152/209.25

DESCRIPTION

See application file for complete search history.

FIG. 1 is a front elevational view of a pneumatic tire tread
showing my new design, it being understood that the tread
pattern repeats circumferentially throughout the outer cir-
cumference;

FIG. 2 is a front perspective view of one side of the pneumatic
tire tread shown in FIG. 1; and,

FIG. 3 is a side elevational view of one side of the pneumatic
tire tread shown in FIG. 1, the opposite side being of identical
appearance.

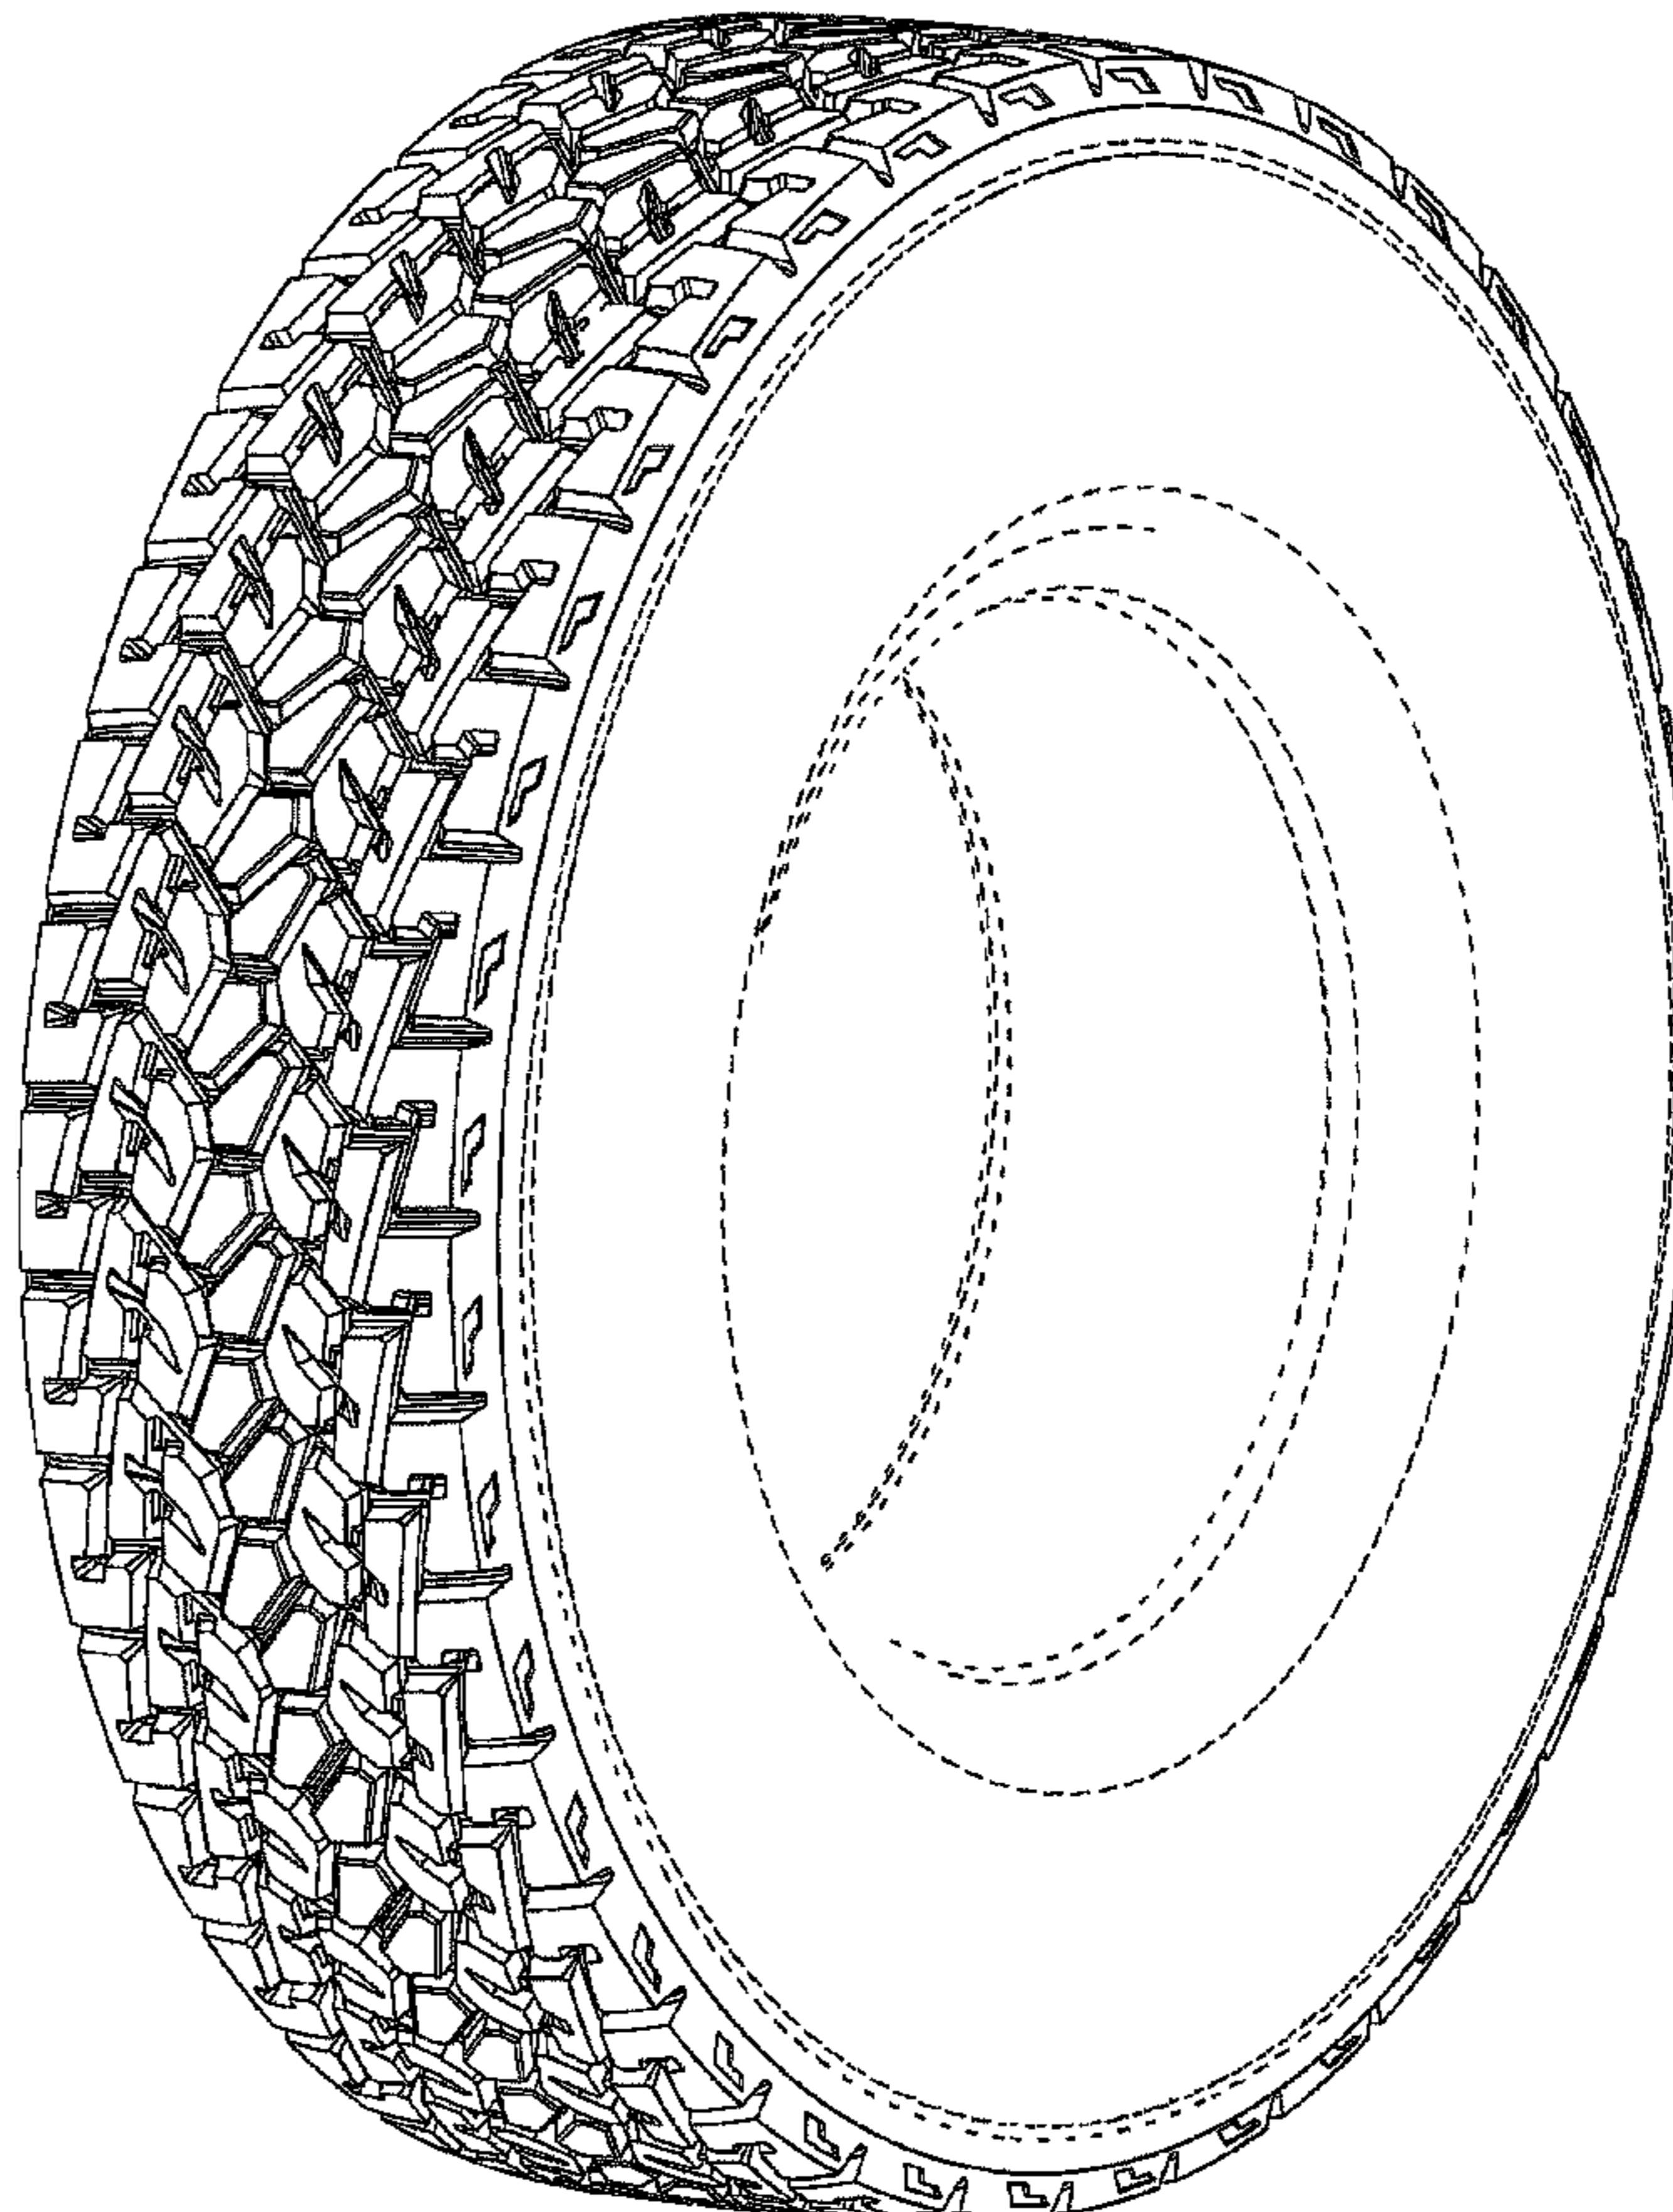

