(57) **CLAIM**

The ornamental design for a packaging container, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a packaging container in a filled state showing my new design, the back view being an identical image thereto;

FIG. 2 is a left side elevation view thereof, the right side elevation view being an identical image thereto;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a front view of the design in a first alternative environment, the back view being an identical image thereto;

FIG. 6 is a left side elevation view of the design in the first alternative environment shown in FIG. 5, the right side elevation view being an identical image thereto;

FIG. 7 is a top plan view of the design in the first alternative environment shown in FIG. 5;

FIG. 8 is a bottom plan view of the design in the first alternative environment shown in FIG. 5;

FIG. 9 is a front view of the design in a second alternative environment, the back view being an identical image thereto;

FIG. 10 is a left side elevation view of the design in the second alternative environment shown in FIG. 9, the right side elevation view being an identical image thereto;

FIG. 11 is a top plan view of the design in the second alternative environment shown in FIG. 9;

FIG. 12 is a bottom plan view of the design in the second alternative environment shown in FIG. 9;

FIG. 13 is a front view of the design in a third alternative environment, the back view being an identical image thereto;

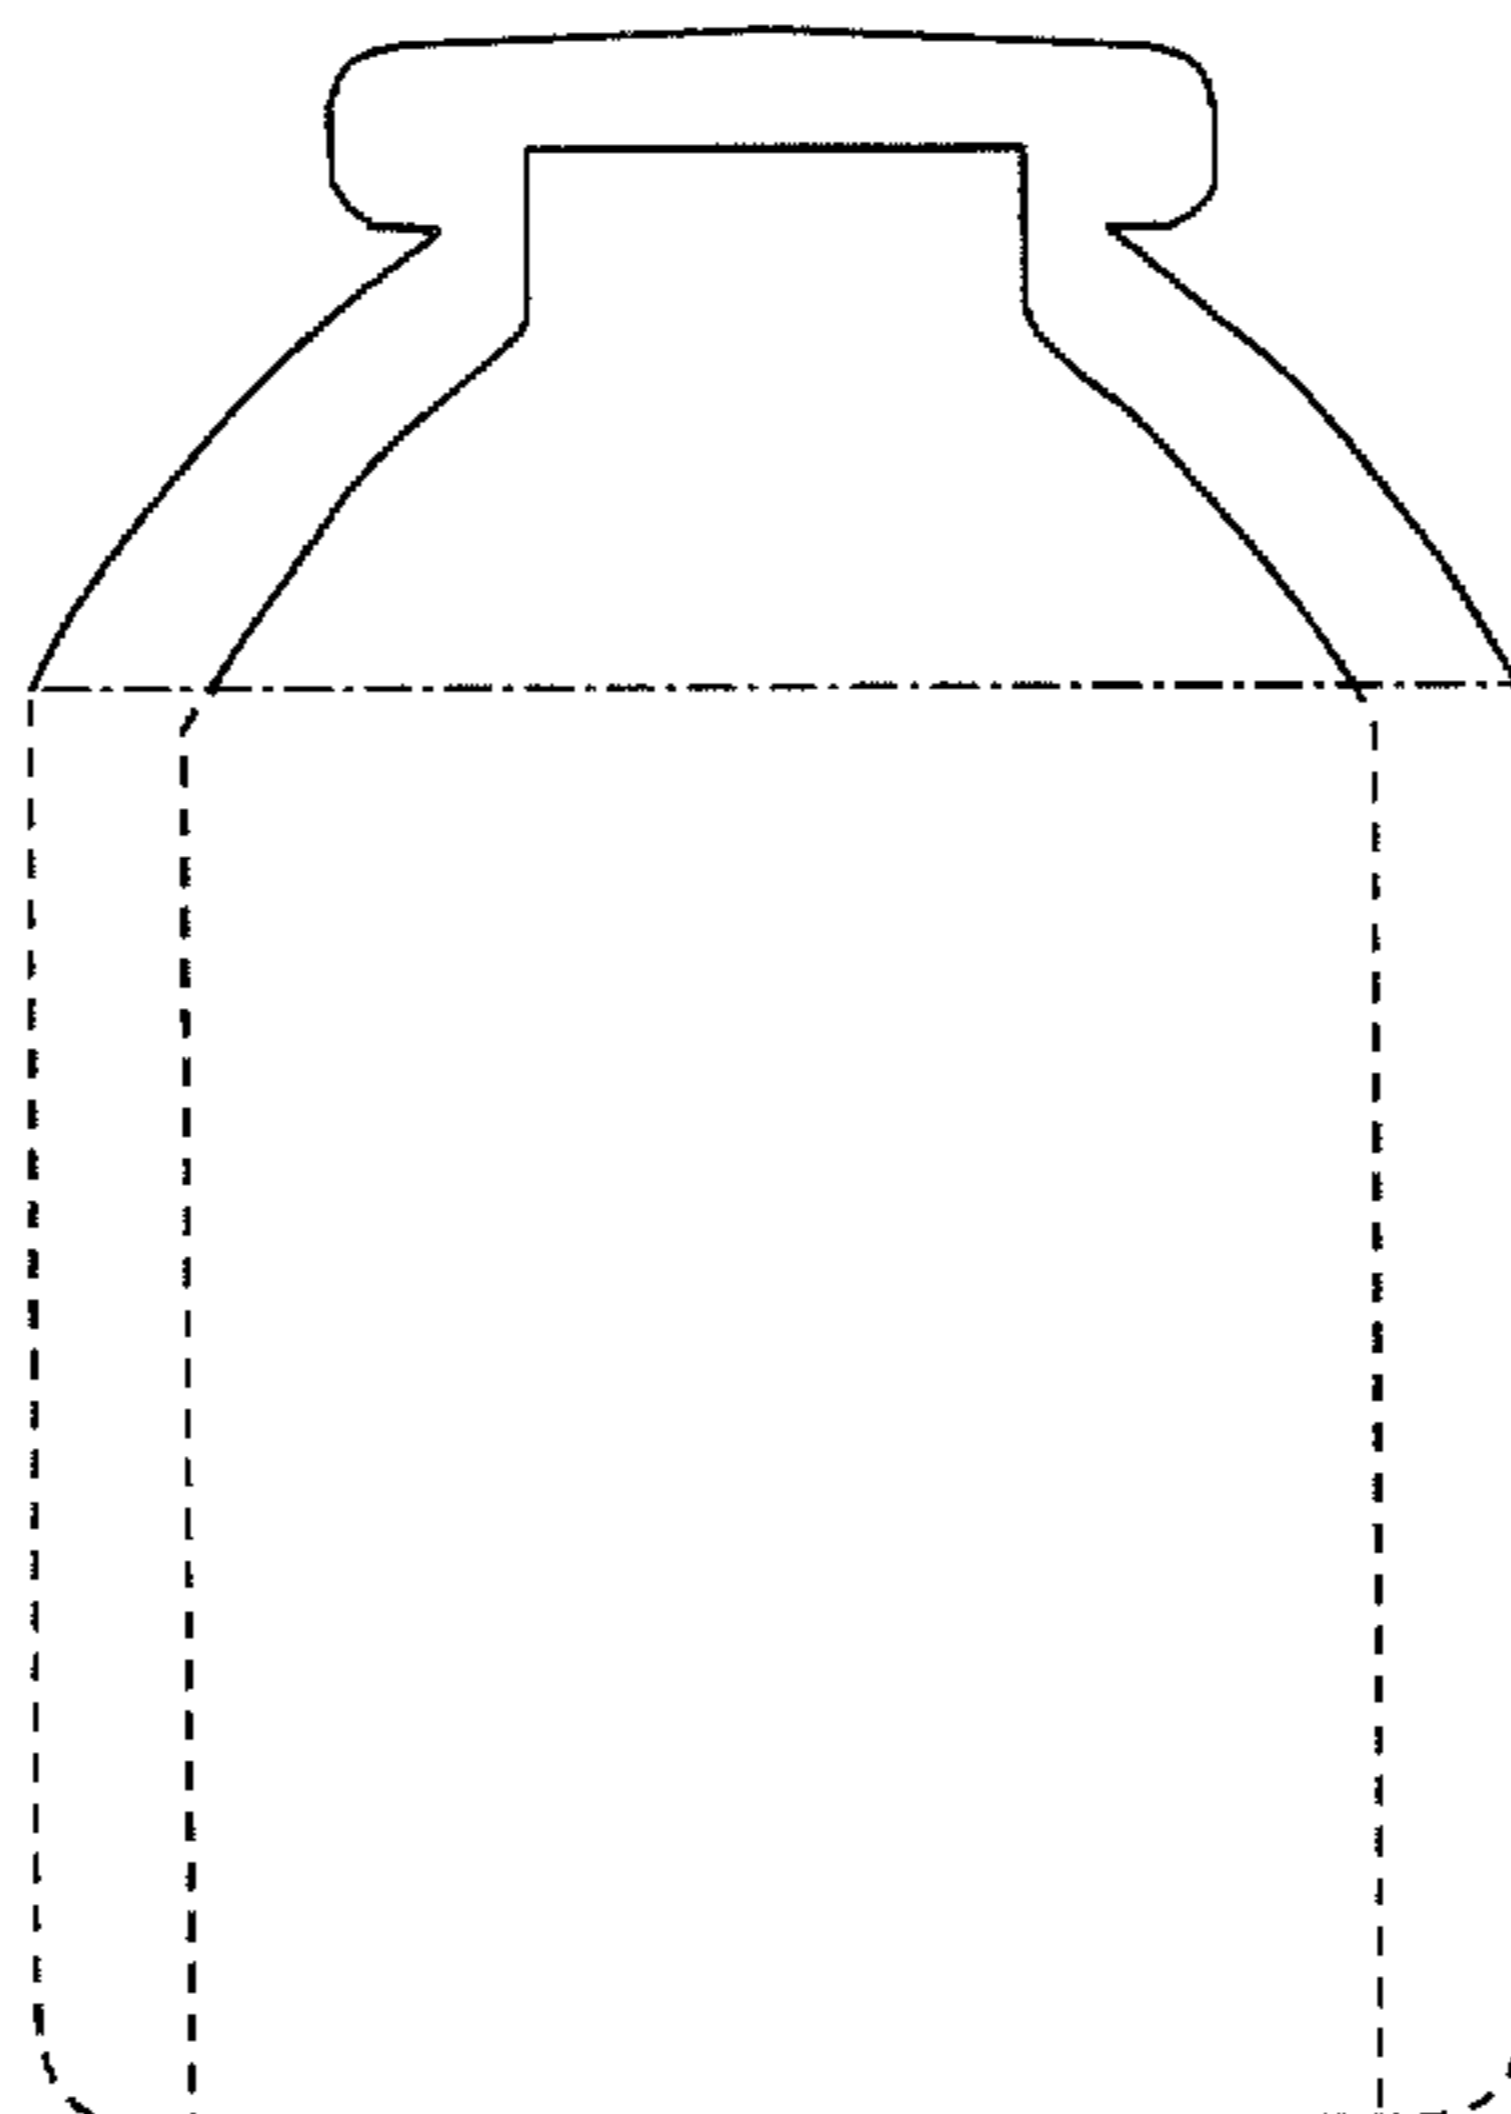

FIG. 14 is a left side elevation view of the design in the third alternative environment shown in FIG. 13, the right side elevation view being an identical image thereto;

FIG. 15 is a top plan view of the design in the third alternative environment shown in FIG. 13; and,

FIG. 16 is a bottom plan view of the design in the third alternative environment shown in FIG. 13.

The broken lines in the drawings depict environmental subject matter only and form no part of the claimed design. The dot-dashed lines denote the boundary of the claim, and form no part of the claimed design.
