FIG. 1 is a top perspective view of a full aperture open
beverage can according to our design;
FIG. 2 is a side view thereof, with all sides being identical.
FIG. 3 is a top plan view thereof;
FIG. 4 is bottom plan view thereof; and,
FIG. 5 is a cross sectional view of a portion of the full aperture
open beverage can shown taken at arrow 5 in FIG. 3, the view
of FIG. 5 is provided for ornamental information and detail
helpful in interpreting other views.

Any broken line portion of the drawings is included to show
environmental subject matter only and forms no part of the
claimed design.

In a preferred embodiment, the nature of this product is a
beverage can having an aperture on its end from which a user
can drink.
