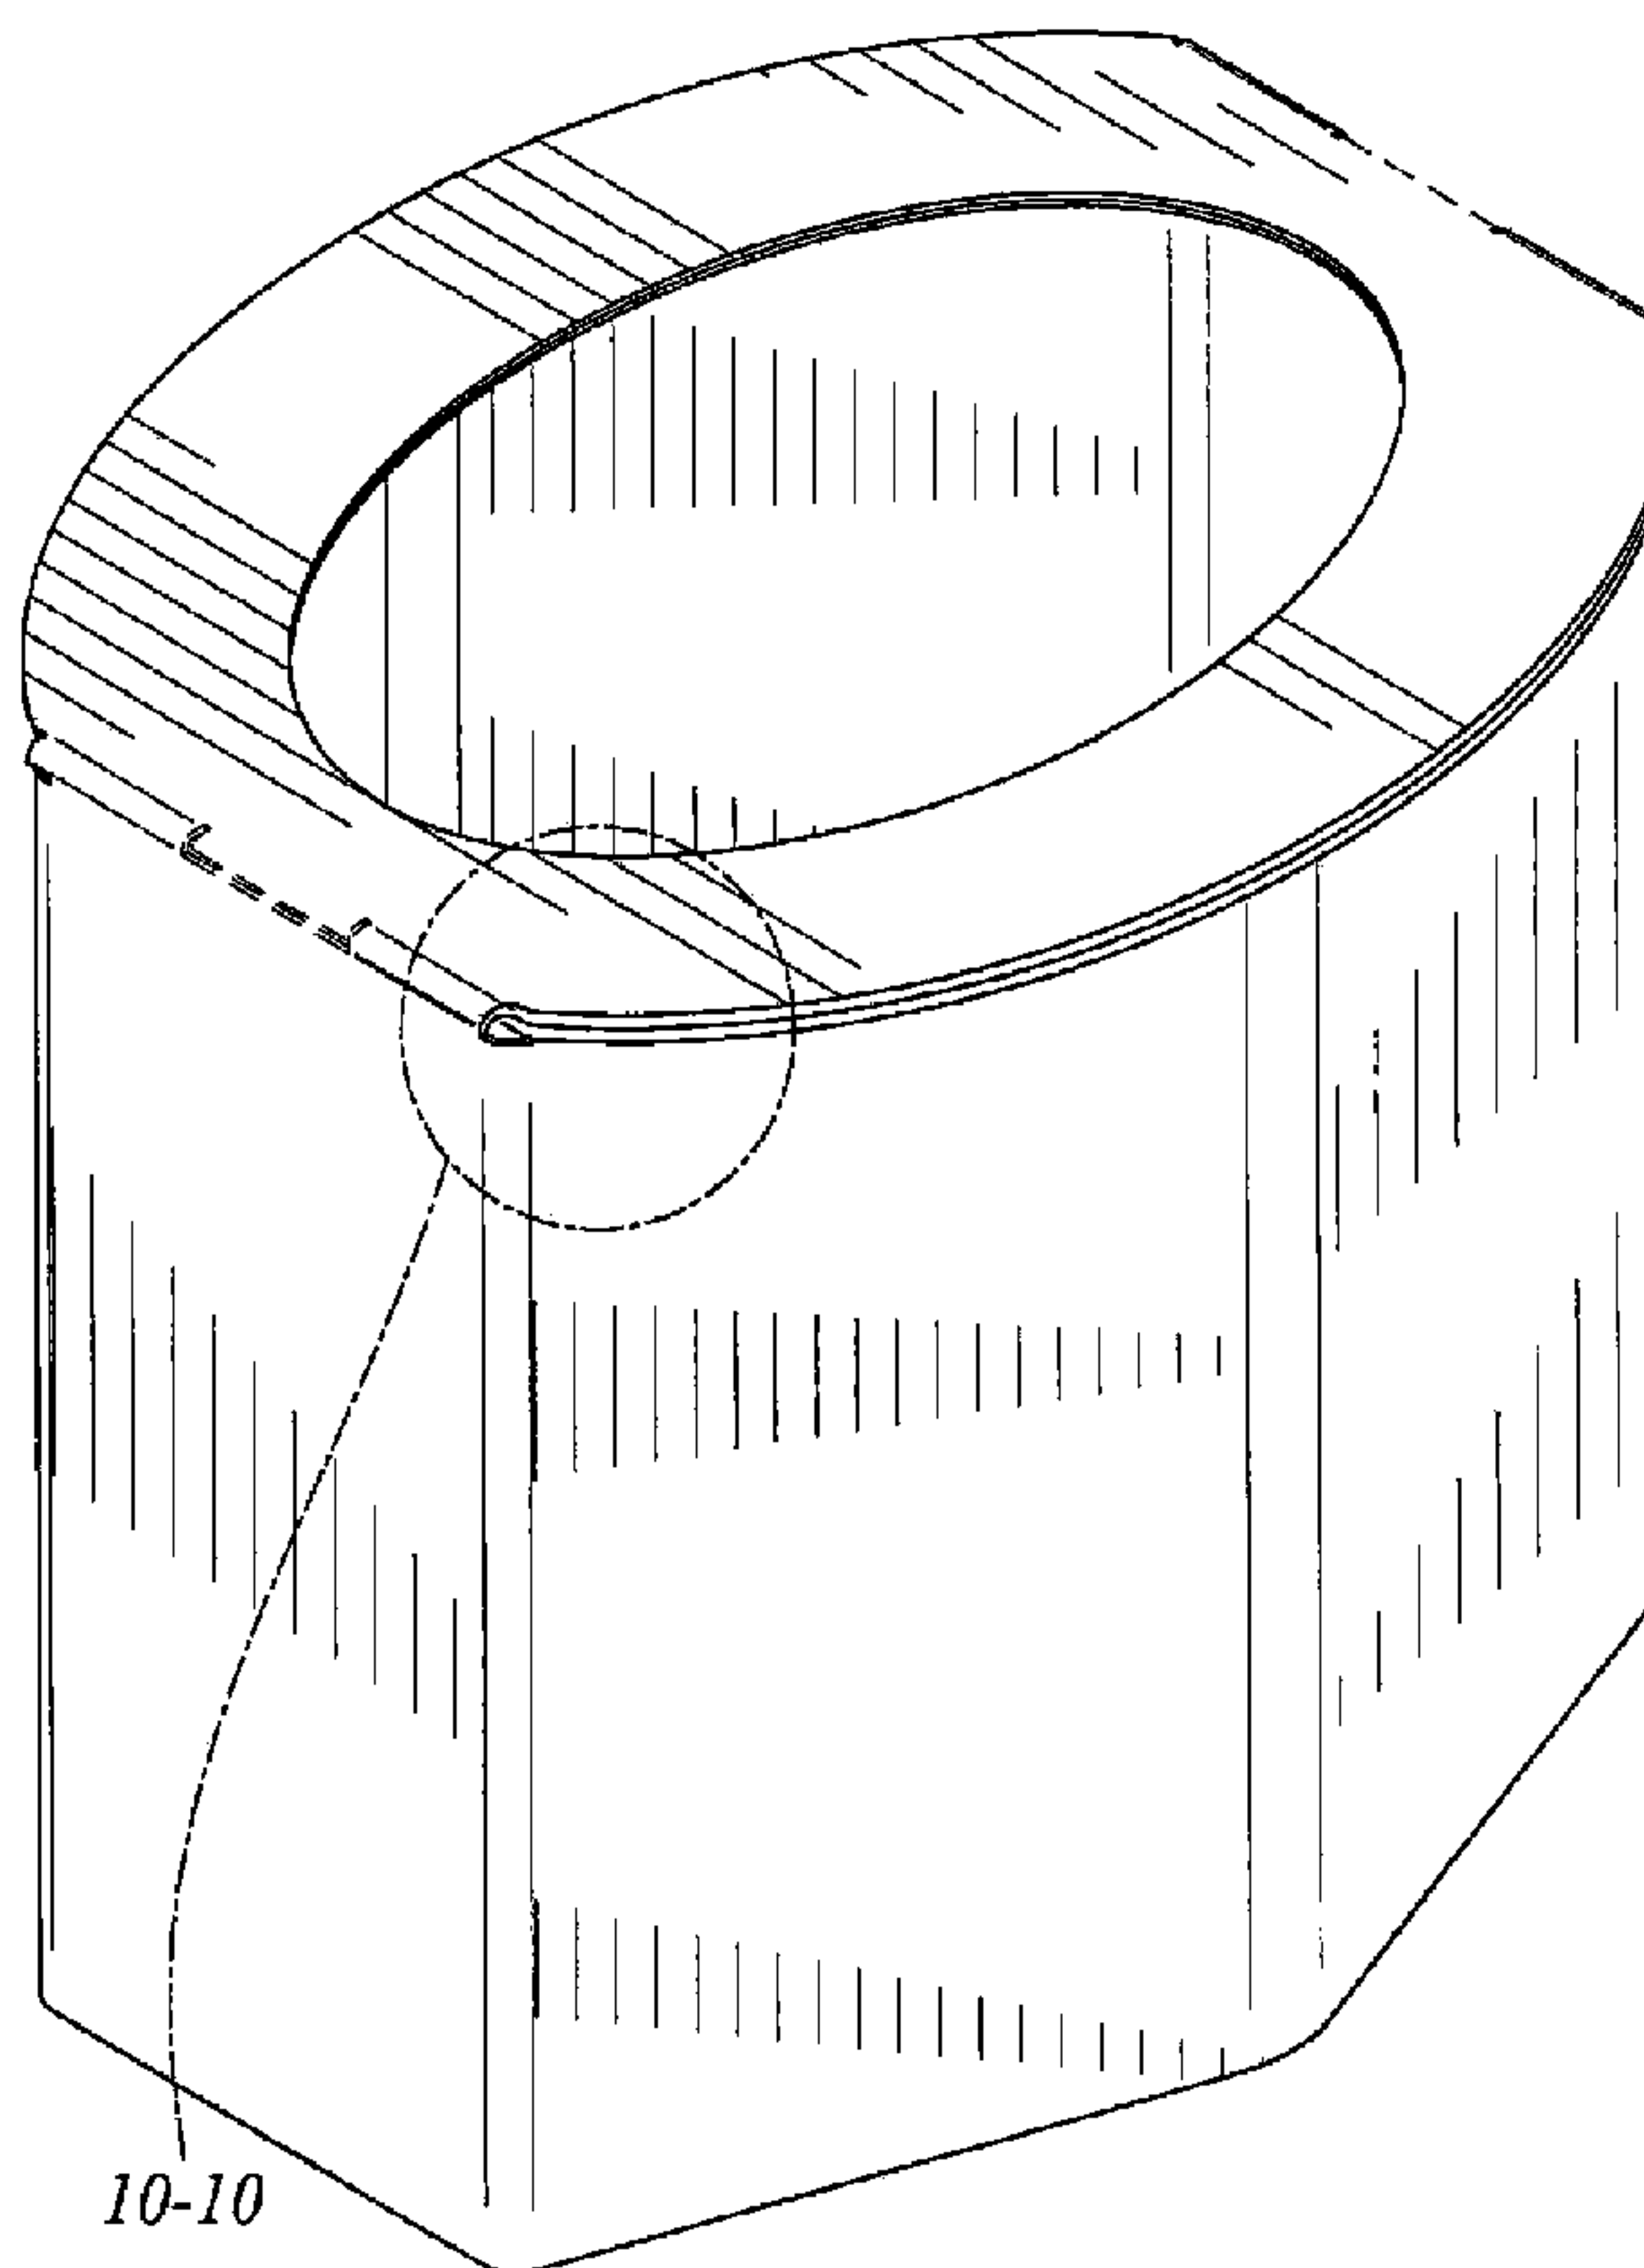

FIG. 7 is a perspective view of the folding portable potty with double seat in a second intermediate position;

FIG. 8 is a perspective view of the folding portable potty with double seat in a folded position; and,

FIG. 9 is a detail view of the section labeled 9—9 in FIG. 1, showing the two layers of the double seat.

The features shown in broken lines in the Figures form no part of the claimed design.
