(57) **CLAIM**

The ornamental design for cuffs, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view in a closed position of the embodiment of the cuffs design of the present invention, wherein the perforations circumventing the cuff are claimed, wherein the securing tabs have been extended through the slots, and folded back for closure of the cuff; and, FIG. 2 is a perspective view of the cuffs design of FIG. 1 in an open position, wherein the securing tabs are distal the slots, in a position prior to closure of the cuff.
