(57) **CLAIM**

The ornamental design for a corner cap assembly, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a corner cap assembly showing the new design, shown attached to a box environment;
FIG. 2 is a perspective view of a single corner cap, shown separately and enlarged for completeness of illustration;
FIG. 3 is a further perspective view of the corner cap of FIG. 2;
FIG. 4 is a left top side view of the corner cap of FIG. 2, the right top side view of which is a mirror image thereof;
FIG. 5 is a first end view of the corner cap of FIG. 2; and,
FIG. 6 is a second end view of the corner cap of FIG. 2.
The broken lines shown in the drawings illustrate unclaimed portions of the corner cap assembly and environmental structure, and form no part of the claimed design.
