(57) **CLAIM**
 The ornamental design for an air intake filter connector for a vehicle snorkel, as shown and described.

DESCRIPTION
 FIG. 1 is a front left perspective view of the air intake filter connector for a vehicle snorkel of the present invention. FIG. 2 is a rear left perspective view of the present invention. FIG. 3 is a top plan view of the present invention. FIG. 4 is a bottom plan view of the present invention. FIG. 5 is a front elevational view of the present invention. FIG. 6 is a rear elevational view of the present invention. FIG. 7 is a left side elevational view of the present invention; and, FIG. 8 is a right side elevational view of the present invention. The broken lines showing environmental structure are for illustrative purposes only and form no part of the claimed design.
