(57) **CLAIM**

The ornamental design for a medical instrument, as shown  
and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a medical instrument showing  
our new design in the cauterizer hook environment;  
FIG. 2 is a right side elevational view showing our new design  
in the cauterizer hook environment;  
FIG. 3 is a left side elevational view showing our new design  
in the cauterizer hook environment;  
FIG. 4 is a top plan view showing our new design in the  
cauterizer hook environment;  
FIG. 5 is a bottom plan view showing our new design in the  
cauterizer hook environment;  
FIG. 6 is a front elevational view showing our new design in  
the cauterizer hook environment; and,  
FIG. 7 is a rear elevational view showing our new design in  
the cauterizer hook environment.

The broken lines immediately adjacent the claimed areas  
represent the bounds of the claimed design while all other  
broken lines are directed to environment and are for illustra-  
tive purposes only; the broken lines form no part of the  
claimed design.
