(57) **CLAIM**

The ornamental design for a cable management bracket for a networking module, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a cable management bracket for a networking module shown in an environment of use.

FIG. 2 is a top perspective view of a cable management bracket of the networking module;

FIG. 3 is a front view of the cable management bracket of the networking module;

FIG. 4 is a back view of the cable management bracket of the networking module;

FIG. 5 is a side view of the cable management bracket of the networking module;

FIG. 6 is another side view of the cable management bracket of the networking module;

FIG. 7 is a top view of the cable management bracket of the networking module; and,

FIG. 8 is a bottom view of the cable management bracket of the networking module.

The broken lines represent a portion of the structure that forms no part of the claim.
