(57) **CLAIM**  
The ornamental design for a glass bead fishing tackle, as shown and described.

## DESCRIPTION

FIG. 1 is a rear upper perspective view of one embodiment of a glass bead fishing tackle with a fish hook and eyes;  
FIG. 2 is a front upper perspective view thereof;  
FIG. 3 is a right side view thereof, the left side view being a mirror image of the left side;  
FIG. 4 is a bottom view thereof;  
FIG. 5 is a top view thereof;  
FIG. 6 is a front view thereof;  
FIG. 7 is a rear view thereof;  
FIG. 8 is a rear upper perspective view of a second embodiment of a glass bead fishing tackle with a fish hook and eyes, the other views of the second embodiment are similar to FIGS. 3-7 except that the body has a circular profile instead of an oblong profile;  
FIG. 9 is a front upper perspective view of the fishing tackle of FIG. 8;  
FIG. 10 is a front upper perspective view of a third embodiment of a glass bead fishing tackle having a through-tube;  
FIG. 11 is a top view of the fishing tackle of FIG. 10, the bottom view being a mirror image of the top;  
FIG. 12 is a right side view of the fishing tackle of FIG. 10, the left side view being a mirror image of the left side;  
FIG. 13 is a front view of the fishing tackle of FIG. 10, the rear view being a mirror image of the front;  
FIG. 14 is a front upper perspective view of the fishing tackle with a pair of eyelets;  
FIG. 15 is a front upper perspective view of the fishing tackle with a transverse eyelet; and,  
FIG. 16 is a front upper perspective view of the fishing tackle with a transverse hook and eyes.

The broken lines and the diamond-shaped patterns are for illustrative purposes only and form no part of the claimed design.
