(57) **CLAIM**

The ornamental design for an inflatable packing material, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of an inflatable packing material, showing my new design in a non-inflated condition; FIG. 2 is a top plan view of the inflatable packing material of FIG. 1, the bottom being a mirror image of the top; FIG. 3 is a second isometric view of the inflatable packing material, shown in an alternate, inflated condition; FIG. 4 is an enlarged fragmentary view showing a portion of the inflatable packing material as indicated in FIG. 3; FIG. 5 is top plan view of the inflatable packing material of FIG. 3, the bottom being a mirror image of the top; FIG. 6 is an enlarged view showing the claimed solid line portions of the inflatable packing material shown in FIG. 5; FIG. 7 is a left side view showing the claimed solid line portions of the inflatable packing material of FIG. 3; FIG. 8 is a right side view showing the claimed solid line portions of the inflatable packing material of FIG. 3; FIG. 9 is a back view showing the claimed solid line portions of the inflatable packing material of FIG. 3; and, FIG. 10 is a back view of the claimed solid line portions of the inflatable packing material of FIG. 3. Any portions of the Figures shown in broken lines are not part of the claimed design but are for illustration only.
