(57) **CLAIM**

The ornamental design for a medical device holster, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of a medical device holster in an unfolded configuration, showing our new design; FIG. 2 is a perspective view of a distal end of a first side of the medical device holster in a folded configuration; FIG. 3 is a perspective view of a proximal end of the first side of the medical device holster in the folded configuration; FIG. 4 is a perspective view of a distal end of a second side of the medical device holster in the folded configuration; and, FIG. 5 is a perspective view of a proximal end of the second first side of the medical device holster in the folded configuration.

The broken line showing is included for the purpose of illustrating environment and forms no part of the claimed design.