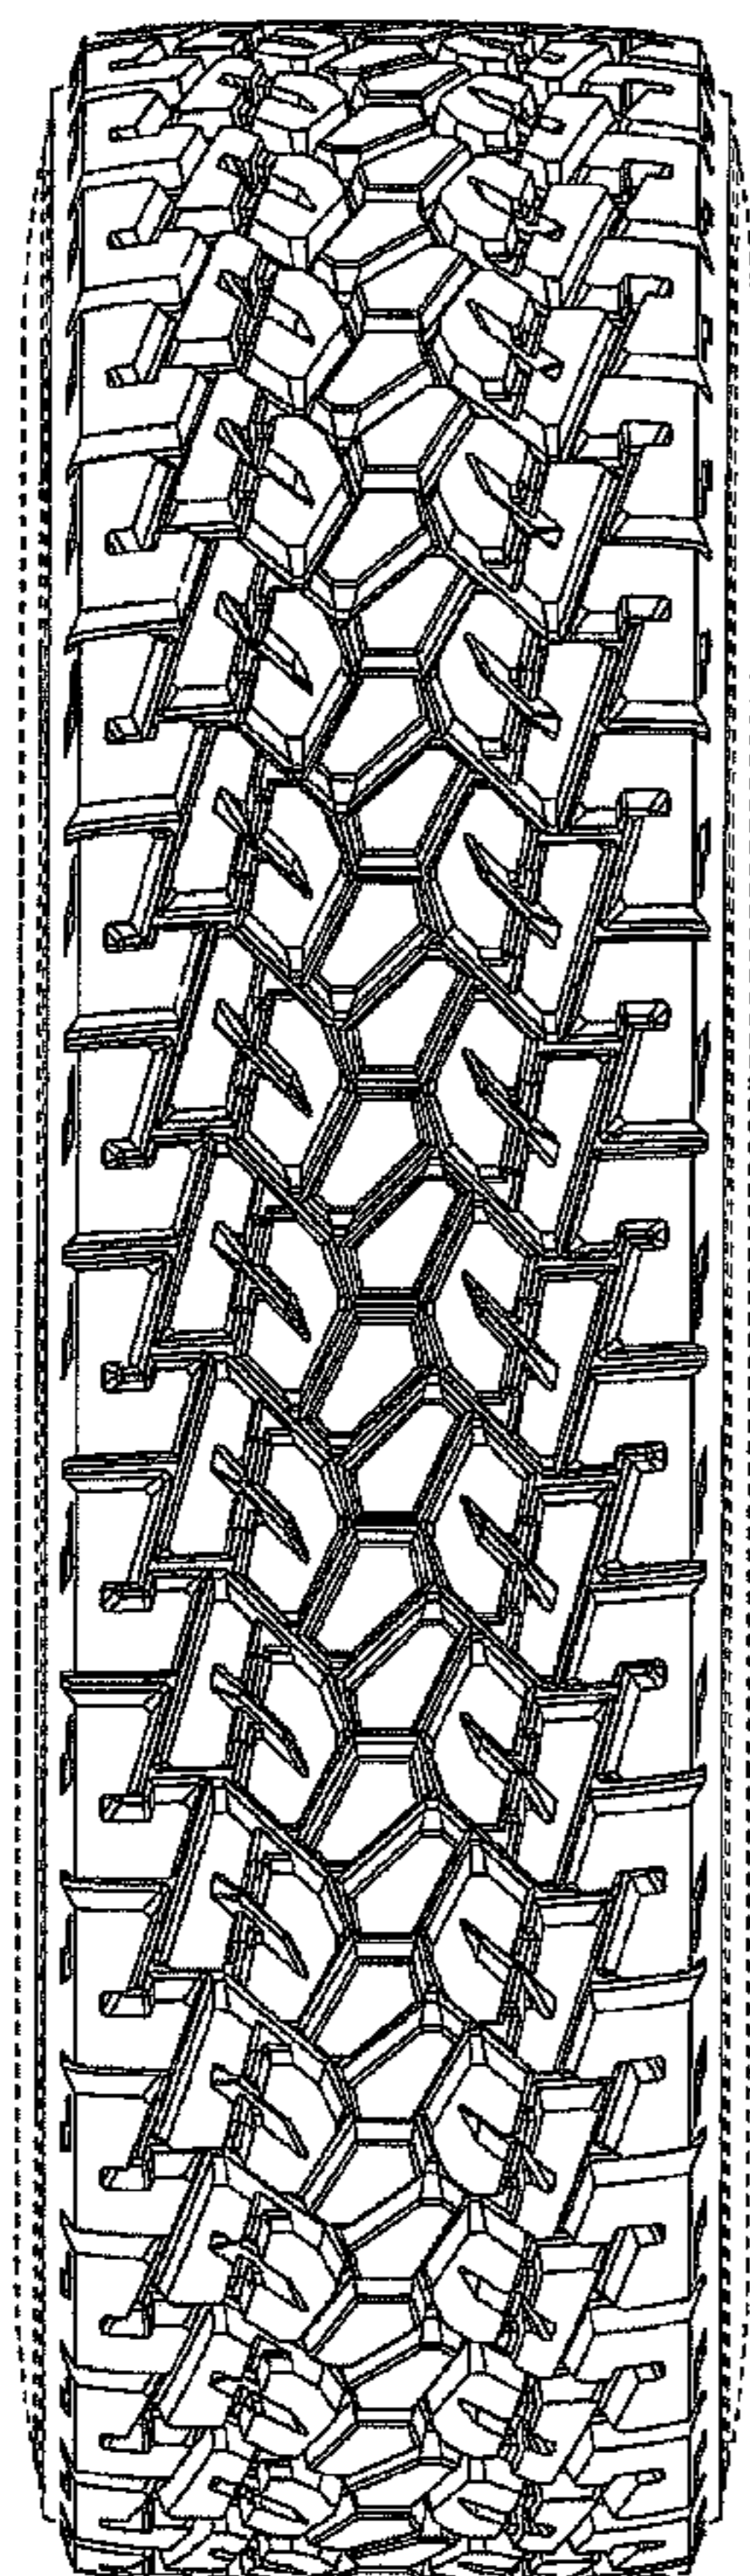

The broken lines in the drawings depict environmental sub-
ject matter only and form no part of the claimed design.
