FIG. 1 is a top surface view of my template design showing both solid and dashed lines associated with placement marks and instructive lettering and numbers in whole and fractional symbols for the process of precisely cutting pieces of quilting fabric and wherein the solid and dashed lines are measuring and visual guides. The dashed lines are not for illustrative purposes, but rather indicate stitching in different size squares as a visual aid for a quilter using my template invention; FIG. 2 is a right side edge view of my template design, with the left side edge view being the same; FIG. 3 is a bottom edge view with the top edge view being the same; and, FIG. 4 is a bottom surface view of my quilt template design showing the top surface guidance numbers and lettering in reverse when viewed through the clear acrylic. Otherwise the bottom view is flat and unornamented.
